

What Are You Going To Do About This— SPECIAL SALE PRICES?

THE Mexican Silver "Dollar" will buy only about 60 Cents worth in U. S. A. Yet its NAME is "Dollar"—It LISTENS just as well, and LOOKS just as good as if it had 100 cents' worth of Buying Power. It is a "Promise to Pay" more Value than it can DELIVER to "Bearer."
In this it resembles "Special Sale Prices."

The man who has accepted the figures on the average Special Sale price, as the VALUE of the Suit, should accept (with better reason) the Mexican Government's figures on its Silver Dollar at par.

The Man who thinks he is getting "a Bargain" when he is quoted 20 or 25 per cent off or half price on certain Suits, should say forth and for the same reason, buy up the available supply of Mexican "Dollars" at 15 per cent off, or even 25 per cent off par value.

But, when he takes them to the BANK, for deposit, he will find that "the Bargain" had two sides to it,—and that HE had secured the "short" side.

There is only one way to determine real clothing values. The manufacturer and the dealer who give you a square deal every day in the year at a fair price may be relied on at all times to make good.

SEE OUR SUITS AT \$8.50 TO \$30.00 AND COMPARE THEM WITH ANY SPECIAL SALE SUITS ON COOS BAY

WEATHER FORECAST

(By Associated Press to Coos Bay Times.)
OREGON—Fair and colder in east with westerly winds.

LOCAL TEMPERATURE RECORD

For the 24 hours ending at 4:43 a. m., Feb. 13, by Bend. Ostinid, special government meteorologist:
Maximum 54
Minimum 33
At 4:43 a. m. 40
Precipitation01
Precipitation since Sept. 1, 1914 47.74
Precipitation same period last year 44.14
Wind: Northwest, clear.

Dairymen Meet—The Myrtle Point Cow Testing Association held a meeting and gave a banquet to the dairymen of their section today at noon. At this time they were to make plans for the coming year (they have of boosting the dairy stock of their members.

Had Good Session—J. L. Smith, county agriculturist, with his wife and son, returned last evening from Corvallis. He was enthusiastic in the praise for the manner in which the visitors were cared for at the Oregon Agricultural College. Much interest was elicited on account of the dairy figures taken there on a large chart of Coos County.

Will Have to Meet—No date has yet been set for the meeting of the Merchants' Patrol for the election of a patrolman. Some of the members today stated that the meeting will probably be held toward the last of the month, as J. C. Doane is to serve at least until March 1. They are not decided whether or not police power can be secured for the present patrolman.

Case is Postponed—Judge Shuster, of North Bend, this morning postponed the case of Harry W. Walker versus William Lindstrom until Monday morning at 10 o'clock. Following a dispute regarding the joining of Cooston and Eastside, Harry Walker is alleged to have struck Lindstrom who then took after him with a club. Walker appeared to make out the complaint, paid a fine of \$5 and costs, and had Lindstrom arrested.

Hold Special Meeting—A special session of the Port Commissioners will be held this evening in the Chamber of Commerce. At that time figures will be ready for the final estimate of the cost of the fill in Ferndale may be made and the assessment made per lot and cubic yard. There are several other important matters that the Commissioners will thresh out, their purpose in the special meeting being to straighten out questions that have long been left unanswered.

Has Phenomenal Animal—L. F. Price, the Sumner dairy king, is jubilant over the record being made by a two-year-old grade Jersey of his big herd. In eleven months the animal has produced 404 pounds of butter fat and is still going. It is expected that she will raise the record next month by at least 30 pounds. C. C. Johnson, of Willanah Inlet, has a herd that is averaging up 266 pounds of butter fat, one of the best records of the Coos Bay cow testing association.

Claims Property Interest—Judge Coke, in Coquille, yesterday heard the case of Mrs. Cordelia B. Conrad versus her two brothers, Frank and Robert Morris, of Myrtle Point, in which the sister claims a one-sixth interest in the Morris estate. The claim is made that she disposed of her share for \$666 and that later the brothers contracted to sell the share for several times that amount. The sister now claims that the original agreement was that she would receive whatever the property would eventually bring. The case has not yet been finished.

Receive Licenses—Quick action has been taken on the applications from here for licenses to operate gasoline boats for hire. At the time local Steamboat Inspectors Edwards and Fuller were here a week ago more than two dozen men put in their applications for papers, expecting at the time that it would take several weeks before the licenses would be received. Yesterday quite a number were sent from Portland and it is expected that it will be but a few days before all are applied. These papers are only

for the operating of gasoline boats under 15 tons burden.

L. M. Noble Very Ill—L. M. Noble, the well known Coos Bay pioneer, is reported in a rather critical condition. He has been suffering from heart trouble for some time.

New Pool Hall—Gust Kremidas has leased the room on North Front street formerly occupied by George's Coffee House, and will open a pool hall, confectionery and cigar store there soon.

Paralytic Stroke—A. Sandquist, who resides on South Eleventh street near Hall Avenue, suffered a stroke of paralysis today. He suffered a stroke last summer but had nearly recovered. His condition is critical. He was for years employed at the C. A. Smith mill.

Gets Iron Cross—Dr. Schenk, well known on Coos Bay through visits here with his Blitmore Forest School students, has written to G. W. Kaufman, from his home at Darmstadt, Germany, saying that he is recuperating rapidly from his wounds received at the battle of Lodz in an assault on the Russian line. He has just received the Iron Cross, conferred by the Kaiser for exceptional bravery. He is an adjutant in the forty-first battalion. He expects to soon resume service and expresses confidence in Germany's ultimate success.

Simplex Goes South—To greener fields has gone the big Simplex touring car of L. J. and Edgar Simpson. With the owners in San Francisco the speed car evidently felt lonely and when the A. M. Simpson sailed a few days ago, aboard of her went the Simplex. What will be the fate of the big car when she gets to San Francisco and finds other speedy mates is a matter of speculation. Some auto men believe that there is a lucky hoodoo stowed away somewhere in the machine. Twice during the past three months it has been in bad smash-ups and both times has come out leaving the driver unscathed.

Another Bandon Fire—Harry Buitman returned last evening from a trip to Bandon. The night before last, he assisted in fighting the fire that destroyed the City Grocery. The grocery and building were completely destroyed, but the loss, about \$5000, is pretty well covered by insurance. The origin of the fire is unknown and it makes the 15th fire in that vicinity since the bad conflagration of a year ago. In the fires the owners have been lucky in that nearly everyone was insured. The City Grocery was owned by Messrs. Shields and Jackson, Mr. Shields having taken over the interest of his son in the place a year ago.

Sunday Meeting—Religious instruction and a place for the young boys of the city to spend their Sunday afternoons are questions coming up for discussion at a meeting in the lecture room of the city library tomorrow afternoon at three o'clock. An effort is being made to organize a Sunday school class for all the older boys of Marshfield, this to be conducted by business men of the city. Committees from various women's clubs and the churches will meet tomorrow and have asked that any men interested be present at the meeting. Immediately after Easter all the ministers of the city will be asked to deliver sermons giving their best solutions of the problems.

Personals

HORACE RAHSKOPF, of Coquille, is visiting Ed Bolt for a few days.

W. C. BRADLEY returned yesterday from a business trip to Coquille valley points.

J. S. BARTON, wife and son, of Coquille, came over on the train last evening and were visitors here today.

THEODORE BANDEL, of Eugene, is spending a few days in the city, a guest at the home of his brother, E. Bandel, of the Marshfield Cylcary.

CAPT. DUNSON of the Cape Arago Lighthouse was a Marshfield business visitor yesterday. He is just recuperating from a severe attack of la grippe.

KENNETH HAUSER, of Hauser & Hauser, together with William Kasser, were down last evening from North Inlet, leaving out again this morning.

LIONEL GORDON, of the Gordon Brothers' store, returned last evening overland from Portland, where he has been on a business trip for the past ten days.

C. H. HARMON of Grants Pass was here yesterday en route to Portland. He walked from Camas Valley to Myrtle Point, a distance of forty miles, in about ten hours, despite the fact that he is sixty years old and the roads were bad.

A. C. SHAW, Portland attorney for the C. A. Smith company, arrived here last evening and will be here a few days on business.

J. L. SMITH, county agriculturist, with his wife and son, returned overland last evening from Corvallis, where they went to attend the Farmers' Week session, before which Mr. Smith read three papers relating to cow testing associations. He returned this afternoon to Coquille.

MRS. J. T. TULLY of Coaledo came in today to spend Sunday. Mr. Tully, who is one of the efficient employees of the Smith-Powers Co., will arrive tonight to spend Sunday and tomorrow they will try out their new Ford touring car which he gave her for a Christmas present. They have just received

O'DONNELL CASE NOW TO BE PLACED ON DOCKET

Appeal in Hands of Supreme Court—Last Reply Brief in Case is Filed Several Months for Decision.

At last the appeal of Fannie O'Donnell to the Supreme Court on her charge of selling liquor at Empire on Sunday is to be placed on the docket of the Supreme Court. Reply briefs forwarded by attorneys Hoy and Miller raise for the first time in this state the question as to whether or not the "home rule" amendment applies to the liquor question. Should the Supreme Court so decide then to every incorporated town of Oregon would be given the power to make its own liquor laws, thus making the matter out of the state's jurisdiction.

In the trial of her case before Judge Coke in the district court, Fannie O'Donnell was found guilty of selling liquor on Sunday in Empire after the case had attracted much attention and had been strenuously fought by the attorneys on both sides.

Now with the sending of the reply briefs the case is appended to the long docket though it is probable, say the attorneys, that the case cannot be brought up for hearing in less than five or six months.

GENERAL HARDWARE AND PLUMBING

LOCALS TIED AT HEAD OF LEAGUE

Marshfield Wins From Coquille in Basket Ball — Hard Race for Pennant

There waged a battle of jinxes in the high school gymnasium last evening before the game with Coquille. Marshfield's jinx was defeated—knocked "hors de combat" and the local five triumphed, victors over the visitors 24 to 14, thus drawing the county seaters down from their leading pedestal of .750 per cent for the county championship and making three teams tie with .666 per cent. Bandon is the third member of the list.

Each of the leading teams of the county have three more games to play, the most victories will decide the Coos County pennant. That Marshfield has a good fighting chance seems reasonable. Two of her remaining games, the hardest ones, are with Myrtle Point and Bandon, both here, and the third struggle is staged for North Bend on their floor.

Coquille played a plucky game last evening and the end of the first half showed a score of 9 to 6 in their favor, but the addition of Chapman and McDonald toward the last of the first half brightened the local's team work and gave them a new energy.

Walters, forward for Marshfield, played an exceptionally strong game securing four baskets from Avery, Coquille's guard and one of the best in the county high school league. Burrows was unfortunate in his foul throw, missing nine consecutive chances, but the fact that he has played good ball during the season shows that it was an off night with him.

For Coquille, Stewart Norton, forward, and Charles Oerding, guard, made every point gained by the visitors.

Next Friday evening Myrtle Point will come here for a tussle and Coquille will play North Bend at the county seat, while the following evening North Bend will go to Bandon.

The lineup for the two teams last evening and the points made by the players follow:
Marshfield: Pos., Coquille, Leacock, 6 K. Leslie, Center
Walters, 8 S. Norton, 9
Burroughs, 2 Akens, J. J. Leslie
Forwards
Chapman, 5; Hunter Avery
McDonald, 2; Seaman C. Oerding, 5
Guards

CLEAN UP DAY MAY AID NEW CAMPAIGN

Citizens Will be Asked to Clean Out Rubbish From Yards —Further Plans

The selection of a certain day to be known as a Clean-up Day will probably be made by the general cleaning campaign committee, according to Mrs. M. A. Sweetman. District committees were appointed at a meeting held in the Chamber of Commerce this afternoon and preparations made for the legislative and ordinance committee to confer with Dr. Straw, health officer, to secure necessary ordinances for carrying out the work.

The district committees will find as their first work the task of visiting each residence in their separate territories in an effort to get all property owners to clean up their yards. With this done the members believe they will have taken a long step in making Marshfield a city beautiful.

Practically every woman's club in the city has taken hold of this problem and is working industriously toward the time when the Panama Pacific Exposition will bring visitors here to view the city.

Noah, Allegany; H. Jarvis, Coos River; T. L. Batchelor, Bandon; E. A. Jackson, North Bend.

The St. Lawrence Hotel.
Mrs. N. E. Daggett, Allegany; Elery Daggett, Allegany; M. W. Washell, Tacoma; Mrs. Hattie Brown, Isthmus Inlet; Torrey Reight, Roseburg.

SHORT COURSE FOR SECRETARIES PLAN

Representatives of Chambers of Commerce in Seven States to Meet.

A meeting of all the Chamber of Commerce secretaries in all of the seven states on and bordering the coast is being planned, according to a letter just received here from Warren Manley, of San Francisco, assistant district secretary of the coast chambers. No place has been selected and no date named other than some time during the early summer, but the plan, according to Mr. Manley, will undoubtedly carry through.

The states which would be represented are Oregon, California, Washington, Utah, Nevada and Idaho.

At previous gatherings of this type matters and manners of boosting communities and securing industries have been the main topics for discussion. The members have met and exchanged views, the idea being that in this way a short and instructive course for secretaries can be carried on that will be extremely valuable, ultimately, to the districts they represent.

This summer there will be a field secretary of the Chamber of Commerce of the United States visit Coos
