WALTER MORGAN CAUGHT IN NORTH BEND AFTER ROBBING MRS. LIZZIE WIMMER OF \$107 IN BILLS.

Walter Morgan this morning pleaded guilty before Judge Jen- nock, of the Justice Court, of steal- ing a pocketbook containing \$107 from Mrs. Lizzie Wimmer about five o'clock yesterday afternoon. He was bound over to the grand jury and will be taken to Coquille for a rest in the county jail.

Mrs. Wimmer appeared and told her story to the Judge. She declin- ed yesterday she met Morgan on the street and, knowing him, stop- ped for a few minutes to talk. It was later that she went into a clean- ing establishment on Alder avenue, between First and Second streets, and asked to see some vacant rooms overhead.

It was there that Morgan came to her, said Mrs. Wimmer, and again began talking. Together they looked over the rooms and as they stood at the head of the stairs Morgan told her good-bye and hurried away.

Several moments later Mrs. Wim- mer discovered her pocketbook miss- ing from her overcoat pocket, and returned to look through the rooms. It was not there. The police here and in North Bend were notified and about nine o'clock Chief Pete Anderson, at North Bend, found Morgan on the street. He admitted the theft and was brought over here and placed in jail.

Morgan had nothing to say this morning, putting up no excuse. He is a young man about 25 years of age, short and medium heavy set, with bushy hair. He has been work- ing in this vicinity for several years and originally came from Califor- nia.

Mrs. Wimmer identified the five \$20 bills and the change. The pocket- book had been thrown away. A five-dollar bill had been cashed and partially spent, though there was about \$102 that was returned to Mrs. Wimmer.

### FIGHT AND BEER CAUSE OF FINES

FRANK LAPP ENGAGES IN SCUF- FLE WITH WIFE AND ISABELLE CUSHMAN—BEER IS GIVEN TO MINOR GIRL.

After unraveling a long list of troubles, straightening out the evi- dence and after piecing it together again, Judge Butler, in the Police Court, this morning fined a man and woman \$15 for fighting and assess- ed a Greek \$25 for giving beer to a minor girl. The first two sen- tences were suspended during good behavior.

Late yesterday afternoon the po- lice were called to a lodging house on Front street where they arrested Frank Lapp for fighting with his wife and with Isabelle Cushman, who says she lives in North Bend. In the doorway of the room were found two Greeks, Nick Dimons and Nick Demmos. Beer was in evidence and the two men were also taken in charge for giving liquor to a minor. Mrs. Lapp is 17 years of age.

They testified at the time they came to the room to see Mrs. Lapp and hire her to work in a Greek coffee house on Front street. The story was plausible enough until this morning, when the proprietor of the place appeared in court and testified that the other two men had nothing to do with his estab- lishment and that he would hire no girl to work there until he had re- ceived permission from Chief Car- ter.

The Greeks then stated they had been given 50 cents by the woman to buy the beer and were merely

### PAINT 'COOS BAY' ON SHIPS' SIDES

NORTH BEND CHAMBER OF COM- MERCE SUGGESTS UNIQUE AD- VERTISING—TO START IN- DUSTRY CAMPAIGN.

That steamships plying between Coos Bay and outside ports have the words Coos Bay painted in large red letters on their sides is a suggestion made at a meeting of the North Bend Chamber of Commerce last evening and will be referred to the advertising committee, after their appointment next week. The matter will then, if favored by the com- mittee, be formally placed before the steamship companies for their action.

More than 40 members reported at the meeting, taking part in the discussions. Nothing could be done regarding the Fourth of July cele- bration, reported E. L. Powell, chair- man of the committee, for the reason that the matter has not been taken up yet by the Marshfield execu- tive committee. He stated his belief that it is too early to begin prepara- tions and that nothing should be done for at least a month.

Because of the possibility of North Bend's streets being torn up and undergoing improvements at the time of the National fire-cracker day many plans have been advanced for holding the celebration in Marshfield this year.

Seek New Industries. New industries are needed on Coos Bay, decided the Chamber of Com- merce members last evening. A committee on factories will be ap- pointed next week and it will be its duty to look into sites and their prices. A greater share of the waterfront is at present controlled by the Simpson Lumber Company and for this reason, states Secretary Smith, the committee will have to first confer with the company of- ficers regarding new sites.

There are several available sites on Pony Slough, said some of the members. This, too, will be in- vestigated by the committee. With the data thus gathered, say the members, inquiries may be answered immediately and correctly.

Advertising Folders. A slogan contest will probably be started, said Mr. Smith, for an appropriate catchword or phrase for advertising booklets soon to be is- sued in a quantity of not less than 10,000. These will be small enough that they may be slipped into busi- ness envelopes.

there delivering it when the officers came. They later switched their testimony and declared through an interpreter that they had brought the amber filled bottles up for the pleasure of the ladies. It was this switching that convicted Nick Dimons. His partner, Nick Demmos, who three days ago was out for scaring women at night, demonst- rated with a flourish of hands and feet that he was merely a by- stander.

Frank Lapp entered the case when he came to the room where his wife and the other women were staying and there began a quarrel with his wife which, before ending, involved Isabelle Cushman and several blows were exchanged all the way round. All were severely lectured by Judge Butler before being released. Mrs. Lapp declared that she will leave Saturday for her home in Bellingham, Wash., going home to her mother.

#### CARLOS GOES SOUTH

Steam Schooner Gets Away at 6 A. M.—Carries 13 Passengers and Full Lumber Cargo.

At six o'clock this morning the steam schooner Carlos got away for San Pedro carrying 13 passengers and a full lumber cargo. The ves- sel, which belongs to the Olson & Mahoney line, is said by the officers to have been chartered only for this trip, though Captain Winkle is re- ported to have stated his belief the ship would make several trips.

Formerly she plied on a regular run between San Francisco and Grays Harbor and Bellingham, but trade there has been slack during the last few months. The Carlos is a wooden vessel, larger than the Redondo, whose place she took, and carried more lumber. The electric cranes at the Smith mill were not used in loading, according to the officers yesterday, but instead, the ship's tackle did the work. She came in Saturday afternoon and began loading on Monday morning.

Those who sailed on the Carlos were: R. Mayer, A. W. Brown, G. T. Kelly, David Puranen, Thomas Riley, R. B. Newhall, P. B. Martin, G. C. Riley, Victor Kangas, H. Geise, E. S. Shackleford, E. G. Shackleford and John Pennock.
