To Extend Road — Paul Dimmick, of the Swayne & Hoyt interests, is arranging to extend their logging road near Beaver Hill. He is having difficulty in selecting a new location for the camp which they opened to log part of the Boutin tract which they purchased. If this is selected, the road may be extended at once but if not, the extension may wait two or three months. They are now getting considerable fir logs, the early run having been mostly spruce. At present, the logs are being hauled between 2,000 and 2,500 feet by cable.
