NEWS OF NORTH BEND

Mr. E. George Smith and son, Ernest McCain, have returned home after spending several days with Mr. Smith's parents, Mr. and Mrs. Boyd.

McCain of North Bend
The Ladies Aid Society of the North Bend Episcopal Lutheran church will meet tomorrow afternoon at Victor Anderson's residence, and the ladies of the family will be the hostesses.

LITTLE BUSINESS TO WORRY COUNCIL

City Fathers Hold Short Session Catching Up With All Business
A self-according gap for the measurement of the tide, these figures by be later used when the permanent sewer is ready for building through the Hill Street Hill, is extremely necessary, pointed out Engineer Hildy to the Councilmen at their meeting of last evening. He was authorized to write to Major Morrow asking if the government will install a gauge on the upper Bay for the benefit of the readings.
An instrument of this type would cost between \$100 and \$150, said the Engineer, and is important in the construction of any sewers within the city limits.
Warrants for the collection of back assessments on Pine avenue are ready and will be mailed at once to the property owners along that street said Recorder Butler.
Electric power wires that stand exposed or give shocks through wetness are dangerous, said Councilman Swenson, speaking of a condition on Market street where a defective switch exists. Several times men have learned against this pole, said the Councilman, and touching this wire, have been shocked to the

middle of the street. Work will be sent at once to the Oregon Power Company.
Plan Sidewalks.
There is need of a sidewalk on 12th avenue between Broadway and Second street, decided the Council. It was pointed out that the present sidewalk through there is in a dangerous condition and the city engineer was authorized to draw up plans and specifications for the new improvement. Chester Wolcott appeared before the members urging that something be done at once.
Though the original estimate was \$75 for the fencing of the city park the report of Street Commissioner Lawhorne showed that the work had been done for \$123.50.
W. E. Sullivan asked that he be allowed to lease a narrow strip of the park land for the reason that his horse laps a little over the border line. He will pay an annual rental of \$1 to the city treasury.
Bids are being called for the repaving of Broadway street South, from Hill to Kruse avenue, an improvement deemed necessary and decided upon by the Council at a previous meeting. The bids will be opened February 23.
Bids for the repaving of the City Engineer's office were opened last evening. The bids of C. W. Vieng and LeMieux & Miller were the most, \$23, and on the suggestion of Councilman Kimball, a coin was flipped. C. W. Vieng called the lucky head, and will do the work. The Pioneer Hardware Company was given authority to wrap the

long pipe with asbestos that leads to the tank along the ceiling of the City station by the engineer's office last year.

Broadbent is putting in a new cheese factory on the Coquille and a meeting was held last week to arrange for another creamery on the river.

LOCAL OVERFLOW

Skids; Breaks Wheel.—R. E. Dunstan, son of the Cape Arago Light-house keeper, in turning a corner at Pine and Eighth streets this morning, skidded and his machine, hitting the curbing, caved in the left rear wheel knocking out the spokes. The machine was left standing by the wayside until Mr. Dunstan could return with another wheel. He was not going at a fast rate at the time, but says his clutch failed to work.
Chinese New Year.—The fact that the Chinese Republic decreed that January 1 will hereafter open the New Year in China as well as other

parts of the world has a difference with the Chinese land, who declare that the reasons they will observe in February. The local Chinese ever, state that the matter left to the discretion of the Gays they think best, but I will be celebrated as the calendar year.
