For the 24 hours ending at 4:42 a. m., April 24, by Benj. Ostlund, special government meteorologist:

Maximum	58
Minimum	46
At 4:42 a. m.	47
Precipitation	none
Precipitation since Sept. 1, 1914	59.66
Precipitation same period last year	60.19
Cloudy.	
Wind: Northwest partly cloudy.	

Baptismal Service.—There will be baptismal service by immersion at the old ship yard at Eastside tomorrow morning at 10 o'clock.

Meet in Collision.—A collision between the regular passenger train with a side gear engine coming out of the switch at Myrtle Point last week caused about \$1,000 of damage to the rolling stock on the Smith-Powers road. No one was seriously injured and A. H. Powers, who was on the train, immediately discharged the offending conductor and engineer.

Would Take a Swim.—There is a movement on foot to present a petition to the school board asking that one night a week the gymnasium be given over to the men of the city that they may have a swim in the pool. At the time the gym was first opened two nights and two afternoons were so designated and for several weeks the building was kept open at an expense for lights and a man to look after affairs and seldom did a person show up.

M' LADY!

Machine Soon Finished—The gold separating machine being built at the Koontz machine shop for R. I. Lott will be finished today or Monday according to the present indications. Mr. Lott, who is a relative of Colonel Rosa of Bandon and a former deputy sheriff at Los Angeles, expects then to take the machine down to the Middle Elk river in Curry county there to commence mining operations on the head waters of that stream and its branches. Mr. Lott has a new type of machine, one with which both himself and father have had much to do in perfecting and he believes that it will bring good results.

No Participants.—There will be no participants from Marshfield at the at the state interscholastic track meet to be held at Eugene on May 14, according to Coach Royal Niles. He states that all of his track men this season are new men with the exception of but two or three, among them being Henry Lecock, half miler. Also the season this year has been against early training and none of the boys are in shape for a big meet. The coach says that next year he expects to have several men to send to the big meet that annually attracts athletes from almost every high school of the state. It is said this year there will be considerable more than 100 boys present at Eugene. The meet is held under the auspices of the University.

MARSHFIELD-COQUILLE AUTO STAGE TIME SCHEDULE

Schedule arranged to connect with boats to Bandon, Stages to Myrtle Point, Wagner, Roseburg.
No delays.
Fare from Marshfield to Coquille: \$1.25 one way; \$2.00 round trip
Round Trip good any time.

It was for this reason that the gym was closed, but now there are several who bemoan the fact they have not a chance to swim, and who say the water in the bay is still a little too frigid for familiarity.

Eastport Service.—Rev. Steinhoff of Iowa will speak at the Eastport school house Sunday, April 25 at 3:30.

MR. AND MRS. C. R. PECK, accompanied by J. T. Brand, left on the afternoon boat for the Peck cottage on South Coos River to stay over Sunday.

Tuesday Night.—A free public lecture on Christian Science by Bliss Knapp, C. S. B., Member of the Board of Lectureship of The Mother Church, The First Church of Christ, Boston, Mass. The lecture starts at eight o'clock, the admission is free and you and your friends are cordially invited to be present.

Find Gold.—Mrs. Stutsman was today exhibiting samples of gold nuggets that have been found by her two sons Harold and Guy who for the past two weeks have been mining on the coast down close to the Curry county line. One of the nuggets is of a fairly good size. She states that the boys have had a much better success than they expected when they went down.

Baseball Tomorrow.—Fans are mapping out their score cards and the players warming their "slop bones" for the game tomorrow in North Bend at two o'clock between the North Bend Fire Department nine and the Front Street Superbas, the second of the season's series. The following week the Superbas and Central Avenue Boosters meet on the diamond in mortal combat.

Returns to Home.—R. Cimino was a Marshfield visitor this morning. Mr. Cimino is just about on crutches after spending several weeks at Mercy hospital with a broken ankle sustained while doing some hauling. A coupling broke and the brake bar fell on his foot fracturing the ankle. Fortunately the horses remained quiet otherwise Mr. Cimino would have been even more seriously injured.

To Return Here.—Rudolph Copple who left here three weeks ago and expected then to return to his home at Mazatlan, Mexico, has written here that he will return Monday on the Nann Smith and at this time will not go to Mexico because of the conditions now obtaining there. He went to Tucson Arizona to meet his father who came north from Mexico by way of New Orleans, and together they visited the Exposition. Mr. Copple has a position here with H. W. Painter.

Machine Soon Finished.—The gold separating machine being built at the Koontz machine shop for R. I. Lott will be finished today or Monday according to the present indications. Mr. Lott, who is a relative of Colonel Rosa of Bandon and a former deputy sheriff at Los Angeles, expects then to take the machine down to the Middle Elk river in Curry county there to commence mining operations on the head waters of that stream and its branches. Mr. Lott has a new type of machine, one with which both himself and father have had much to do in perfecting and he believes that it will bring good results.

No Participants.—There will be no participants from Marshfield at the at the state interscholastic track meet to be held at Eugene on May 14, according to Coach Royal Niles. He states that all of his track men this season are new men with the exception of but two or three, among them being Henry Lecock, half miler. Also the season this year has been against early training and none of the boys are in shape for a big meet. The coach says that next year he expects to have several men to send to the big meet that annually attracts athletes from almost every high school of the state. It is said this year there will be considerable more than 100 boys present at Eugene. The meet is held under the auspices of the University.

Bandon Boy in Play.—Ernest Watkins, student at the University from Bandon, has just returned from a week's trip to Glendale, Medford, Ashland, Gold Hill and Central Point where he went as one of the casts in "My Man and Lady," presented by University students. It was headed by Prof. A. F. Reddie, who last year was in Marshfield for two recitals. The play, which was also written by Prof. Reddie is said to have received the praise of being the best amateur production to appear in the Southern Oregon towns. The authorship of the play was kept secret by Prof. Reddie until after the trip was finished. He had written it 15 years ago.

NORTH BEND PUBLIC LIBRARY

The Board of directors of the North Bend Public Library held its regular monthly meeting at the library Thursday afternoon at 2:30. Mrs. C. M. Byler presided. Others present were Mrs. R. A. Wernich, Mrs. Geo. Hazer, Mrs. W. C. Woodbury and Mrs. Herbert Armstrong. The absent members of the board were Mrs. L. J. Simpson and Mrs. L. C. Reynolds both out of town and Mrs. C. F. McCollum who was indisposed.

Reports from various committees showed the library to be in excellent condition and daily making for itself a larger place in the lives of the citizens. The financial committee reported a gift of \$5.20 by the Chaminade Club of Marshfield and the Secretary was instructed to write a letter of grateful appreciation to this excellent club for its generous contribution. All bills were allowed to date.

Mr. Weldy has kindly provided the library with his exchange list of newspapers, among these are the leading weekly papers of nearby cities including Eugene, Roseburg, Medford and other places, also newspapers from Montana and New York.

The librarian reported donations of 53 books during the month and twenty-four books purchased making a total of 77 books added to the library shelves during the month closing April 13th. Large files of popular magazines were given by Mrs. Geo. Gothro and Mrs. Winters. This report also showed the library to have been open 54 hours during the month and to have loaned in that time 703 books, and to have been visited by 1059 persons. The library loaned 63 books in 3 1-2 hours Saturday April 17, or a book every 3 1-2 minutes for 3 1-2 hours.

A sad factor of this report is that some people come to the library for books which are not on the shelves. While many people visit the library daily to use the reading table only, some ask for books which are not in the library. When a man or a woman, a girl or a boy has the spare time and inclination to read a good book or to read a certain book it is much to the public good that the book be supplied to the person so desiring it. To supply persons who have time to read with good reading is a large part of good city government and makes for good citizenship. When anyone is turned away from a public library without having his wants supplied the public has lost an opportunity to better its own condition.

Just at present when there are so many people with the time and the desire to read it behooves every citizen to put forth his best effort to make the public library of the biggest possible service to those who find comfort and help in good reading material, and the ladies of the library board would here like to urge that everyone who has a home in the city consider himself or herself in a measure responsible for meeting the daily growing demands upon the public library and its reading rooms. And that every conscientious citizen go through his home library and send from it something good to augment the services of the public library. The ladies of the library board believe this to be an easy and effective way for the city to partially meet a big opportunity and a real need growing in its midst. A person reading a good book or magazine cannot be classed among the much talked of "idle unemployed."

AT THE HOTELS
