READ GORST & KING'S COMMENT ON NEW TIRES.

The Gorst & King auto line, operating eighteen cars, have used since April 1st, 1914, 152 FISK RES, during this time three replacements were made. FISK TIRES always give more mileage than inteed and very frequently go 8000 miles. We have had many that ran 6000 miles, all used on sy cars and in the very hardest kind of service. We have tried out eight other makes of tires and glad to recommend FISK TIRES." Signed. GORST & KING.
