WEATHER FORECAST

OREGON—Showers, southerly winds.

LOCAL TEMPERATURE RECORD

For the 24 hours ending at 4:43 a. m., May 11, by Benj. Ostlund, special government meteorologist: Maximum.....63 Minimum.....50

Place Sold.—It is stated that Mrs. Nellie Owen has about concluded the sale of her residence property on Pine street, north of Market, to Mrs. A. R. O'Brien.

Is Arrested.—On a warrant sworn out charging a statutory crime involving a Coos County girl, A. McCreadie was arrested yesterday by Deputy Sheriff Laird.

Roads Bad.—Hard Behr has returned from Ten Mile where he made a few trips by auto between Lakeside and North Inlet. Even before the last rains, the roads were bad.

Sells Plants.—August Carlson of

North Coos River, who inserted a want ad in The Times yesterday for selling tomato plants telephoned into to stop the ad as the plants were going so fast he was unable to supply the demand.

Sister Seriously Ill.—Mrs. I. Lando was hurriedly summoned to Portland yesterday by a telegram announcing the serious illness of her sister, Mrs. M. Hawker, who underwent an operation in a hospital there.

Council to Meet.—The North Bend city fathers will meet this evening and it is expected that the resignation of Mayor Simpson will then be formally presented in keeping with his announcement of a few days ago that he must leave the office on account of other duties that will take his time.

Takes Third Degree.—Walter Mygind, first officer of the George W. Elder yesterday afternoon was initiated into the third degree of Masonry. There are six Masons among the officers of the Elder, including the captain, first and third officers, the chief engineer, purser and the chief steward.

Plans New Home.—Dr. Ira B. Bartie of North Bend is negotiating with L. J. Simpson for the purchase of a site for a summer home on the point near Shore Acres. Mr. Simpson has agreed to sell on condition that Dr. Bartie will not cut down many of the trees which form a wind break for Shore Acres.

\$5 From Mud.—Two or three years ago Duncan Ferguson, Sr., pulled a handful of change from his pocket while on the Market Avenue dock and \$5 rolled through the crack. He told the incident to G. W. Tribbey. "I'll get it," the latter said yesterday when the tide was low, with a miners lamp and pan, searched the mud and produced the five. Ferguson refused to accept a half interest.

50 Crabs a Day.—According to the crab law of the state as given out by Game Warden Thomas, it is unlawful for individuals to capture more than 50 crabs in any one day. It is unlawful for any person, firm or corporation to send crabs out of the county. The exception to these rules are the crab canneries that were in operation previous to the legislative ruling of 1907, and all that may be in operation on and after January 1, 1917. The season for the opening of the crab factories is not until May 22, according to Mr. Thomas.

Port Cuts Expenses.—A reduction of the salary of Donald Charlson, Port Engineer, from \$175 to \$75 a month was affected yesterday by the Port Commissioners. This was done because Mr. Charlson is now in the employ of the Port of Bandon as well as here and will divide his time between the two ports. He is now making a survey of the rock that has been found in the lower bay, finding to what extent it exists and where the channel may have to be changed to. The monthly salary of J. W. Motley, an assistant secretary to the Port was reduced from \$40 to \$25 a month, the commissioners saying the greater bulk of the Port work now being completed.

Film Great Success.—The production, "The Drama of the Boy Scout," which was shown last evening at the Orpheum Theater, proved all that was claimed for it. A large house was present and the boys gave repeated cheers which seemed to work contagiously, for all the grown-ups joined in with a heartiness that seemed to make them boys once more. The play was interspersed throughout with patriotic episodes. The drama was based on the conversion of a wayward youth to the boy scout cause, who in turn brings his father around to a better life. President Wilson is seen in the conclusion of the drama giving his endorsement to the Boy Scout movement. No boy in Marshfield can afford to miss this play, which is to be given for the last time tonight, and adults will also carry away from it many helpful lessons.

Officials' Trips.—Sheriff Alford Johnson, Jr., has gone to Alford, California to appear as a witness in a federal court case. According to wire from him, the Southern Pacific route was blocked by washouts in California, and it might be necessary for him to take a roundabout course. County Judge Watson also plans to

leave this week to take in the Exposition and enjoy California life for a few weeks.

Improves Home.—Mrs. L. M. Noble is making a number of extensive improvements in her house on Pine street near Market. It was formerly occupied by Mr. and Mrs. A. V. Bowhay.

Many Have Mumps.—The residents of Millington have been suffering from an epidemic of mumps. A young son of W. J. East has been quite ill and some member of nearly every family has been afflicted.

Let Contract.—Albert Matson has awarded the contract for clearing his Port Barnum tract to Elliott and Smith, the lowest bidders. There were eighteen bidders for the work. They have six months in which to finish the work.

Lost Bicycles.—A bicycle thief or thieves is evidently operating here. Recently the wheel of Albert Bassford was taken from near the Baptist church and the night Martin reported that his wheel had been taken.

Coming Here.—Madame Galbraith or Mr. Budwin of the Parisian store at Spokane of which the Marshfield Parisian is a branch, is expected here soon after May 15 on important business in connection with the local branch.

Plan Picnic.—Plans are being made for a benefit picnic for the Coos Bay band given up Isthmus Inlet a week from Sunday, August Friezen was making some preliminary arrangements this morning. All of the net proceeds are to go to the band.

Went on Adeline.—Arno Meroen, general superintendent of the C. A. Smith mill left on the Adeline Smith this morning for Oakland. Another passenger was Frank Aekley who has charge of the mill machine shops. He will make arrangements for the new machine shop to be established at Powers.

Mill to Open.—The Eastside Mill of the C. A. Smith company which had to close down Saturday on account of an accident in the engine room which did considerable damage to the machinery will probably open tomorrow. No one was injured in the accident.

Assistant Society Editor.—Miss Madge Barry, daughter of Mr. and Mrs. T. H. Barry, has been appointed assistant society editor of The Emerald, tri-weekly student publication of the University of Oregon. Miss Barry is a member of the Kappa Alpha Theta and is taking a course in journalism. She is a sophomore at the University.

Runs Auto.—Duncan Ferguson Sr. yesterday made his first attempt as a chauffeur. His son who has been driving his motor truck is now an engineer of the Fire Department and in the rush, Mr. Ferguson took the machine, it went fine until he finished his trip and when he drew up to the office on the wharf, he shut off the machine and thought that he operated every piece of machinery. Still the auto kept going until it crashed into his old delivery wagon to which his faithful horse was hitched. The machine was going slow and the impact stopped it. Mr. Ferguson then thought that he had forgotten to apply the brake.

Takes New Apartment.—R. T. Spaulding, of Eugene, brother of E. M. Spaulding, has taken an apartment in the Myrtle Arms.

Furnish Programs.—Rev. G. Le Roy Hall announces that he has a supply of Children's Day programs and songs free to Sunday Schools.

PRIZE BEEF STEER IS BROUGHT TO MARSHFIELD The Big Animal From the Smith-Powers Cunningham Ranch Will Be Exhibited Here Tonight and Tomorrow. The big prize steer, weighing about 3,000 pounds which was developed on the Smith-Powers stock ranch at Cunningham and which it was thought might be taken to the San Francisco Fair has been purchased by J. E. Ford of the Union Market and will be kept for Coos Bay tables. The animal will arrive here tonight and will be exhibited here this evening and tomorrow. It is probably one of the largest and finest beef animals ever brought to the Marshfield market. If you wish to see something fancy in a fine beef animal you should see this one before he is transformed into steaks.
