Violin and Piano

Church Meeting.—The Marshfield Presbyterian Church Society will hold its annual congregational meeting at the church Friday evening, April 2. Wedding Anniversary.—Mr. and Mrs. Geo. B. Stadden quietly celebrated their 43rd wedding anniversary at their home on South Fourth street Saturday. Has Birthday.—Anderson Wright, the well known Sumner pioneer, celebrated his eighty-second birthday yesterday and received congratulations from his many friends. Funeral Tomorrow.—The funeral of John Volz, Sr., will be held tomorrow afternoon at 2 o'clock from his home in North Bend. The Ows Lodge will have charge of the services. Court in Curry.—Judge Coke will leave April 9 for Curry county to hold the spring term of court. There are no jury cases, according to word from Clerk Stannard. The April term in Coos county will open the third Monday in April. Permit to do Business.—A permit from Corporation Commissioner R. A. Watson, at Salem, to do business, was received this morning by the Coos Bay Development Company who have the Buzzizen tract. McLean in April 1.—Hugh McLean, newly appointed Postmaster of the city, says he believes April 1 will find everything ready for him to take over the office. Postmaster Curtis wished to get away March 1 but was unable to do so. Baptist Ladies.—The ladies of the First Baptist Church will give a silver tea next Wednesday afternoon in the church parlors and on Saturday afternoon March 27, they will hold a cooked food sale in the Marshfield Hardware store. Big Case Up.—District Attorney Oljquist has been notified that the Oregon Supreme Court will hear the arguments in the appeal of the Coos county tax case on April 2. About \$140,000 taxes are involved on lands in the old Coos Bay Wagon Road Grant. Gets Big Egg.—Anderson Wright, the Sumner pioneer, today sent an egg to The Times office that will come close to the record size. It was laid by a year old Plymouth Rock hen and is a wonder in size and weight. Oratorical Final Tonight.—The final oratorical contest of the four classes of the high school will be held this evening in the auditorium at eight o'clock. The preliminary contests, selecting four representatives from each class have been held during the last month. Elect New Superintendent.—Some time this week a second meeting of the North Bend school board will be held for the purpose of electing a city superintendent of schools to take the place of Professor Raab next year. Prof. Raab resigned some time ago. There were about 25 applications received. Cyclist Hits Girl.—H. A. Blake, riding his bicycle north on Front street Saturday at a rapid rate, crashed into little Gladys Richards, who was crossing the street ahead of her mother, and the girl was thrown to the street. The boy toppled from his wheel into the gutter, bruising his shoulder. The little girl was not badly hurt. Council Tonight.—There will be a meeting of the City Council this evening. The standing committee of the volunteer fire department will wait on the city fathers, bearing to them officially the recommendations of the members that two paid men be retained and that the firemen be paid 50 cents a night for drills. It is probable the question will be definitely settled this evening. Boy Formerly Lived Here.—The hearing of Ivan Gardiner, a 16 year old youth accused of robbing the Kelley confectionery store of Coquille, was held today before Judge Watson, of the juvenile court. Young Gardiner was formerly a student here in the Seventh grade of the Central School before he moved to the county seat a few months ago. He has been in the city jail. Guild Meeting.—At the regular session of the Guild tomorrow afternoon in Guild Hall of the Episcopal Church, Sister Janet, superior of the Mission House of St. Mary Chicago, will give a talk to those present on her work. An invitation is extended to the ladies of Marshfield to be present. Those who have heard Sister Janet tell of her work in Chicago have found it very inspiring. Western Union Men Here.—W. R. Wolgamott and H. A. Durler, of the construction department of the Western Union at Seattle, came in last week over the new right-of-way of the Willamette Pacific from Mapleton, looking over the line. They left for Portland Saturday. The men will make their report on their return regarding the proposed construction, though they say the company does not expect to build ahead of the rails. Petition Asks Pardon.—A petition is being circulated today by Robert Marsden, Sr., asking that his son Jack Marsden be paroled from the state penitentiary where he was taken since last summer following the breaking of his parole of two or three years ago when he was sentenced for an assault with a deadly weapon on J. W. Bennett and immediately given his freedom during good behavior. There are several hundred names on the petition. Excursionists Plentiful.—Long before King Sol peeked his head above the eastern horizon yesterday morn the people were a-stirring—at least a good share of them and with baskets well filled there was a scattering to all four points of the compass. Boats piled up Coos River loaded, the Ten Mile region had a host of visitors, others went to Charleston Bay and still other crowds traveled south of the city. Back they came last night, many sunburned, but happy. To Quell Boat Troubles.—Inspectors George F. Fuller and E. S. Edwards arrived on the Elder this morning. They go to Coquille for the hearing in the Telegraph-Charm river boat fracas of a week ago Saturday. Neither inspector had much to say though they intimated the punishment this time will be more severe than before. T. W. McCloskey has just been granted a masters license by the Telegram in place of Captain H. J. Dunham. The Charm is out of commission because of the accident. Senator Explains Bill.—Explanation of the rivers and harbors bill and the sundry civil bill is contained in a circular received at the Chamber of Commerce from the talk of Senator J. E. Ransdell, president of the Rivers and Harbors Congress, before that body. He lays the failure to secure the original amount to the war in Europe and the resulting financial depression and decrease in the national revenues. Youngster Leaves Home.—Spring fever and the wanderlust got the best of little Karl Monsey, aged two and one-half years, who lives at 687 Donnelly avenue. The youngster climbed over the low back fence at 11 o'clock Saturday. Being missed shortly afterward hurry calls were sent to the police by the mother. He was found later at the corner of Fifth and Hall, playing in the street. Last week he ran away twice and his mother then tied him in the yard, but today allowed him his freedom and Karl immediately broke his parole. Out for Track Work.—Among the 30 athletes who have turned out at the University of Oregon for places on Bill Hayward's track squad is J. J. Clark. The Emory college paper, says: "Clark, the Coos County athlete, has a good pep record in the high jump, but is very slow to get going in the new style." This is explained by the fact that Hayward has always to train the newcomers in correct forms of running and jumping, a fact that generally keeps them in the background at first, but results in far better records in the end. Carlos Brings 14.—The steam schooner Carlos arrived in San Pedro, bringing 14 passengers. The fact that there are tickets on hand here, enough for several voyages, leads the agents to believe that the Carlos will make several more trips. She will leave down again on Tuesday at 4 p. m. Those who arrived were R. C. McKinnis, H. L. Hart, J. H. Campbell, William Baughman, Vera Olson, Ines Roese, Louise Pallitt, Walter Hildebrand, George Jensen, J. E. Canbetti, R. Chisholm, Joseph E. Lives, J. Jackly and John Killrom. Seek Man's Release.—A motion for the release of J. E. Millard, from bond was made in the justice court this morning by Attorney J. C. Kendall. When the Nann Smith was about the sail on Saturday officers kept J. E. Millard and wife were detained from going aboard on legal papers filed by Schroeder and Hildebrand against Millard, claiming that he owes them a bill of \$111. The suit is also directed against C. A. Holmes, both men having started the Ideal Cafe some time ago, later getting rid of the place. Millard claimed that he put no money in the concern. The bill is claimed to be for plumbing. Will Leave Marshfield Schools.—Miss Winnifred Watson, one of Marshfield's most successful and popular school teachers, has closed a contract with the Board of Education of Winnebago City, Minn., for the next school year, at a largely advanced salary. By this arrangement, Marshfield will lose one of her most proficient instructors, while Miss Watson will be placed in one of the best schools in the state of Minnesota, and what is

more important, is that it is her home city, where he has been known all her lifetime, indicating that her splendid character and abilities as a teacher are recognized by prominent educators who have known her during her entire lifetime. Gun Club Shoots.—The first shoot of the year for the Marshfield Gun Club was held at the fair grounds Saturday afternoon, when seven "gun-men" came out to make war on the clay pigeons. Two others reported for scores yesterday morning. The highest mark in the 50-bird shoot was made by H. J. McKeown, who tipped over 43 out of a possible 50. W. N. Ekblad, yesterday, was close behind with 42 birds. The members of the club say they are now seeking new fields for their traps—as the grounds are within the city limits. The shoot is not for the Gilbert trophy. The following scores were made: Tom James, 37; Frank Laise, 34; F. G. Horton, 25; W. J. Conrad, 24; H. J. McKeown, 43; Larson, 25; W. N. Ekblad, 42; Don Gardner, 37; D. E. Doremus, 33. NOTICE. Notice is hereby given to all property owners and house holders within the corporate limits of Marshfield that their chimneys must be cleaned immediately. Failure to comply with this ordinance will result in prosecution. (Signed) J. W. CARTER, Marshal.
