

The things that lie deep in your life are built around your home.

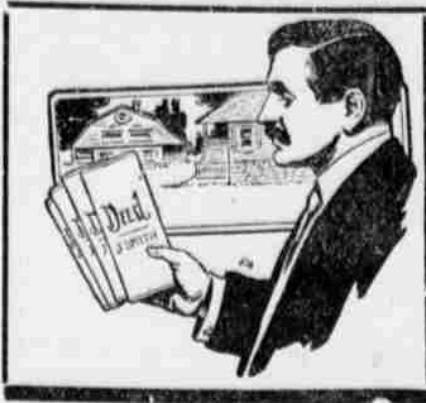

Haven't you wished to own YOUR home? To enjoy the knowledge that a part of the earth is YOURS and with it the sense of permanency and security that equips you to face life's responsibilities?

To enjoy family ties and pleasures that are wholesome and real and that inspire the human qualities which make leaders of men?

The possibility of building homes around Coos Bay excel any other city on the Coast in points of beauty and convenience.

It will pay you to consult the real estate advertisements in THE COOS BAY TIMES and next Sunday start on an interesting tour of those additions that appeal to you. It will make a delightful walk with a definite object in view.

Real estate advertisements in The Times perform a direct service between owners and agents of property and over 2000 men and women of intelligence and incomes.

Smile!

The world takes off its hat to the man with a smile. It turns the cold shoulder to the individual who is sour as a lemon. We all love the man with a hearty laugh. He is our friend, the ray of sunshine for which we yearn, and success perches on his cheerful shoulders. But you say: "It's hard to work up even a sickly grin when you're dead broke and up against the cold old world." We will agree with you son. Here's the remedy. Start a bank account with your first earnings. Add to it. Form the saving habit. Watch the account grow. The smile will grow with it. It is no trouble at all to laugh when you have money in the bank.

NEWS OF NEARBY TOWNS

GARDINER GAZETTE

Gathered From The Pages of Port Unpqua Courier

The mill resumed operations Monday and expects to run for some time. Besides the San Gabriel, the schooner Lucy is expected to load with a cargo for southern points. It is reported that the lumber market is improving, and that the cargo of the Lilly was sold at an advance of 50 cents per thousand.

F. H. Brown, foreman of the Gardiner Mill Company's logging camp near Sulphur Springs, was in Gardiner this week on business connected with the camp. Everything is running in full blast there.

Warren P. Reed, who has been in Portland for the past week as a witness in the Sheridan case, returned Monday evening. He reports that business is beginning to show more life on the outside, and that the building of the bridge across the Siuslaw at Acme will begin soon.

C. R. Broughton, who is superintending the construction of a railroad bridge across Coos Bay, was in Gardiner Monday night, leaving the next morning for Acme.

Word was received here Tuesday that C. A. Perkins, J. S. Gray and Wm. Burchard, who have for the last nine weeks been serving on the Federal jury in Portland, trying the Mt. Hood water case, expect to get thru with the case and return home the latter part of the week.

Engineer W. P. Hoey, J. H. Beatty and James Grady are expected in Gardiner Tuesday of this week to look over the railroad situation in this neighborhood, nothing definite being known of their intentions toward bridge building on the Unpqua at the present time.

The doors in the vault in the bank building have arrived and have been placed in position. The concrete walk in front of the building has been finished and makes a good showing. We have heard some talk that the bank people are thinking of paving the street in front of the building.

The Southern Pacific Railroad Company will hold their annual meeting, April 7, at Beechmount, Jefferson County, Kentucky, a little town of 300 persons, at which time they will take over the Willamette Pacific R. R. This road between Eugene and Mapleton is at the present time being operated by the construction department.

MYRTLE POINT INSTITUTE

The teachers' institute here last Thursday was carried out as advertised. Dr. Sheldon of Eugene, Prof. R. E. Baker and F. A. Golden, Superintendent and Supervisor, respectively visited the Grammar and High Schools in the forenoon, addressing the students. Among the teachers of the Myrtle Point Section present at the afternoon meeting were Misses Florence Jennings, Mary Price, Helen Robbins, Audrey Bryant, Doris Williams, Etta Darnell, Blanche De Armond, Nellie Barton, Dora Harrison, Mina Magnus, Ida Gamble, Cleo Dixon, Ida Ihrenriech, Sarah Devore, Ethyl Sealefe, Agnes McCracken, Davidson, Prof. E. R. Jones and Superintendent L. W. Wimberly.—Enterprise.

MARSHFIELD FOLKS ASTONISH DRUGGIST

We sell many good medicines but we are told the mixture of buckthorn bark, glycerine, etc., known as Adler-I-ka, is the best we ever sold. Marshfield folks astonish us daily by telling how QUICKLY Adler-I-ka relieves sour stomach, gas on the stomach and constipation. Many report that A SINGLE DOSE relieves these troubles almost IMMEDIATELY. We are glad we are Marshfield agents for Adler-I-ka. The Lockhart-Parsons Drug Co.

MYRTLE POINT HAPPENINGS

The Enterprise Tells of People and Events in the Upper Coquille Valley

S. Breuer, Monday, mailed ten pounds of flour by parcel post to Austria for the relief of the war sufferers in that country. Sending money to sufferers in the belligerent countries is next to impossible, and it would not benefit the people much if it did reach its destination so those sending relief are confining themselves to nonpartisan food-stuffs.

Mrs. Jerry Huntley, of Wagner, was badly burned about the face and arms recently. She had poured coal oil onto the wood and was bending over the stove to light it when it flamed up with the above result.

Joseph Fife, Jr., and W. J. Clarkson, of the Estabrook Company's railroad department are here from San Francisco visiting the company's local manager, J. F. Wendling. Miss Gamble, of the local teachers' force visited home folks at North Bend, over Sunday.

Dr. Geo. E. Dix of Marshfield was a visitor at the South Fork camps fore part of the week.

CURRY POSTAL SERVICE

Evidently the postal department of this great United States does not intend to give the people of this section any relief from this damnable mail service, we are now putting up with. Not content with one department of the Government robbing Curry of 70 per cent of its territory another department comes in and cuts out two mail routes, supplying the county seat, thereby delivering our Portland Dailies from five to seven days after they are printed. If those responsible for such conditions were here, and would have to live on bread and water until they could get a letter to Agness or Brookings and an answer back by mail, they would certainly have a good appetite by the time they got a square meal, whether they would realize the injustice they are doing the people here or not.—Gold Beach Globe.

COQUILLE CULLINGS.

County Seat Happenings as Told by The Herald

Last Friday, at Bandon, Mr. and Mrs. Steve Gallier announced the engagement of their daughter Edna to Ralph Dipple, of Bandon. Miss Gallier is well known at this place and the announcement comes as something of a surprise to her many friends.

Pinkston-Esteep—At the home of Mr. and Mrs. Henry Beloni in this city, April 5, 1915, James Robert Pinkston and Cora Belle Esteep, were married, Rev. J. E. Walbeck officiating.

Earle Chisholm, of Marshfield, was in town yesterday. He has just returned from a two weeks' visit to the 'Frisco Fair.

William Hall, husband of the chief Coos and Curry County telephone operator here, was in town for a brief visit with his wife and child last week. He left for Seattle Saturday.

Fred Slagle left today for Medford, as his wife's father is not expected to live. Mrs. Slagle left last week for Medford.

The English inventor of a new wireless telephone claims that it is so compact that a man can carry the entire apparatus about with him.

DEMENT IS MAYOR SEED CORN NEEDED

WELL-KNOWN CITIZEN HEADS CITY GOVERNMENT

Stringent Prohibition Amendment to City Charter Passes by a Large Majority.

(Special to The Times.)

MYRTLE POINT, Or., April 8.—The annual city election was held Monday. W. T. Dement was elected Mayor; P. W. Laird and H. A. Schroeder, Councilmen; A. E. Dodge recorder and J. M. Arrington, treasurer.

The three amendments to the charter carried by large majorities. The first amendment allows the Council to levy 15 mills for city tax. The second provides that property owners may pave or install sewer systems by paying for the intersections themselves. The third is the prohibition amendment like the one adopted by the city of Coquille.

Myrtle Point Personal.

Mr. and Mrs. Geo. Bryant and daughter Isabell returned Friday evening from Ontario, California, where they spent the winter.

A. H. Powers was a business caller in town Saturday while en route to Marshfield to spend Sunday.

Mrs. I. N. Rose is quite ill at her home south of town.

Frank Tichenor is a guest at the Guerin Hotel this week, visiting his sister, Mrs. T. D. Guerin.

Dr. L. G. Johnson was in Marshfield over Thursday night.

Little Irvin Green had the misfortune to break his left arm just above the wrist Thursday evening, while at play.

David Rackleff of Florence, arrived Sunday evening to take a position at the Norway creamery.

Mrs. A. M. Biglow and two children were down from the North Fork visiting Tuesday with Mrs. Harry Guerin.

Easter was observed in all the churches Sunday. Special programs and music were arranged.

GOVERNMENT ISSUES WARNING TO ALL NURSES

New Federal Law Makes it a Crime For Nurses to Have Hypodermic Cases in Their Possession

A warning to nurses, who, following practices of the past, have hypodermic cases in their possession, is issued by Collector of Internal Revenue Milton A. Miller of Portland. Under the present drug act they are liable to a fine of \$2000 or imprisonment up to five years or both if they are caught with such an outfit in their possession.

The medical profession has had the most difficult time accumulating itself to the new Harrison narcotic law according to the internal revenue officials. Good progress in educating the doctors has been made but the nurses had been overlooked. The drug can no longer be administered by them alone, but must be upon the prescription of a registered physician.

SALOON TO BE RUN BY CITY

Too Many Blind Pigs Result in a Novel Scheme to Control Liquor Business and Pave the Streets

BAY POINT, April 8.—Admitting its inability to cope with the growing number of "blind pigs," this town, heretofore numbered among the dry communities of the State, is going into the saloon business. This move was decided upon following a conference between the town Trustees and representatives of the C. A. Smith Lumber Company.

The lumber company will become a partner of the town in the saloon business. The head bartender has not been selected, but C. Ritter, one of the trustees, will act as manager. Three other trustees will supervise the activities of the place. The profits, if any, will go toward shade trees, street lights, paving and other municipal needs. All thirsty taxpayers are to be eligible as customers, and no treating will be allowed except by the municipality.

FIVE ACCIDENTS REPORTED FROM COOS COUNTY

SALEM, April 8.—Forty-seven accidents, one fatal, were reported to Labor Commissioner Hoff during the week. Fifteen of the accidents were on railroads and 13 in lumber mill and yard operations and logging camps. Lou York of Miami was the victim of the fatal accident, being killed by a railroad train. The following is a list of the accidents reported from Coos County.

S. Hill, Marshfield, foot sprained, lumber yard; E. D. Pittekey, near Empire, two fingers lost, fireman; W. M. Clinton, near Empire, foot cut, logging; Charles Johnson, Marshfield, hand bruised, lumber yard; Matt Ivance, North Bend, toe bruised, railroad station.

According to a French investigator the chance of mistake in identification by means of finger prints is about one in 17,000,000,000.

J. L. SMITH EXHORTS FARMERS TO PLANT MORE CORN.

Announces Contest to Stimulate Interest—Says Will Open New Avenue for Farm Profits.

Seed corn is needed in this county. Farmers are anxious to buy and to plant, but none have good seed corn to sell. To stimulate interest, J. L. Smith, County Agriculturist, announces a county contest in seed corn growing, the conditions to be made public shortly.

In a communication to the farmers the Agriculturist blames the dearth of good seed corn, not on the climatic conditions or the land, but on the farmer himself. He asks that all those further interested in the contest or the growing of this commodity address J. L. Smith, County Agriculturist, Coquille.

These are the views of Mr. Smith on seed corn.

Good seed corn is needed in this county. Every farmer in this county is crying for seed corn to plant, but no farmer in the county has any good seed corn to sell. Why? Do you know of any good reason why good seed corn cannot be grown on your farm?

Here is a fine chance for you to make a name for yourself, as "The Best Seed Corn Grower in Coos County;" you would be proud of a title like that. Then go to it; we will back you up and do all we can to help make you famous in such a business.

Right now if we had some samples of your good seed corn here in this office to show to the many inquirers for seed corn, we could get you a fancy price for it.

We know that good corn can be raised here, and that it will mature and make good seed when properly cared for, because we know of a few men here in the county who do raise enough seed corn for their own use. But there are comparatively few who do so, the majority of the farmers have to send outside for their seed corn, when they might just as well raise it themselves.

This office is arranging for a corn contest this year by the farmers of the county. The conditions of this contest will be announced at an early date.

Those who wish to enter the contest should get their ground in good shape and have their seed ready to plant as early as the season will permit.

The Minnesota No. 13, an early yellow dent variety, has been found by the Oregon Agricultural College to be the best corn for the average conditions in Oregon. They recommend it above any other variety for this locality. It has been tried very successfully by several growers already in this county.

Good, pure-tested seed of this variety can be secured for six cents per pound from Professor H. D. Scudder, of the Agronomy Department at Corvallis.

THE TALE OF A COUNTRY COP

(Contributed.)
At the bar, at the bar?
Stood our Marshal, with his star,
And the slobbers from his whiskers
drooled away.
It was there by drinking slop
That he got to be the cop
And now he is blowing all the day,
Was it crime his son committed?
When he let him out on bail?
But if 'twas me; why sure he'd tote
me off to jail
He tried to run the farmers out,
For he lacks education,
And if he had a bigger star he'd try
to run the nation.
He tried to take the schoolhouse
white, the one the farmers builded,
And went around with nice smooth
tongue, and words all fancy gilded.
A neighbor met him on the dike and
told him of his cheating,
And rolled his sleeves up good and
high and offered him a beating.
The cuss words went a-roaring high
and soared clear up to Mars;
The frogs went hopping up the hills,
and hopped to beat the cars.
He says he is the most progressive
man this side of the bay.
And he surely is well branded with
his whiskers full of hay.
He electioneers for prohibition and
he peddles all such junk,
But every time I've seen our cop, I've
always seen him drunk.
So now we miss the music of the little
frogs so sweet,
And wish old Bill had kept more still
when he was on his beat.
He never danced a hornpipe and he
couldn't dance a jig,
But he knows just how to wallow in
the little old blind pig.
Oh! He is a marshal and the law he
sure will spoil,
For he sits up every other night a
drinking coffee Royal.
—FOUR MILE.

Don't forget the DANCE at the CHANDLER Sat. night, April 10.

Band dance, new Noble Building, Friday night.
