SHOULD BE INVITED HERE

SECRETARY HOUSTON, of the Department of Agriculture, press telegrams announce, has started on a tour of the West to investigate forest conditions. He will look into water power, grazing and other features of the Government forests to ascertain to what extent they are being developed for the public use.

WELCOME STRANGERS

THE people of Grants Pass have started a campaign for the entertainment of visitors who are passing through the city on their way to the San Francisco exposition. The plan is for those who have autos to invite strangers who may be spending a few hours in the city to ride about and be shown the places of interest.

HEAVY TRAVEL

THAT Coos County is going to be well represented at the San Francisco exposition in the way of visitors is even now quite evident from the heavy traffic on the steamers going south.

HOPEFUL SIGNS

THERE seems to be a general feeling the lumber business is soon to be much better. This means a great deal to Coos Bay as the lumber business is the biggest industry of this part of the state.
