

Seeing Is Believing

Perhaps you have been skeptical about the claims we have been making for

Dutchess Trousers

Maybe you have been doubtful about their being sewed so strongly that we could safely offer you 10 cents for every button that comes off or \$1.00 if they rip.

But look in our store window.

See the pair of Dutchess Trousers hanging there, exactly like this picture, supporting a keg of steel nails weighing many pounds. That will show you the stoutness of seams and stitches in Dutchess Trousers. Then step inside and examine the buttons and the garm cut. We will leave the decision to you.

We keep your clothes pressed free of charge.

Pioneer Ill.—Wm. Turpen, an old pioneer of Coos County and father of W. S. Turpen, is quite ill at the home of his daughter, Mrs. C. M. Byler, in North Bend.

Speak to Children.—Sister Jeanette, Superior of St. Mary's Mission House, Chicago, will give a talk to the children of the Sunday School of the Episcopal Church on Sunday at the regular session of the Sunday School.

Elks to Elect.—The Marshfield Lodge of Elks will hold their annual election of officers next Wednesday night. It is planned to have a little banquet. The lodge is expecting a visit from the District Deputy soon.

Put in Straight Jacket.—John Hilgenist, a longshoreman, was taken to the hospital two days ago in an insane condition necessitating the use of the straight-jacket. He is a bachelor about 40 years of age and lived alone in a two-room cabin in Ferndale.

Ten Mile District.—At the last session of the Coos County commissioners, the Ten Mile district was given the recognition it has long sought, that is provided with peace officers. It has hitherto been in the North Bend Justice of the Peace district, but a new district has been created embracing Lakeside and Templeton and surrounding country. Chas. St. Denis, the new Postmaster at Lakeside, was appointed Justice of the Peace, and A. F. Johnson, who has been a deputy peace officer at Lakeside, was named as Constable.

Record Still Stands.—The world's pole vault record of Robert E. Graves, 16-year-old son of Mr. and Mrs. R. O. Graves still stands unbeaten, according to the new 1915 World's Almanac. July 3, 1912, the youngster, then eight year and four months of age, in a scholastic track meet here in the city, vaulted five feet, 10 1/2 inches. The record was investigated and allowed by President Sullivan, of the A. A. U. and remains unbeaten in the 10-year-old class. The boy is now able to vault very close to eight feet.

Has Apoplexy.—Jas. Christenson, a well known resident of Ferndale, suffered a stroke of apoplexy yesterday and today is in a rather critical condition. He is quite advanced in years. He resides in an apartment in his house in which Chas. Kronholm and family reside.

Boat in Good Shape.—Capt. Wyman declares that the gasoline boat Vega has been completely overhauled and is in the prime of condition. The stop made by the boat near Charleston Bay some time ago when the life saving crew came out was only for the purpose of fixing the spark, says Captain Wyman, and the boat at no time was in danger, and also, that the boat from the station was entirely unnecessary.

Loggers Move.—Most of the McDonald & Vaughn crew of loggers are planning to seek positions elsewhere since it has been announced that operations will not be resumed before April 1. Some of the men came down today with their outfits and Bill McCahey and others went up this morning to move out. The camp will not start up until the Simpson mill at Porter resumes operations.

Old Equipment.—Ren Smith, of South Coos River, was a Marshfield business visitor last night. He says that he still uses the old grain cradle and threshing equipment on his place, raising enough grain to feed his chickens. In consequence, the high price of feed when the price of eggs is high does not bother him. The cradle was on the ranch when he bought it years ago and he can swing it in a way that would make the pioneers wonder.

Buy Ten Mile Tract.—A tract of 80 acres bordering Ten Mile Lake 10 acres of which is cleared bottom land, has just been purchased from the Landrith estate by Judge Hall, Ben Fisher, Ellen Rudnas and J. T. Brand. The consideration is said to have been about \$2000. They expect to sell a portion of the land, which is already platted. Tomorrow afternoon Judge Hall, Ben Fisher, J. T. Brand and A. B. Loud expect to take an over-Sunday trip to the lake.

Fish Biting.—Warm days on Ten Mile Lake, report the fishermen, will do a great deal in improving the fishing. Last Sunday the sun came out and men went out in boats, some of them getting as high as 100 during the afternoon. John D. Goss stated that Ole Sieversen caught 130 salmon trout the afternoon he was there. The bait used is bright colored flies and the Nimrods state the early spring is proving the better fishing than the weeks of the early summer.

SPOTLESS TOWN IS AIM OF COMMITTEE

Clean-up Day is March 6; Mayor Allen to Make Proclamation to Citizens

Saturday, March 6 is the date set for Marshfield's spring outside "housecleaning" according to the announcement of the Clean-up Committee. Mayor Allen has been asked to make an official proclamation that every citizen may cooperate in the movement toward the city beautiful.

The chairman of the five district committees are now making a general canvass asking that every one make a special effort on that day to clean the yard, hoe out the weeds and put every place in the best of order.

On that day father is supposed to arise at cock crow, donning his oldest trousers, those with the several patches, and turn out in the early morning air and, rake in hand, start to work with great vim on the litter and rubbish that has cluttered the yard the past several months.

And there will be bonfires, all over the city the smoke will rise heavenward as an incense offering to the God of Beauty and the Goddess of Cleanliness.

The woman must also do her share in the great city work holiday. There will be porches to scrub, windows that need washing and also she will need, probably, to superintend the work in the garden.

A special effort will be made to see the little Willie and sister Mary do their share of the work. They can carry the hammer for father, bring fresh supplies of garden implements and keep out of the way generally.

All in all, the committee declares that the evening of March 6 is going to see a marked improvement in the outside aspect of Marshfield and that this may be a huge success an invitation has been extended by them to every one in the city to aid.

NOTICE TO PUBLIC

The Fraternal Order of Eagles have given F. M. Parsons of the Busy Corner the sole charge of renting their hall and all payments for rentals must be made directly to him.
