THE SEASON'S BEST CLOTHES

—We have the right kind of clothes at the right kind of prices.

—That means that we sell them according to

The Right Selling Plan

—If a suit of clothes is worth only \$12.50 in July, it is certainly not worth \$25.00 in April. Or, if it can be bought for \$8.50 or \$10.00 in July why should it cost \$20.00 or \$17.00 in April?

THE RIGHT SELLING PLAN is one Low Price every day in the year. Our \$10.00 Suits are \$10.00 in April and July. We do not sell a \$10.00 suit for \$20.00 early in the season so we can cut the price later.

Kuppenheimer Clothes \$20 to \$35

Other suits \$10.00 to \$20.00

Ostlund, special government meteorologist: Maximum 57 Minimum 39 At 4:43 a. m. 52 Precipitation none Precipitation since Sept. 1, 1914 59.06 Precipitation same period last year 60.19 Wind: Northwest, clear.

Sunday Services.—On Sunday at 3 p. m. there will be divine in St. Mary's church, North Bend, and at 7:30 p. m. at St. Luke's Episcopal church, Empire.

Moves to Allegany.—On the Alert this afternoon going up to Allegany were the household goods of Jack Nowlin and family, formerly of Ten Mile. Mr. Nowlin has bought the Earl Gray farm and has given up his place at Ten Mile.

Special Sermon.—On Sunday at 11 a. m. the rector of the Episcopal church will preach on the theme: "What the Resurrection Guarantees to the Believer," in the light of Christ's words (St. John 14:19) "Because I live, ye shall live also."

Too Bibulous.—William Pajune was picked up last night on Front Street acting queerly, so much so that he was given a berth for the rest of the evening, though this morning he could not reproach with a "river" when the judge affixed sentence for that amount.

Banquet at 9:30 P. M.—The banquet for the university men of the city in honor of the U. of O. quartette at the Chandler Hotel is not to be at 6:30 but rather at 9:30 p. m., this to correct the impressions of several. It is expected there will be at least 30 college men about the banquet board.

Postpone Auto Trip.—V. C. Gorst and Mr. and Mrs. C. K. Kinsey who started last Monday on an auto trip to San Francisco and other California points were forced to postpone their trip owing to the bad condition of the roads, occasioned by recent heavy rains. They expect to make another start at an early date.

Play Hall Tomorrow.—The line up of the team of the North Bend firemen is as follows: Larry Lillho, 1st; B. Charles Smith, 2nd; B. Walter McCloud, 3rd; Arthur Chase, S. S. Tom Lillho, C. F. H. Davis, C. F. H. E. Bowen, L. F. Warren Murphy, C. Earl Merchan, P. The game, the first of the season, will call the two fire teams into play at 2 p. m. in North Bend.

Gun For Monument.—F. K. Gettins today received word from the War Department that a three inch cannon has been donated by the government as a monument to the fallen heroes of the G. A. R. on Coos Bay. It is probable that the gun will arrive here before Decoration Day. The I. O. O. F. lodge has donated two lots in their cemetery for the monument and a concrete base will be built. At a meeting of the G. A. R. a week ago the veterans expressed their opinion that a monument should be erected.

Approve Prospect.—There was a special meeting of the North Bend city fathers last evening to formally approve the grading project brought before them at their meeting on Tuesday. The grading will amount to approximately \$12,000 and bids will probably not be let for the work until early in June. Virginia and McPherson streets will be graded. The first plan, which was protested, took in these two streets as well as Meade and a block of Virginia and Maine streets. The council also granted an extension of the water mains from Union to Liberty to allow for the installation of a hydrant.

Witnesses Called.—Deputy Sheriff W. C. Laird went down to Empire yesterday afternoon and subpoenaed James Burns, an Indian, and Post-

master Hockett as witnesses in the case against Tom Edgar and Henry Kennedy, saloon men, who are charged with selling liquor to an Indian early in December. A government man was in here at the time and bearing rumors of illegal proceedings, went there on the quiet to investigate. He claimed that Burns brought in a sack and placed it in a corner of the saloon and after staying in the room a few minutes went back to his sack which then contained a bottle of whiskey and walked out.

To Set Cases.—There will be a general exodus of lawyers from Coos Bay on Monday. Equipped with the customary leather hand bags they will leave on the morning train for the county seat for the first day of the adjournment of the circuit court at which time the docket is straightened out and cases set for trial. This term will last for a week during which time the grand jury of last fall will be in session putting the finishing touches and investigations on cases that have been carried over into the new term. Their work done, they will be dismissed on next Saturday to make way for the oncoming grand jury, the venire of which has already been called.

Millicoma Makes Trips.—The launch Millicoma will make the run to Allegany tomorrow leaving here at 8 o'clock a. m. Fisherman take notice. 75 cents round trip.

NORTH BEND WINS DECLAMATORY HONORS OF COUNTY

Coquille Gets Trophy for Oratory With Marshfield Close Second—Many Greet Contestants.

Miss Anna Truman, of North Bend, won first place in the county declamation contest last evening in the auditorium of the North Bend High School and Merton Tyrrell, of Coquille, brought back the first honors in the oratorical contest, each contestant taking back to his respective school a large silver trophy cup which must be won three times for final ownership. Ludwig Stone, of Marshfield, secured second place with his oration, while Miss Hazel Neal of Myrtle Point, and Miss Mary Donaldson, of Bandon, tied for second honors in the declamatory race.

Twice has the Coquille High School walked away with the oratorical cup. Another time and they will own it forever. The career of the declamatory trophy, two years old, has been, once in Marshfield's possession and now passed on to North Bend. It, too, must be won three times.

A large crowd gathered in the auditorium and enthusiastically encircled the contestants. Prof. Grubbs this morning stated the tickets sold would cover all expenses.

MOOSE DAY AT FAIR BREAKWATER HERE

LOCAL LODGE RECEIVES WORD FROM SAN FRANCISCO

July 25 Date Set Says Exposition Officials, Expect Rose City Take 250 From Here

Sunday, July 25 is the date set by the authorities of the Panama-Pacific Exposition as Moose Day, according to a letter received yesterday by Secretary George W. Cook from San Francisco. This is two days after the grand convention of the lodge in San Diego and the present plans call for more than 70,000 in the big parade of July 25, says the letter.

In accordance with these plans the local lodge has written the offices of the steamship Rose City, asking that she call in here the week preceding, a crowd of 250 Moose being guaranteed to sail. No word has yet been received, says Mr. Cook. With them the lodge men will take the Coos Bay Concert Band which, as announced two weeks ago, they expect to take over and support entirely at their own expense, after May 31. At the rate of \$15 a piece for the trip the lodge members believe they would make enough over expenses to carry the band for several months. In addition to this a series of dances and concerts will be planned.

BEGIN ON BRIDGE

SELECT CAMPING PLACE AND ASSEMBLE EQUIPAGE

Prepare to Start Work on Big Span Across Lower Siuslaw River Near Acme.

EUGENE, Or., April 16.—Wilamette Pacific engineers are on the ground to establish a camp, preparatory to the beginning of construction work on the big steel bridge that is to span the lower Siuslaw River, a short distance above Acme, where the road turns south toward Coos Bay.

Engineer C. R. Broughton, who has charge of all steel bridge work on the new road, has selected his camp site and has begun to assemble his camp equipage and materials. Actual construction upon the big span will not start, however, until the track is laid to the bridge site. The work of grading through the quarry property and through the property of the Point Terrace Lumber Company, the right-of-way of which was only recently obtained, is being rushed. It will be several weeks before the rails can be laid through these properties.

A large amount of piling for the south approach of the new bridge has been put in, but aside from that, nothing has yet been done on the structure.
