ANY tons of shells have been taken out of the bay and are thrown up at different points. one would take the trouble to clean and ship them. As a fertilizer they titles the business could be carried telephoned to the sheriff's office. on extensively. In fact one dealer in poultry supplies offered to local parties a good price per ton for the shells, requiring that they be washed of mud and sacked ready for shipment. If taken from a place such as dredger island the raw material would cost nothing and the only cost would be the labor for washing and cleaning the shells and sacking them so there should be a nice profit in furnishing the material. There seems to be a chance for some enterprising person to establish a new and paying industry.

It at least can be hoped that this war finishes the game.

MINERS INQUIRE

California Men Want to Know About Black Sands Here

Apparently mining men in California have become somewhat interested in the black sand gold mining in this part of the state. Dr. W. Haydon has received inquiries from several men in California who have machines for extracting gold from black sands and asking about the deposits lowing: here. Dr. Haydon some years ago. made extensive examinations of the black sand for large interests and the inquiries were sent to him because he was known as an authority on geology of this part of the

PILE DRIVER READY

Mile Bridges.

The pile driver which will be used to drive the piles for the bridges Nelson. at Ten Mile Creek and at the Ten Mile lakes, has been set up on the Will Wilkinson place, where the first work will be done. From there Channey Carpenter, Who Escaped it will work north. Steel will be laid across all temporary bridges between North Bend and Lakeside and the Bay Harbor,

Be Sure How Your Meat is Kept

With the approach of the summer season, our Cold Storage plant becomes more than ever a factor that every meat consumer should consider. The Cold Storage plant at all seasons of the year permits the ment to be properly kept and ripened before being delivered to the consumer but in the summer season when the flies and sunshine threaten fresh meat, you should be sure about the kind of meat you are getting.

In addition to our usual excellent meat supply, this week we have some very fine chickens, spring lambs and fresh pork.
