## SNAKE NEAR BANDON

Wm. Connor, better known as Boot Black Bill," returned yesterday from a trip down the coast and brought with him a real rattlesnake that he had kileld on the beach just scuth of Four Mile. The snake was about two and a half feet long and had seven rattles, indicating that he was seven years old. Rattlesnakes in Coos county are certainly rare, but this one is a real rattler and Bill has or him preserved in a bottle so that anyfreight, coastwise or foreign trade, one who has a tendency to be a doubting Thomas can be convinced by call-The Senate adjourned until 10:30 ing on him for the evidence.- Bandon Recorder.

NEED ROAD MATERIAL

(By Associated Press to Coss Bay Times.) LONDON, Feb. 2.-England is having difficulty in getting material for construction and repair of its roads. In normal times, granite, which forms the basis of most of the heavy-traffic highways, is obtained from Belgium and Norway. The Belgian supply is now entirely cut off. and Norwegian imports are reduced owing to high freight rates and closure of ports on the east coast. The heavy use of some of the mportant roads during the past few months for military transport makes the need of reconstruction urgent
