SEA'S WEALTH GREATEST

Alaska Fisherics are More Valuable Than Output of Mines.

SEATTLE, Wash., Feb. 6,-Por the first time in the history of Alas. ka the value of sea products exceeded those of the mines, according to statistics for 1914, compiled by the Alaska Steamship Company,

Including canned salmon, hallby furs and walrus ivory, the ocean yielded \$23,112,000, as against \$15. 248,000 of mineral products, chiefir gold, copper and silver. Miscellaeous products of the soil and forest amounted to \$300,000, making Alaka's total for the year \$42,660,006.
