games this season is the statement of the Myrtle Point basketball five. This would give them a percentage of .591, placing them up toward the top in the county championship series.

Margaret Dies in New York—Ed. H. Meade has received a letter from Margaret Dies, the actress who is well-known and well-liked all through this section and who is now appearing in vaudeville on the Proctor Eastern Circuit. Her Coos Bay friends will be glad to learn that she continues to win success on the stage.

Reject Plan—The Port of Coos Bay has written M. M. Condon, of Boise, Idaho, who submitted a plan for a \$10,000,000 improvement of Coos Bay Harbor that it appreciates his interest, but that it deems it impossible to carry it out now. Mr. Condon is said to be a brother of Ivy Condon and Walter Condon, two well-known Coos Bay men.

Shows Durability—Hugh McLain is endeavoring to get a railroad tie which has been in use on the local railroad about 22 years and a portion of a piling which has been driven a corresponding period to the San Francisco exposition. They are of Port Orford White Cedar and neither shows a particle of decay, demonstrating the great durability of this wood.

Pioneer Hero—Mrs. C. E. Hilborn, of Milliloma, was a Marshfield visitor today. She is enjoying good health. She celebrated her seventy-eighth birthday October 15. She and Mr. Hilborn came to Oregon in 1859 and settled in Coos County in 1867. She is greatly pleased over the new schoolhouse on Coos River and attended the formal dedication of the building.

Directors Elect—The ten directors of the Coos Bay Business Men's Association met last evening and re-elected their old officers for the new year. They are E. P. Lewis, president; R. A. Copple, vice-president; George H. Rotnor, treasurer. At the meeting of the Association held on February 26, a motion was passed changing the name to the Coos County Business Men's Association and this will probably be done at the next meeting.

Daughter-in-Law Died—Mrs. E. R. Henderson returned yesterday after a seven-weeks' stay at Gold Beach where she went to help care for her son's wife, Mrs. W. A. Henderson, who was sick and who later died of tuberculosis. She was in bed fifty-one days and died February 26 and was buried February 27 at 3 p. m., in the Ferry Flat Cemetery. Mrs. Henderson brought the three little children home with her to care for.

Postmaster in Soon—Hugh McLain has just received an official notice from Washington informing him of his appointment to the Marshfield Postmastership, and at the same time came offers from bonding companies anxious to go his bond. He expects that it will be at least a month before he will be able to take charge of the office. Mr. Curtis had been hoping to get away during the early part of this month.

Guild Meeting—The North Bend Episcopal Guild will have their regular meeting tomorrow afternoon at the Rectory in Marshfield, 565 Market Avenue. All members and those who have been attending the meetings are cordially invited. The Girl and King bus will leave Sherman Avenue at 2:30. Besides the regular work of the Guild there will be a talk by Sister Janet, on the work of St. Mary's Mission House, Chicago, of which institution she is Sister Superior.

To Become a "Gobbler"—In the last issue of The Emerald, the student publication of the University of Oregon, it was announced that Albert Haines has just been elected to membership in the "Gobblers." This is a mysterious organization at the university formed several years ago by a number of the male students. Midnight meetings are held and certain members of the student body who become "too loud" often attribute cold baths at nights to the vigilance of the Gobblers.

Navy Sees Coaling Station—In the last issue of the Oregon Country, the monthly Chamber of Commerce bulletin, of Portland, an

itemized statement of the amount of coal produced in Coos County annually is given and further that "Coos Bay is listed by the Navy as one of the most convenient coaling ports in the country." The list was as follows: Beaver Hill mines, 13,000 tons; Henryville mine, 18,000; Libby, 12,000; Riverton, 12,000; Coquille, 6,000, and smaller mines, 2,000 tons, aggregating 68,000 tons of coal for the year.

Ticketed Over Games—By defeating the basketball team of the University of Chicago, 19 to 18, the University of Illinois won the Western College Conference championship a few days ago, thereby tickling Ben Fisher, who graduated from there last year and who himself was in athletics at that school. Since September the University has won 23 straight victories, cleaning up seven games in football, 10 in basket ball, three swimming meets and three indoor track meets. The track team comes to the coast next month to meet the University of California at San Francisco at Easter time.

Sacred Concert—To aid the Episcopal Sunday School children in their efforts to make the remaining payments on the piano which was purchased for Guild Hall, the Choir, under the direction of the organist, Mrs. Wm. Horsfall, Jr., will give a sacred concert on Tuesday evening at 8 o'clock. The concert promises to be a most inspiring one, a cantata by Dudley Buck, "The Story of the Cross," being a part of the program. The Sunday School children are selling the tickets for twenty-five cents each, though this does not in any sense represent the value of the concert. It is simply to make it popular and give every one a chance to attend.

New Mining Machine—R. J. Long former deputy sheriff at Los Angeles and nephew of Colonel Rosa at Bandon, has arrived here and will let the contract in the city for the making of a new black sand mining machine, which he expects to put in operation on Elk River in Curry County. The machine is one in which he is interested with his father, who aided in its invention. The machines will not be put up for sale. One, already in operation at Lompoc, California, stated Mr. Long, is getting out in its eight-hour shift about an ounce of gold and an ounce and a half of platinum, the latter being worth about \$54 an ounce. Agitators stir the sand and water bubbles up into the eight-foot sluice from the bottom of the new machine.

Directors Elect—The ten directors of the Coos Bay Business Men's Association met last evening and re-elected their old officers for the new year. They are E. P. Lewis, president; R. A. Copple, vice-president; George H. Rotnor, treasurer. At the meeting of the Association held on February 26, a motion was passed changing the name to the Coos County Business Men's Association and this will probably be done at the next meeting.
