### BORN

BRUNNELL.—To Mr. and Mrs. Fred Brunnell, at their home on Coos River, May 14, 1915, a ten-pound boy. Both mother and son are doing well.

To Open Camps.—According to parties from the Coquille, the W. E. Crain logging camps may resume operations shortly.

Returns Monday.—Eugene Robinson, who has been doing some engineering work for Warren Reed on the Umpqua River, is expected to return home Monday. He has been at the Umpqua for several weeks.

Many Replies.—E. D. Noonan inserted a want ad in The Times the other night for a girl for housework. One insertion brought the desired help and many more answers.

Muddy Road.—Richard Bahr took a machine over the roads to Myrtle Point yesterday and returned, taking passengers both ways. He says that the mud will hold up the stage runs for several days yet.

Son is Dead.—Word has been received here of the death of the oldest son of J. C. Hamlin at Eugene. Mr. Hamlin was formerly cashier at the Beaver Hill mine but moved to Eugene a few years ago.

Arrives in London.—D. Y. Stafford has received a card from Dr. E. V. Morrow stating that he had arrived safely in London. Dr. Morrow left here recently to join the Red Cross with the army of the Allies.

No Damages.—In the personal injury damage case of Kline vs. Willott & Burr, who for a time were contractors on the Smith-Powers road, the jury returned a verdict for the defendant.

Gets Ford.—Engineer Polhemus,

who is to have charge of the Dredge Michie's work here this season has purchased a Ford car to travel back and forth as he plans to make his home in Empire near where the Michie will be operating.

Given Children.—Judge Coke in granting Mrs. G. M. Bailey a divorce, refused to give her the custody of the two girls. G. M. Bailey asked for the custody of the boy and made no opposition to the mother taking the two girls but the court decreed that the father should have the custody of all three children.

Finds Fish Biting.—Joe Josephson, "Trapper Joe," has come back from Ten Mile exhibiting a basket of large trout caught there by him. He says that despite the rain he finds the fish biting well. One of the fellows was 16 inches in length and weighed two pounds. Josephson last week went up above Allegany and brought back a basket of the wily beauties.

Daughter Ill.—Mrs. D. D. Pierce, of Coquille, left here today for Oakland in response to a message announcing that their daughter, Mrs. N. L. Tyroll, of Oakland, was quite ill and would have to undergo a serious operation. That the operation will be successful will be the ardent wish of the many Coos County friends of the family. Mrs. Pierce plans to spend about a month in Oakland.

Doctor Not Arrested.—Nothing has been done to the Eugene doctor who is alleged to have attended a sick woman in Bunker Hill and to have made improper advances. Constable Cox investigated the story told by the woman. Because of the fact there were no witnesses and believing that no charge could be made to hold the doctor he was not arrested, though the woman stated her willingness to appear in court against him.

Library Anniversary.—The board of the North Bend Public Library will hold a formal reception at the library rooms Saturday evening, May 15, this being the first anniversary of its opening. The recent donation of Capt. A. M. Simpson's library by Mrs. L. J. Simpson will be on the shelves and open to the public for the first time. A cordial invitation is extended to all to visit the library and meet the board.

Improve School Grounds.—Directors Holland, Gosney and Blinckey of the First Addition school have decided to fence the grounds, paint the building and finish the basement during the summer vacation. Mrs. Mary Thompson, principal, and Miss Ella Weiss, assistant, have been retained for the coming year at increased salaries as they have done very efficient work.

Settle Case.—The controversy threatened over the estate of the late W. S. Wheeler, a Marshfield pioneer, is reported settled out of court. The widow is to receive \$1,000 from the estate which is valued at about \$12,000 while Mrs. Kate Hampton and George Wheeler, children of the deceased, will receive the balance.

May Colonize.—Fred Hollister of North Bend has a plan of securing in either Brazil or Argentine Republic, a concession for a large tract of land and colonizing it with Americans. While campaigning for congress last year Mr. Hollister worked up the plan and has interested several prominent Oregon men in the scheme, including it is said, R. A. Booth, the lumberman and former governor West.

Delegate to Convention.—At a meeting of the Methodist Brotherhood this week F. L. Sumner was elected a delegate from here to the State Laymen's Convention at Roseburg, where in turn a delegate to the Methodist Conference at Saratoga will be chosen. This conference occurs every four years. At the same meeting of the Brotherhood the women of the church were invited in and entertained.

For Ball Team.—At a meeting of the Coos Bay band last night, the plan to organize a ball team was approved and Sol Driscoll was elected manager. They propose to keep the team all season and the band will accompany it to all games. Mr. Driscoll will have the first practice tomorrow and will choose a team and captain probably. He says that there are some real classy players in the band. Besides the local teams, he plans to get games with the Coquille valley towns and possibly a

## Lawn and Garden Sprinkling

Everyone who expects to use water for lawn or garden sprinkling is required to sign an application and make payment before using any water for this purpose. The rate fixed by the Railroad Commission for sprinkling is \$1.00 per month for each 5000 square feet (50 by 100-foot lot, or less, building space included. Payment of four months, or \$4.00 in advance allows use for one year in advance for lawn sprinkling, washing windows, porches, etc., but if paid by the month use is only allowed during the month. The rules filed with the Railroad Commission require that payment be made in advance each month before using same and that sprinkling be done only between 6 and 8 o'clock, morning and evening. No reduction in rates will be allowed in case water is not required for sprinkling every day of the month. If water is used for sprinkling without payment having been made in advance or outside of sprinkling hours, the service may be entirely shut off and not turned on until \$1.00 penalty has been paid, month paid.
