Even Uncle Sam Was Interested

Uncle Sam's investigators were much interested in the way Clothcraft Clothes are made.

Especially when they found so few of the workers in those shops were changed from year to year.

Careful training, good surroundings, the most advanced machines, testing, inspection, and sanitary provisions—all these have helped to put more real value into Clothcraft All-Wool Clothes for men and young men.

Come in and see what solid profit you gain by buying Clothcraft at \$10 to \$20. No. 5130 Blue Serge Special at \$15.00 is one of the best values ever offered the clothes buyer.

CLOTHCRAFT All Wool Clothes \$10 to \$20 Ready to Wear

New Postmaster.—David Howard who conducts a store at the North Inlet landing is the new postmaster of the postoffice which has been established there and which is known as Hauser, being named for the contractors who worked on that part of the railroad.

Move Bandon Store.—It is announced that A. J. Mendel will close out his Hub Clothing store at Bandon and move the stock to Powers where he will open a general merchandise store. J. T. Sullivan who has been in charge of the Bandon store will be manager of the Powers store.

Brother Better.—Roy Landrith returned last evening from Monrovia and Los Angeles where he was called by the illness of his brother, Phillip. The latter was recuperating nicely when he left. Misses Blanche and Helen Landrith remained at Monrovia with their mother and brother.

Postpones Dance.—J. A. Goodwill has postponed the dance that he was going to give at his South Coos River pavilion next Saturday night until a week later, May 29th. The reason for the postponement was so that it would not interfere with the Marshfield Firemen's ball.

Sign Papers.—Before Judge Penneck last evening Helen Cox, chambermaid at the Central hotel, and George Lenos swore to affidavits regarding the coming and going from being held for the alleged theft of articles from the room of Lenos. Judge Stanley of Coquille, came over for the papers, returning on the morning train.

Bread and Water.—Professor Seidel, a real wild man caught down on Front street, is the first of a long list of prisoners to get the bread and water diet for his wrong doings. Judge Butler interviewed the professor and found him in such a condition that a complete sobering up was the best that could be prescribed for him. The professor expressed his thanks in seven different languages, most of them going at the same time.

Cross Appeals Made.—Mrs. Sarah Yaokam, of Coos River, is appealing to the circuit court in the George F. Blood case and the heir of the old soldier, now deceased. Caroline S. Clark, of Massachusetts, is also appealing. Mrs. Yaokam claims that she cared for Blood for between 16 and 17 years. In the county court she was allowed \$2,500, according to the attorneys, and now seeks property to the value of about \$2,000.

Court Considers Motion.—The circuit court is considering a motion for the postponement of the case against Dr. E. V. Morrow for alleged malpractice until the September term of court. It is believed the doctor will be back at that time from Europe. Also is being considered the appeal of Lynn Lambeth from the justice to the circuit court in the case which he lost this spring. Dr. Morrow getting judgment for about \$175.

After Accused.—Deputy Sheriff W. C. Laird will go to San Francisco to get C. W. Cypher who was arrested there on the arrival of the Speedwell from Coos Bay. Cypher is accused of robbing George Lenos in Marshfield. Sheriff Johnson has just returned from San Francisco where he and District Attorney Liljeqvist were called as witnesses in the Barnacle counterfeiting cases and now Deputy Laird will get a chance to see the Exposition.

School Clerk 28 Years.—For 28 years Judge John Hall has been elected annually to the position of school clerk. This coming month there will be another election, thus marking the end of the 28 years. During this time Judge John Hall has seen the coming and going of many school boards. The school law requires that a clerk must be voted on each year. At the present time Judge Hall is attending the state convention of the Odd Fellows.

Tells of Louise Home.—There is a large space in one of the Portland papers this week devoted to the description of the Louise Home for Girls in Portland. Rev. W. G. MacLaren, superintendent, a short time ago came here and delivered a lecture in the Baptist church telling of what the home has done since it was put up in 1905. At present there are 18 women there and 35 babies being cared for. The Home has just been moved into new and more commodious quarters.

Trip Up Coast.—V. C. Gorst has returned from California. He bought a second hand Ford machine and made the trip up the coast. He came to Red Bluff, Cal., and then crossed the mountains to Eureka and made the trip up the coast road. From Red Bluff to Eureka he encountered some difficulties as bridges were found to be gone and it was necessary to improvise schemes for getting across the rivers. The trip south was made in order that Mrs. Gorst could receive medical treatment. She is greatly improved and hopes to return home soon.

Gordon Leaves Property.—Syver Backney has filed a petition to probate the will of the late Edward S. Gordon who died in San Francisco March 1. The will was executed in February, 1912, and the state is left to Mr. Backney. The estate consists of property on Washington street in North Bend valued at \$7,500 and on which there is an encumbrance of \$5,500. The only known heirs are a cousin and a niece in New York. Mr. Gordon built the Garfield block in North Bend. It was his wife who was shot in Marshfield several years ago and who died afterward.
