CLEAN UP AND PAINT UP

God gave the rose its crimson hue, And made the lily white; He made the violet of blue, And all things fair and bright;

The vernal glow of leaves and grass And ruddy gleam of flowers That in the springtime come to pass

And so the moral of this verse, We feel is very plain; This earth, though burdened with a curse,

CLEAN-UP-WEEK HELP "CLEAN UP."

PHYSICALLY clean city is morally clean. On the principle that cleanliness is next to Godliness, Marshfield cannot "blossom in the dirt."

Every person in the city who occupies a house can do his part toward beautification of the city. He can keep his own grounds orderly

Nothing that can give so much pleasure can be had at so little expense as a neat yard. A little labor night and morning will keep it tidy; plants can be had from the neighbors for the asking.

CLEAN-UP-WEEK

Between the coat of food and rats, No wonder poor man hollers; He seems to earn his coin in cents, But has to spend in dollars.

CLEAN-UP-WEEK

Another thought has just occurred To me, and you shall reap it Why do we take a fellow's word When we want him to keep it?

THE BOOST OF BELIEF.

COOS BAY is all right! And every town in Coos County is all right. Coos County is all right.

There is more boost in applied belief than in any other force in the world. Belief has made more history, made more money, made more reputations and made more success than anything else.

Believe in your town, believe in your county, believe in your state, believe in your country. And never let your belief be invisible—not even for an hour.

your county, believe in your state, believe in your country. And never let your belief be invisible—not even for an hour.

WITH THE TOAST AND THE TEA

GOOD EVENING Never put confidence in such as put no confidence in others. A man prone to suspect evil is mostly looking in his neighbor for what he sees in himself.

YOUTH.

Green the path before you, Blue the skies above, And ever bending o'er you The tender light of love,

The light of morn to lead you, The dream of night to rest The surging hopes that feed you, The passion of your breast;

CLEAN-UP-WEEK

The Coos Bay man who is always announcing that clothes do not make the man is the same fellow who is not so cordial when your clothes are seedy.

A little powder, A little paint, Off makes a woman Look what she ain't.

The reason why so few Coos Bay women can whistle is because you can't talk and whistle at the same time.

You might discover a Coos Bay man who was satisfied with the government and the taxes and the weather, but, you can't find one who doesn't think that his wife talks too much.

All men are born ignorant and some Coos Bay men never get over it.

A whole lot of Coos Bay people who are merely careful want a lot of credit for being good.

A short talk with a Coos Bay man usually develops the information that he is short himself.

A ten-year-old boy who is a member of a big family whose mother has to skip to make the food go around always has an idea that a millionaire's wife is a woman who never cuts a pie into more than four pieces.

The old fashioned woman who used to bake twice a week now has a married daughter who buys her home made bread at the bakery or grocery store.

A Coos Bay woman will get mad if you say that she is two faced, but she knows herself that she never wears the same face on the street that she wears around the house.

QUESTION FOR THE DAY

Why is it that when a man is trying to make an impression on a girl he acts as though he was ashamed of the fact that he is married?

It's a mighty short way to pipe-joy

if you go via Prince Albert—tobacco that answers every question any man can hand out! You can jam it in your old jimmy pipe or roll it into a makin's cigarette and it will produce more real and true happiness than any brand at any price you ever bucked up against.

PRINCE ALBERT the national joy smoke

can't bite your tongue, and can't parch your throat, because it is made by a patented process that removes the bite and the parch. No other tobacco ever was or can be made like P. A. And P. A. tastes as good as that sounds!

So the warm tip is: Get the jimmy pipes out of dark corners, out of the rafters, where you've hidden them for fear of more tongue bites. Get 'em out and fire up with P. A., for you can go to it fancy-free from sun-up right down the line to the pillow-period!

And the sooner you know this little thing personally, the more joy'us you'll be.

Prince Albert is sold everywhere in tippy red bags, 5c; tidy red tins, 10c; pound and half-pound tin humidors—and—that classy pound crystal-glass humidor with sponge-moistener top that just beats the band for keeping P. A. fine like silk. You buy one quick.
