Thompson, of the Van Insurance Company, saying that the Board of Fire Underwriters are investigating the Banker Hill fire, posters have been placed all about the city offering a \$250 reward for the arrest and conviction, within six months, of the party or parties guilty of arson.

Both Marry Second Time—In the office of the justice of the peace, Judge Penstock officiating, Mrs. Ethel I. Thompson, aged 31 years, was united in marriage to William H. Emery, aged 25 years, both being from North Bend. The husband is an engineer. The couple will make their home in North Bend. H. H. Adair and A. W. Lanigan were witnesses to the ceremony.

Was Agreed in Columbia—The

to heavy weather en route from the mouth of the Columbia to Portland the steam schooner Dater Gadsby, of the Arrow line, a craft well known on Coos Bay and until three weeks ago making regular trips to here, went ashore on Saturday below St. Helens. By the aid of the steamer Oklahoma, of the Port of Portland, she was pulled into deep water and continued to Westport to finishing loading for California.

Bankrupt Offer Compromise—An offer of compromise at 20 cents on the dollar has been received by Judge C. A. Schlitz, referee in bankruptcy, from W. H. Schroeder, of Coquille, and so the opening of bids on the stock was postponed from today until April 20th, that all the creditors may be satisfied of the offer and have time to make a reply. The stock was appraised for \$1200, the cash value according to Judge Schlitz, and it is shown that a payment of 20 cents on the dollar would result in the making of at least \$240 on the stock.

Fellowship Club Tonight—The Fellowship Club will gather round the banquet board at 8:30 this evening in the Grand Hall of the Episcopal Church to eat heartily of the banquet prepared by ladies of the Presbyterian Church following which will be several (three) moments of debate and thought. The question of printing the delinquent tax lists will be debated by Senator I. E. Smith and E. C. Mahoney and County Assessor T. J. Thrall will tell how to make the party pay. Many tickets have been sold and it is believed at least 25 residents will be in attendance.

Johnson, for a long period first mate of the Breakwater and well known on Coos Bay and who has been made on the bar tug Wallula at the mouth of the Columbia, has just been advanced to the skipper-ship of the big tug boat according to advice from the north. Captain Johnson has also been connected with the San Francisco and Portland line and also on Arrow line boats. The Wallula is undergoing repairs in Portland, receiving a new boiler. Captain Barnes, also formerly of the Breakwater, is at present captain of the tug Onamita.

Yachtman Pined—A tract of land in the case of John E. Jeffrey versus I. T. Weekly and Q. Y. Weekly will be filed this week before the Supreme Court by Paul and Paul, appearing on behalf of John Jeffrey from the decision of the circuit court. In the 1910 case Jeffrey bought a tract of land and later, by measuring found the tract nearly 20 acres smaller than he had thought for. Attorneys for the defendants claimed that no attempt at fraud had been made in making the sale.

Protect Cheating Improvement—A protest against the proposed street improvement of Coquille has already been voiced and filed with the city recorder, The Coos Bay Land Company, of Coquille, claiming to own most of the land bordering either street can proposed for widening, argues that the cost will be prohibitive. Judge Watkins, city attorney for Kaskadee, said today a special meeting may be called for this evening to discuss matters. Under the city charter the entire vote of the council is necessary to carry all improvements following a protest of two thirds the property owners along the street to be improved. Filing in this, the meeting must wait six months before being again brought before the people.

You 25 Years Old, Still Good—The railroad line that for 22 years has served faithfully on the Coos Bay, Blytheville and Estacada, have finally been dug up and destroyed by an avalanche in the grandest of their life work, in activity in the Coos and Curry county districts of the Department, to show workers what can be done with just a little effort. Fred Chambers is now getting the new duty and Wood Gagner ready for the next getting of the line. Both the facts that the line are justly as good as ever after
