THE SEATTLE IS MAKING HEAD-WAY ON COQUILLE RIVER

River

(Special to The Times.)

BANDON, Ore., May 18.—The
dredge Seattle of the Puget Sound
Bridge and Dredge company is doing good work on the Coquille River un-chinery on hand so there will be no and misinformed, they would have delay in case of a breakdown. The delay in case of a breaked the shoal dredge is now cutting out the shoal Navy is efficient and prepared for

The shoal on which the dredge is at present working will be cut to a depth of 12 feet at low water. The same shoal was cut to a depth of ten feet and 150 feet wide by the dredge Oregon three years ago, but the work at that time was not completed conserved by the dredge of the ten feet with the way of the ten feet with the way of the ten feet with the feet was not completed conserved by the dredge of the ten feet with the feet with the feet with the feet was not completed conserved by the dredge of the ten feet with the feet was not completed conserved by the dredge of the feet with the supply of munitions and that the supply of munitions is vastly larger than ever before and the capacity of our plants has been practically doubled; that the supply of munitions is vastly larger than ever before and the capacity of our plants has been practically doubled; that the supply of munitions is vastly larger than ever before and the capacity of our plants has been practically doubled; that the supply of munitions is vastly larger than ever before and the capacity of our plants has been practically doubled; that the supply of munitions is vastly larger than ever before and the capacity of our plants has been practically doubled; that the
