**SOME FOLKS DON'T KNOW THE ALPHABET.  
WHAT HAS THAT TO DO WITH THE PRICE OF EGGS?**

Nothing. But it means this: They will hunt for your name in the telephone directory in the wrong place and maybe find your competitor's number and call him.

I can't teach them the A. B. C's. Sure you can't. But you CAN put your ad in the new telephone directory and then they'll see your name and number easily. And—maybe you've already thought of it—when they are looking for your competitor's name they are sure to see your ad, your name and your NUMBER and call you. It will be so much easier and folks like to save themselves trouble.

For advertising call 27, and a representative will call on you. CALL NOW.
