This consists of two large reading tables with comfortable benches for seating the little readers, a librarian's desk and a large pigeon hole filing case. The ball was never more attractive. The decorations reflected St. Valentine's season. A canopy of hearts was the principal feature. You Discourage Substitution When You Refuse to Buy "Just As Goods"

IF YOU and your friends go together and form a "G.O.G." What You Ask For? Club you can hasten the day when imitations and "Just as Goods" will be banished from the stores of your city.

IT IS a recognized fact that the dealer who insists on offering something "Just as Good" as the article asked for is on the down grade.

YOU will find that the successful dealer always prefers to patronize, the one who does or the one who does not sell "Just as Goods?"

DO THIS, and you will impress on him the fact that the modern idea, the business-building plan these days, is selling customers what they ask for.

WATERFRONT NEWS

The steamer Bandon on her trip South last week lost a deckload of about 500 railroad ties belonging to the Estabrook Company. They were insured. Lindberg reports that the storm was at its worst off Cape Blanco. Besides the ties, a number of empty oil casks of the Standard Oil Company were swept overboard. Coming from the south, the Nann Smith is expected to arrive in at an early hour tomorrow morning. She will leave again for the south early Tuesday morning.

At 10 o'clock the Breakwater left out for Portland carrying 15 passengers. On Monday the Daisy Putnam is scheduled to arrive in from San Francisco with more than 100 tons of freight for Coos Bay. She will probably leave the same day for Portland.

REAL VAUDEVILLE AT LEMANSKI SHOW

One of the neatest, most refined acts that has ever played Marshfield is now playing Lemanski's Theater. Miss Josef possesses talent, personality and above all her voice is dulcet, clear and distinct. Her wardrobe consists of the latest creations in gowns. She makes four changes during her act, each being prettier than the other. How she changes them in such rapid time keeps the audience guessing. All in all she wins her audience from the start and keeps them that way till the finish. There is no doubt but that the little lady has played the leading vaudeville houses in this country.

CITY WANTS FLAG

Tattered Em'gn, Storm Scared Delicate to Be Sent Abroad. Yesterday was Lincoln's birthday. There was no flag on the city hall. February 22 is Washington's birthday. Still there will be no flag on the city hall. The reason is that the present emblems of these United States is worn to a shred.

"Aw, tear that tattered rags down," was the command as the "of the free" clung clinging to the top of the flag pole. The flag came down. Not too close examination reveals that the relic of many windy plumes days has reached the pensioner's Fall of holes, bordered by shreds of red, white and blue. City officers say they are ashamed to tempt the winds further with hence there is no flag to grace the hall of the city dads on national holidays.

At the next meeting of the mayor Allen promises that the question will be brought before the voters and if an appropriation is forthcoming a subscription will probably be started, "for we have to have a flag," says the mayor. "It not only marks the holidays which we might otherwise do nothing about, but also a protection against air raids."

If the world was without war cynic would be the unhappyest of all. Trouble hunters seldom come home empty-handed. Drinking to his health seldom prolongs anybody's life. Some folks are never so lucky when they are misjudged.
