CARD OF THANKS.

We wish to publicly express our appreciation of the fine work rendered by the Marshfield Fire Department Saturday night. Had it not been for the prompt response and efficient work, the conflagration would not only have endangered our place but also the Thorwald home and perhaps other places.

BORN

HALL.—To Mr. and Mrs. Charles Hall, 543 Ingersoll avenue, February 1, 1915, a boy, the third child. Both mother and son are doing well and the father smiles as he declares the youngster is the telephone company's new vice president.

Another Gets Drunk.—Bert Peterson lomed up in the city jail yesterday morning, put in there the night before because of his intoxicated attitude on the street. He was fined a dollar and allowed to depart, minus the rejoicing.

Rosa at Salem.—In telling of the visitors at the Legislature, a Portland paper says: "Colonel R. H. Rosa, of Bandon, a member of the Legislature of 1876, who has a warm spot in his heart for the interests of military veterans."

Hear Assessment Case.—Judge Coke today heard the case of Tom Barry versus the City of Marshfield in which the plaintiff avers there was an irregularity in the assessment proceedings regarding his property on Eighth street. He seeks to invalidate the assessment.

Tax List Bill Lost.—Word was received here this morning by C. I. Reigard from Senator Smith stating that his bill repealing the law providing for the publication of delinquent tax lists has received an adverse report. He brought in a minority report and fought strenuously for the bill, which was defeated by a 15 to 15 vote.

To Fill Area.—There is a movement on foot to try and arrange to have the dredge Seattle before it is taken away from the Bay to fill the lowlands of Mill Slough west of Tenth street and in the north arm far enough back so that there will be no further trouble from freshets. The plan is to have the property owners, city and port commission cooperate in the project.

Inspectors Grant Licenses.—Steamboat Inspectors Edwards and Fuller will arrive on the George W. Elder from Portland and will hold an inquiry in the office of Harry J. Kimball, local customs office, into the collision of the Michie and the A. M. Simpson last spring. At the same time licenses will be granted to local boatmen, thus saving them a trip to Portland.

May Make Sale.—It was rumored today that H. W. Painter has received an offer from a Chicago capitalist of \$17,500 for two 25-foot lots at the corner of Curtis and Broadway. At the present time Mr. Painter is considering the offer and has not yet made up his mind. He purchased this tract, half of which belongs to his mother, several years ago and has contemplated putting up a building at that corner.

Attach Company.—Saturday night Sheriff Johnson served notice on A. H. Powers of the attachment of some cars and other machinery belonging to Willett & Burr, the former contractors of the Smith-Powers line beyond Myrtle Point, on a claim that Dan Barkelov has against them for board and supplies. Willett & Burr gave up the contract, but left some of their machinery for A. H. Powers, who completed the road.

Catholic Church at Florence.—Rev. Father McDevitt left at 4 o'clock this morning on the stage for Florence, where he goes to aid in securing a lot for the building of a Catholic church there. He will be gone several days, remaining over in Gardiner for services next Sunday. A new Catholic church has been founded in Coquille, the contract for a building is already let and the structure will be started at once.

Pastor's Watch Stolen.—Rev. Robert E. Browning reported to the Police Department yesterday afternoon the theft of a gold watch which was taken from the Rectory the latter part of the week. To the watch, which belonged to his father, was attached a gold chain with a cross, the gifts to him on his ordination to the priesthood, and were therefore highly prized. No trace has as yet been reported of the one who stole them.

Alfred Johnson's Case.—Sheriff Alfred Johnson, while here yesterday, received a telegram stating that there was little change in the condition of his father, Alfred Johnson, Sr., at San Rafael. The other children had all reached his bedside and the father was anxious to see Alfred, Jr. Sheriff Johnson, although tied down by a number of matters, hoped to be able to get away in a day or two to see his parent, whom the physicians say cannot long survive.

Farewell Gathering.—To bid Rev. Samuel Gregg and his daughter Marie farewell before they leave to take up their state evangelistic work with the Christian Church, a farewell party will be tendered them this evening in the church. C. A. Sehlbrede will give an address on behalf of the church, Judge Hall will represent the Odd Fellows and Mel G. Duncan the Moose lodge, of both of which lodges Rev. Gregg is a member. An informal musical program has also been provided.

Council to Meet.—The first meeting of the City Council in two weeks will be held this evening. It is not probable that the water question can be brought up for discussion because of the fact that J. W. Bennett, of the Coos Bay Water Company, has been absent in Portland and Salem since the last meeting, hence the fire

and water committee has had no chance to meet with him and secure figures regarding the price of the concern, this to serve as a basis for further consideration of the municipal ownership of water.

Opens Hotel.—R. B. Barnes today took possession of the Dotson Hotel at Second and Curtis and plans to make it one of the best hotels in this section. Mr. Barnes has resided at Bay City the past few years.

Ill Here.—George Watson of Castle Rock, Wash., is reported ill at the home of a Mr. Cronkhite in this city. A lodge at Castle Rock has requested J. B. Sneddon to aid in caring for Mr. Watson, but Mr. Sneddon has been unable to locate the Cronkhite home.

Cafe Sales.—F. E. Peterson took possession of the Java Coffee House which he purchased from David Alexander the other day. Mr. Peterson has been chef at the Java for some time and is an experienced cafe man and cook and will doubtless do well. Mr. Alexander has not decided what he will engage in.

Sale Declared Void.—In the equity court today Judge Coke declared void an attachment and sale brought by Dr. G. W. Leslie against the one-half undivided interest of John D. McNell in an effort to secure payment for alleged services amounting to more than \$76. A suit was brought in the circuit court, where Dr. Leslie, failing to secure the amount, was granted a retrial of the matter.

Stolen Bicycle Recovered.—Another stolen bicycle has been restored to its owner by Mr. Banel of the Marshfield Cycler. This time it was a bicycle belonging to the Warner Grocery which had been missing for three months. The bicycle was readily identified by referring to the record which is kept of all bicycles sold by the Marshfield Cycler. The police are investigating stories of the Bay Park parties who had it.

Revival Service.—Rev. W. H. Selleck, who debated the "wet and dry" proposition with Col. Hofer last fall in the Masonic Opera House will arrive in Marshfield next Monday for a series of special meetings in the Methodist Church. Preparatory to his coming cottage prayer meetings will be held in the different section of the city each night this week. Tonight prayer meetings will be held in the homes of A. J. Drews and G. A. Bonebrake. Tomorrow evening in the homes of F. E. Allen and G. N. Bolt.

Engineer Looks at Records.—C. R. Wright, government engineer in charge of the jetty work at Bandon, was here today looking over the records in the United States engineer's office. He stated that there still remains about \$26,000 of the last Congressional appropriation and this is being used on the north jetty, building shoreward for a distance of 1500 feet. With this completed the jetty will be approximately 3500 feet long, and with additional money that is expected the jetty will probably be extended out another 500 feet.

Fruit Expert Here.—Mr. Brown, a fruit expert and brother of Professor Brown of Corvallis who inspected the orchards in this section last week, arrived here Saturday and left Sunday for the ranch of Dr. Dix and Ben McMullen near Bridge, where he will supervise the spring pruning and care of their 35-acre Gravenstein orchard. They plan to have Professor Brown return here in June to look after the summer care of the trees and will endeavor to make their orchard one of the best possible. Incidentally their application of expert methods in caring for orchards will be of great value to the other ranchers.

Arrested on Old Charge.—Tom Allen of North Bend, who was arrested in December on complaint of his wife, alleging assault and battery, and who was fined \$25, was again arrested in North Bend on Friday and charged with threatening to kill his wife. The second warrant was made out a day or so after the first but could not be served on Allen because he left the city. He returned Friday and was immediately arrested by Marshal Anderson and placed in jail for the night. The next morning C. I. Reigard was called and the man was released on his own recognizance. The Allens have two children. It is intimated that divorce proceedings will be brought by one of the parties concerned.

God's Aid.—A large audience of friends gathered at the Christian church last night to hear Rev. Samuel Gregg's last sermon as pastor of the church here. He spoke from the subject "The Requirements of the Gospel." In the course of his sermon he showed that the operations of God wait for man's cooperation, that He is not making Heaven a dumping ground for people who do not want to go there seriously enough.

After Offender.—The police are looking for the owner of car No. 7816 which is charged with violating the traffic ordinance on Central avenue other night.

Returns from Hospital.—George Rotnor returned today from Mercy Hospital, where he underwent a minor operation a couple of weeks ago. He has been kept busy since his return receiving the congratulations of his many friends.

to make some preparation for the transition. He believes in spending more time in putting heaven into men here than trying to put men into heaven hereafter, especially if they prefer continually to rebel against all the laws of God and righteousness here. The audience was also delighted with the special songs of Miss Marie Gregg and A. Landle. The rendition of their respective solos showed rare talent.
