

The Short Cut to Pipe-Joy

If you have squandered your youth looking for smoke joy among the desolating peppergrass brands, come over in our yard and try a pipe o' good old Prince Albert. Or, if you like yours rolled into a little paper pipe, smoke it your way, but make it of P.A. There's no two guesses about the pleasingness and goodness of

PRINCE ALBERT

the national joy smoke

It is the smoke fuel gentle and lovable, made so by a patented process, controlled exclusively by us, that takes out the bite and leaves a cool, free-burning, fragrant smoke. Stuff your old pipe to the brow with some of this ace-high tobacco or roll it in a cigarette and see how easy it feels on the tongue.

The tidy red tin, 10c; tippy red bag, 5c; the pound and half-pound tin humidors. Then, there's the 16-oz. P. A. crystal-glass humidor that's bang-up for home and for the office. You've always a fresh supply on hand, because the sponge in the lid keeps the tobacco pipe-fit.

Sweet Singers of Oregon

University of Oregon Quartette Now on Tour of Coos County and Who Appear at Noble Theater Friday and Saturday.

COLLEGE WARBLERS FAMOUS SONGSTERS

Four college warblers with a range of voices and a range of songs from the latest popular airs, the old folk songs to classical solos are the members of the University of Oregon Quartette who are to appear here in concert at the Noble Theater Friday and Saturday. The young men came in yesterday on the stage, leaving for the Coquille Valley where they have several engagements.

From Eugene to Portland, from Portland along the O.-W. R. & N. to Baker City, the entertainers have made a host of friends with their clever appearances. In the Christmas vacations they traveled more than 1,000 miles on their concert tour and this summer they are expected to sing at the Exposition.

As a means of welcome the old college men of Coos Bay are planning a supper for the quartette at the Chandler on Friday evening a jolly 'get-together' meeting to sing again the old college songs and talk of campus days.

The members of the quartette are Prof. Ralph Lyman, Paul Sprague, Albert Gillette and Heine Heidenreich.

DEMAND FOR COAL FOREIGN MARKETS NOW OPEN TO AMERICA

Sweden, France and Spain are in the Market to Purchase Coal in the United States

(Special to The Times.) WASHINGTON, D. C., April 14.—Certain countries of Europe have been dependent on Germany and the United Kingdom for their coal supply. Denmark and Sweden purchase almost all their coal from the United Kingdom, and distance and high freight rates will handicap the American shipper in competing for this trade when conditions return to normal. But Sweden has bought some American coal during the last few months and has recently turned to Germany for coal and coke. France stands ready to purchase in the United States if prices can be arranged. Italy is threatened with a coal famine, and it is reported by cable from Madrid that Spain offers a market for American coal of all grades.

South American coal supplies have come chiefly from the United Kingdom, Australia, and Germany; but the United States had more of a foothold on the Southern continent than it had in European markets, and American exporters have already begun to take advantage of present conditions to increase their sales. Markets for American coal in Europe, South America, Mexico, India, and Egypt are discussed in Special Consular Reports, No. 69, Foreign Markets for Coal, just issued by the Bureau of Foreign and Domestic Commerce, Department of Commerce, copies of which may be obtained, for five cents each, from the Superintendent of Documents, Government Printing Office, Washington.
