(Special to The Times.) ROSEBURG, Ore., June 1.—The case of Roy Farnam, the young man charged with the murder of Edna Morgan, and who is now serving a term in the penitentiary on a charge made by the family of the girl, comes up today in the Circuit Court before Judge Skipworth.

Practically all of the witnesses have been summoned and the attorneys are ready to proceed with the trial. In accordance with an order issued by Judge Skipworth several days ago, the defendant will arrive here in custody of the warden, or some other official of the penitentiary. It was stated at the Sheriff's office that about 130 witnesses would testify during the progress of the trial. Of this number not less than 70 witnesses will be called by the defense. Attorney W. W. Cardwell will conduct the defense, while District Attorney George Neuner will have charge of the prosecution. Local court attaches are of the opinion that it will take at least a week, and possibly longer, to conclude the case.

FRENCH VIEW GIVEN

SOME PAPERS FEAR AMERICA WILL LOSE PATIENCE

Paris Editors Characterize Germany's Reply to American Note As Another Diplomatic Blunder (By Associated Press to Coos Bay Times.) PARIS, June 1.—Under the caption: "What will America do?" the French Press comments on Germany's reply to the United States' note of protest regarding the sinking of the Lusitania. All the papers agree in characterizing the answer as another German diplomatic "blunder." The Journal believes Germany, notwithstanding the calm moderation of President Wilson and Secretary Bryan, who have resolved not to be forced into anything precipitate, will end by exasperating America.

SEABORG ENJOINED

INJUNCTION PREVENTS USE OF NEW ROGUE RIVER CANNERY

Claim Made That It is Partly Located on Wedderburn Trading Company's Land.

(Special to The Times.) GOLD BEACH, Ore., June 1.—Judge Wood in the County Court, has issued an injunction against B. A. Seaborg, John Gustavson and Fred Coughlin in favor of the Wedderburn Trading Company. The new Seaborg cannery, it is claimed, is partly located on the land of the Wedderburn Trading Company and the injunction temporarily restrains Seaborg and his associates from using the land as a building site. There will be a hearing in the case before a permanent injunction can be issued or the temporary injunction dismissed.

Seaborg entered the Rogue River salmon fishing field this year. Gustavson is his head man in the cannery business. The Wedderburn Trading Company operates a large cannery on Rogue river and holds the old Hume estate of 17,000 acres, including miles of waterfront on the river. Mr. Seaborg is not at Gold Beach now, but is expected here in a few days.

COUNTY JUDGE JAMES WATSON returned this morning from a three weeks trip to the Exposition and through California. He left here on May 11 and declares he had a good time, though he also brought back the news he had to wear an overcoat in San Diego. He went back to Coquille on the afternoon train.

LONDON RAIDED BY ZEPPELINS

Part of the Inhabitants Sleep Peacefully While Enemy Makes Raid

DAMAGE NOT KNOWN

Admiralty Announces That Air Ships Flew Over Certain Outlying Suburbs

PARTICULARS KEPT QUIET

Officially States That Numerous Fires Were Reported and That They May or May Not Have Been Connected With Raid.

NINETY BOMBS DROPPED

LONDON, June 1.—Ninety bombs were dropped in the raid on London last night by the Zeppelins. Four persons were killed and a few injured. No public buildings were damaged. This was the information given officially today.

MANY TURKS KILLED

LONDON, June 1.—Zeppelins long expected, reached London last night, but several million inhabitants of the metropolis slept peacefully through the raid and all they know this morning are the brief facts in the Admiralty announcement which reports that the raiders flew over certain outlying sections of the city. The official announcement makes mention also of numerous fires which may or may not have been connected with the raid.

PEOPLE ARE ANGRY.

LONDON, June 1.—The Zeppelin raid last night brought a recrudescence of anti-German demonstrations. Crowds attacked German shops and constables were called out to deal with the people.

STATEMENT MADE

LONDON, June 1.—The statement of the Admiralty reads: "Late last night about ninety bombs, mostly of an incendiary character, were dropped from hostile air craft in various localities not far distant from each other. A number of fires, only three of which required the services of the engines, broke out. The fires all were caused by the bombs. No public buildings were injured, but a number of private residences were damaged. As far as can be ascertained, the casualties consist of an infant, a boy, a man and a woman killed, and one woman fatally injured."

FASTENED ON JETTY

CLAREMONT WASHED FARTHER UP AND IS WEDGED

Might Remain On Jetty For Long Time Before Being Beaten to Pieces

The wreck of the steamer Claremont is still on the jetty but it has twisted around in a peculiar way. The vessel was originally pointed toward the shore. Then it turned around on the rocks so the bow was toward the north and then turned again so it pointed out to sea.

Now the wreck has in some way been driven farther up on the jetty and lays at right angles to the jetty and is wedged under the old framework which stands on a portion of the rock foundation. The wreck is fastened under the framework so that the beams project out over it. This morning the wreck was high and dry. The gasoline schooner Tramp was out and a number of men were aboard the Claremont and were taking off some oil drums and apparently attempting to save the hoisting engines. In its present position the Claremont might remain on the jetty for some time before finally being beaten to pieces.

VOTE ON BONDS

Roseburg People Decide on New Railroad and Mill

(Special to The Times.) ROSEBURG, Ore., June 1.—Good progress is being made by the engineering party which is locating the railroad line from Roseburg to the Cascade Forest Reserve. They are now at work in the Oak Creek Valley, having ten miles of the permanent survey completed. The general interest in this railroad movement is increasing as election day approaches, and it is freely predicted by many persons that the bond issue will carry next Thursday by a majority of at least six to one. In fact, everyone admits that this railroad to the timber will be of great benefit to Roseburg and the entire country.

ANOTHER NOTE WILL BE SENT

Will be Brief and Contain Demand That Germany Make a Satisfactory Reply

RESULT UNCERTAIN

If Germany Does Not Comply May Mean Diplomatic Relations Are Cut Off

MEXICAN WARNING READY

President Wilson Met With Members of Cabinet and Completed Statement for Warning Factious of Southern Neighbors

WILL BE FIRM

His close advisers say he regards it as true reflection of the opinion of the country and will endeavor by his action to express it. Many familiar with the President's previous attitude thought the American rejoinder would be brief and demand an early reply. Failure to meet American representations would, it is freely predicted, result in severing diplomatic relations. This would not be followed by any other steps necessarily, unless American rights are again flagrantly violated.

WILL DETERMINE COURSE

WASHINGTON, D. C., June 1.—No announcement regarding the Cabinet meeting was made further than that the President's statement warning the Mexican leaders to improve conditions would be made public tomorrow. All of the Cabinet officers were especially reserved over what had been said about Germany's reply to the Lusitania note. It is generally understood that while no final conclusion was reached, the President listened to varied expressions of views and that the government's course would be determined by tonight or tomorrow.

PREJUDICES BROKEN DOWN

LONDON, June 1.—War has led to a noticeable increase in social comradeship among English women and has broken down the former prejudice against what are popularly and contemptuously known as "hen parties." Numerous clubs have sprung up, such as the Lady Workers' Club for lonely women earning moderate salaries. This club keeps open from 4 to 9 p. m. on work days and from 2 to 9 p. m. on Saturdays and Sundays. Its objects are purely the cultivation of friendship, without bridge or any kind of propaganda.

CRUSHED BY A TREE

AUSTRIAN KILLED IN WOODS WHERE HE WAS WORKING

Was Employed at Camp One and Found By Search Party Last Night

Isa Grozdanic, an Austrian about 40 years of age, was crushed beneath a tree he was falling sometime yesterday in the woods above Camp 1 and last night was found by a searching party when he failed to return for supper.

The man worked by himself in felling trees. He had been in the camp about six months and was known in camp as "Joe."

Coroner Fred Wilson states that he had \$300 at the post office and more than \$800 in the bank together with other valuables. He is said to have no heirs. The Austrian Consul at Portland will be wired. Bennett, Swanton and Bennett have the power of attorney for the dead man.

PONDER ON FOURTH

MERCHANTS SAY WILL TAKE A "DEAL" OF MONEY

Committee Works Fast and Furious to Get Sanction For Celebration of Nation's Birthday

"To be or not to be" ponder the merchants over the proposed Fourth of July celebration and the question still remains unanswered. R. M. Jennings, chairman of the committee from the Chamber of Commerce having this in charge, says, "They're not very enthusiastic," but it is expected the matter will be definitely decided one way or the other this week.

A canvass of the merchants of the city, said Mr. Jennings, showed but few in favor of donations that of previous years have made the celebration of the Fourth of July possible. Last year approximately \$1,900 was raised this way for the \$2,600 spent in celebrating.

Because of street improvements North Bend has intimated that she is hardly ready for a celebration over there. Mr. Jennings states "we've got to have a good time and I think there will have to be a three days celebration with races, the band and plenty of fireworks."

The committee is working, using every form of persuasion possible to secure funds for the joyful time of the year.

AID BRICK PLANT

MARSHFIELD FACTORY COMMITTEE TRIES PROMOTION PLAN

Propose to Get Contracts for \$5000 Worth of Products of Foxley's Proposed Business

A new plan and a decidedly practical one, is being inaugurated by the factory committee of the Marshfield Chamber of Commerce to assist new industries on the Bay.

The plan is being tested out in connection with the proposition of A. R. Foxley to start a brick yard in Ferndale where a fine bed of shale was unearthed by the recent street excavations. Mr. Foxley wanted financial backing, but the bonus proposition was not favored.

Henry Sengstacken and Dr. Mings have proposed that instead of selling stock in a brick company or paying a bonus to it that Coos Bay citizens contract to take a certain amount of the output after the factory is started. This will insure its business as well as giving it a commercial standing which can be capitalized by private enterprise.

The plan on the Foxley proposition is for the factory committee to sign up contracts to take \$5000 worth of brick. Mr. Foxley agrees that he can manufacture and sell bricks at \$8 per thousand and make a good profit. At this rate the bricks will cost consumers at least 50 per cent less than have been charged for brick heretofore.

W. S. Chandler, who is figuring on some new buildings, has agreed to take some of the bricks. Henry Sengstacken has also agreed to sign up for some and others who propose improvements will likewise do so and it is not believed that much difficulty will be encountered in finding a sale for the \$5000 worth.
