## WILLARD FIGHTS VICIOUSLY

In Final Round Willard Rushed and Slammed Until Terrific Fight to Negro's Jaw Put the Big Smoke Down and Out for Count.

(By Associated Press to Coos Bay Times.)

RINGSIDE, Havana, April 5.—Jesse Willard, the Kansas cowboy, is the new heavyweight champion of the world. He knocked out Jack Johnson, the black champion, in the 26th round here today. It was Johnson's fight all the way until the 22nd round, when his vitality left him because of the hard pace which he carried throughout the early rounds. Then the giant plainman opened with his heavier attack and in the next few rounds carried the fight away from the black and toppled him over with rights and lefts to the body and blows to his face.

Several thousand persons saw the combat and when Johnson escaped upon the floor from the flying right swing to the jaw, the crowd burst into the ring. Soldiers cleared the ring. Johnson took the referee's count while lying on the floor, but a moment after referee Welsh had given the decision, the former champion got to his feet in time to escape the wild rush of the excited spectators.

The knockout came so suddenly the big crowd seemed as much dazed as Johnson himself. Up to the time of the final blow Johnson showed but few marks of battle, but slowed up and was perceptively tiring. Willard said as he was being uncoated away that he was not hurt or in danger at any time. Johnson said that he had no desire to offer and said that a better and younger man had taken the championship.

BAYANA, April 5.—After Willard had his offensive and began landing right and left on Johnson in the first round, the negro's action indicated he realized he could not beat Willard out and was trying to get a decision on points at the end of the 26th round, but in the 26th round Willard opened with a blow to Johnson's body. Willard moved and circled right and left to left, while Johnson showed defiance. Then Willard sent a terrific right to the negro's jaw and he went down and out.

## FLORENCE FREAK

For two days last week the water level in Coos Bay was high, but it stood only a short time.

If you know the ordinary size, the tide and water level being normal is about 10 feet above the mean, but the 21 feet mark of the other end shows an average of 12 degrees. The water will rise two inches, but the tide reaches two inches and four feet.

Some today yesterday were taken in the Pacific Ocean.

Mr. J. T. COOKSON, of Eugene, was a flood victim yesterday.
