

"That Million Dollar Look"

Go and See This Wonderful Photo-Play—to appear at the Noble Theater Friday night

At our own private and personal expense, we have brought to Marshfield one of the greatest picture plays that has ever been produced.

For years we have been waiting and hoping for some book, or play, or sermon that would make clear the powerful lesson that this picture shows. It is a lesson that makes greater success—business success, social success, personal success, to every man who will take it home to himself—and apply it in his daily living.

We brought this picture to the Noble because we believe that every red-coupled American man who sees it can reap a profit from it—and become a bigger man through it and we want to do our share to get it before as many folks right here at home as we can. It's helped us—we want you to enjoy it's help, too.

We are not going to spoil your enjoyment, your "thrill" and your excitement by telling you here what the story is. Wait and enjoy the surprise for yourself.

We are simply going to go on record with the statement that it will grip you from the first exposure to the last scene and make you say a hundred times: "Why wasn't this picture ever thought of before?"

Men have lost untold opportunities; have sacrificed dearest ambitions; have handicapped the hopes of years, purely and solely through a lack of the knowledge that this picture vividly and dramatically imparts.

Men have euhred themselves out of big business gains, have closed the doors to countless success chances, have defeated themselves, not only in business, but in politics, in society—YES, EVEN IN LOVE—because they never studied and mastered the lesson that this picture makes clear to them.

If you want to play the game of success skillfully and victoriously, if you want to be a dominating factor in life's power circles—

Then don't fail to see "That Million Dollar Look" at the Noble Theater Friday
