

WOMEN ORGANIZE PERMANENT CLUB

WOMEN'S AUXILIARY TO CHAMBER OF COMMERCE AFFECTED AND OFFICERS ELECTED FOR THE COMING YEAR.

Permanent organization of the Women's Auxiliary to the Chamber of Commerce has been effected, a meeting of the women of the city being held at the Chamber Saturday afternoon. Officers for the year were elected and they will form an executive committee to draw up a constitution and by-laws. Resolutions of better fire protection were adopted by the women.

Two months ago at a meeting of the Chamber of Commerce unanimously the motion was adopted that women be allowed in the organization as honorary members. President Hugh McLain appointed Mrs. Henry Sengstacken chairman of a committee to effect an organization of the Women's Auxiliary.

Several meetings have been called since then, but this is the first forming of the body. On Saturday Mrs. Sengstacken, her work finished, resigned as temporary chairman.

Mrs. F. E. Allen was elected President; Mrs. Nellie Owen, vice-president; Mrs. D. A. Jones, secretary; and Mrs. Dr. W. A. Toye, treasurer. There were about 25 women present at the meeting.

Want Fire Protection.

The following are the resolutions adopted by the Women's Auxiliary: WHEREAS—it appears that the hotels, lodgings, houses, schools and public buildings of the city of Marshfield are not equipped with the means of fire protection and fire escapes as required by the state laws, and WHEREAS: It appears that for safety of lives that the laws of Oregon in this respect be complied with, therefore, be it resolved that the law enforcing officers of the city and county call upon all owners of hotels, lodging houses and public buildings and see that the law be complied with and further

BE IT RESOLVED: That a copy of these resolutions be sent to the Mayor and Common Council of the city of Marshfield and to the District Attorney.

WILL MOVE CHAPEL TO NEW LOCATION ON SKIDS

Camp Changes From Coaledo to Wagner, but Does Not Deter Rev. G. LeRoy Hall.

Ordinarily a church, when built, remains in the one certain spot and though congregations may come and congregations may go, the building sits there forever. But not so with the churches that Rev. G. LeRoy Hall builds.

He erected a logger's chapel at Coaledo when that camp was in its prime. The church was well attended and proved a good investment, he says. But the camp changed, moved over near Wagner, and the loggers still needed a chapel as much as before.

"All right," said Mr. Hall, "we'll move over to you," and so that is what he proposes to do. Skids will be placed on the bottom, in fact, they are already there on the 36-foot long structure. He expects to literally pick up the church and move it.

Organizes Sunday School.

At Beaver Hill last Sunday Rev. Hall organized the first Sunday school in the camp, with a founder's membership of 40 children. He expects this number will be increased. "It's the Life-Line Sunday School," he says, and states it has been organized in a dance hall.

Mrs. Lester Holmes has been elected superintendent, Mrs. Walter Holmes, chorister, Mrs. Hicks, treasurer and Mrs. Trucano, secretary.

Rev. Hall has already prepared material for a Life Line booklet which will appear in May and be distributed to all parts of the world where mission work of the Baptist church is being carried on.

With his boat he has become well known, not only on Coos Bay but over the coast as well and several times pictures of his boat and what he is doing here in story form have appeared in eastern publications. Not long ago he received a copy of the Christian Science Monitor which contained a half page description.

CONTINUE PROBE OF LOCAL FIRE

DISTRICT ATTORNEY DECLARES HE IS STILL SEARCHING EVIDENCE — WANTS A DEPUTY PROSECUTOR.

Appointment of a Deputy Prosecutor for Coos Bay will be a saving of expense to the county, according to L. A. Liljeqvist, who returned to his home yesterday after representing the state here in the Skerret hearing.

A deputy is badly needed here, believes the District Attorney. Petitions asking the County Court to create such an office are now in circulation. They are receiving many signers. The general understanding is that Judge G. W. Watkins will be appointed as deputy, providing the County Court allows the office.

Scattering evidence that is being rounded up strengthens his belief, said Mr. Liljeqvist, that all mystery regarding the Bunker Hill fire has not yet been cleared.

No More Detectives.

The Coos County Commissioners have decided not to allow any expenses for moral crusades, etc. Recently a lengthy petition was sent in from one of the towns of the county asking that the resorts be eliminated. Mr. Liljeqvist said that the only way to do it was to hire detectives and he put it up to the County Court and they refused to make the allowance. They stated that the Sheriff's office and the police of the various towns would have to look after this phase of the law enforcement. However, Mr. Liljeqvist will be willing to prosecute any case where the evidence is submitted.

BRIDE'S FATHER SUES FOR BOARD

W. C. MASON CLAIMS WALTER OLDLAND OWES \$94.10 AND INTEREST FOR BOARD WHEN WIFE LEFT HUSBAND.

Troubles never comes singly, sighs Walter Oldland. Married last October in Coquille, his wife left him soon afterwards. He is now suing for a divorce. Today his father-in-law filed a suit against him for \$94.10 and interest, pay for the wife's board while she has been living away from her husband.

Between October, 1914, and February 29, 1914, are the dates the wife stayed at her father's home, according to the bill placed in the justice court this morning. For 17 weeks and six days, at the rate of \$5.25 a week for board and lodging amounts to \$93.75. Add to this another bill of \$76.50 for 14 weeks and four days and the total comes to \$170.25.

However, part of the amount, \$76.15, has been paid, so the bill made out by Mrs. Oldland's father, W. C. Mason states, and there is still due \$94.10, with six per cent interest from February 20.

In his divorce complaint, Walter Oldland declares that his wife left him soon after their marriage, refused to live with him and "consorted with strange men and had women."

CRAMPED LEASE AND SALE PRICE HOLDS UP DEAL

Paul Dimmick Declares No Definite Move Made for Purchase of Coos Bay Manufacturing Company.

Refusal of the Southern Pacific to grant more than a 30-day lease on the site, and inability to concur on a sale price for the business and plant of Mr. Kern, is holding up the sale of the Coos Bay Manufacturing Company, according to Paul Dimmick, of the Swayne & Hoyt Company, now located in Oakland and who has just returned here on a business trip in connection with the North Bend Mill and Lumber Company.

He says that the lumber market shows little change although there is a more optimistic spirit among the lumbermen. The San Francisco fair is drawing well and is coming up to all expectations. The Swayne & Hoyt Company is now handling Panama Canal business and their line has trimmed six days off the old schedule. There have been no developments in the deal for the North Bend box factory.

JUDGE DAYTON FREE.

WASHINGTON, D. C., March 3.—The House judiciary committee today voted 11 to 4 to drop the impeachment proceedings against Federal Judge Dayton of West Virginia, although the majority report held that the judge's conduct in some instances was reprehensible.

SIMPSON WILL IS EXPLAINED BY DEED

CHILDREN ONCE HELD ENTIRE ESTATE, BUT DEEDED IN BACK TO FATHER YEARS AGO—APPRAISED AT \$3,000,000.

The reason why the late Capt. A. M. Simpson did not put his large estate into a trust, as was generally expected, was told by J. W. Bennett today. Mr. Bennett, while in San Francisco recently learned of the reason. It seems that a number of years ago, Capt. Simpson was quite ill and in bad health. Mrs. Simpson was then alive, and being much younger than her husband, he thought that she would be certain to outlive him. To escape the bother of probating the estate, etc., he decided to deed all his property to her. He did so and it remained in her name when she died. She had made a will and in this practically took the property out of the hands of her husband. To straighten out the tangle thus caused, the four Simpson children signed the necessary papers transferring it back to Capt. Simpson. In consequence, he made his will dividing the estate equally between them.

Of the estate, which is appraised at \$5,000,000, about \$1,000,000 was in first-class securities, which Capt. Simpson placed aside as a guarantee of always being able to get ready money.

Besides the Simpson Lumber Company which holds the bulk of the property, there are other Simpson interests. The stock in the Simpson Lumber Company is divided equally between the four children but in addition to this, a number of old employees of Capt. Simpson hold stock in it.
