ROSEBURG GETS NEW RAILROAD

People Vote for \$300,000 Bond Issue Carrying It by a Big Majority Yesterday

ALSO MEANS MILL

Kendall Bros. of Pittsburg Agree to Run Road to Timber and to Manufacture

PAY ROLL OF \$1000 A DAY

Work is to Start at Once on Both Road and Mill and Project is Biggest Thing That Ever Happened For Douglas County.

(Special to The Times.) ... ROSEBURG, Or., June 4.—The bond election yesterday, carrying a \$300,000 bond issue for a railroad to the forest reserve, resulted 643 to 78 in favor of the bonds. The announcement was celebrated by the blowing of the fire whistle and an open-air band concert last night.

The railroad survey is in progress and grading is expected to begin early in July. The work begins about the same time on the mill of 250,000 feet daily capacity at Roseburg which will be built by Kendall Brothers, of Pittsburg, Pa. The railroad will be 34 miles long.

The Kendalls offered to build the road to the timber, erect a mill at Roseburg, haul the logs to the mill and manufacture them into finished lumber. They have a selling organization which can dispose of any output which they desire. They ask the citizens of Roseburg to issue bonds in the amount of \$300,000 to start the road. They guarantee to finish it and erect their mill.

Assurance was given to the Roseburg people that 200 men would be at work on the railroad within six weeks after the bonds are voted. The new project will give Roseburg a payroll of \$1000 to \$1500 a day.

Local Man Hears C. McGovern, of the Blanco Hotel, today received a telegram from his friend, A. O. Sutherland, in Roseburg, announcing that the railroad bond election there yesterday had carried by a vote of 642 to 78.

Rapidity With Which the Campaign is Successfully Closed Causes Wonderment

CITIES ARE DECORATED

The Condition of the Stronghold Shows That the Russians Were Looking Forward to a Long Siege—Showered With Shells

(By Associated Press to Coos Bay Times.) BERLIN, June 4.—The jubilation through Germany and Austria-Hungary over the fall of Przemyel is mingled with surprise at the speed with which the campaign was brought to a successful end. Vienna, Prague and Budapest witnessed scenes of the wildest rejoicing. Like Berlin, these cities are bedecked with flags.

Conditions within the stronghold show that the Russians were looking forward to a long siege. The Russians had brought reinforcements in to Przemyel from Lemberg and heavy artillery and ammunition from Lubin over the new strategic railroad.

Artillery attacks reached a climax Friday when the forts were literally sprayed with shells. The moment the German commanders noticed a slackening of the Russian fire, the storming operations began. The Russians defended themselves until the last. They had no time to rescue any guns or material.

CONTINUE OFFENSIVE

(By Associated Press to Coos Bay Times.) LONDON, June 4.—Having captured Przemyel, the Austro-German forces are maintaining the offensive with unusual speed along the Gallician front. The troops which broke through the Russian line at Etry are pushing Northward rapidly.

Rome asserts that preliminary movements are continuing all along the frontier, and are developing to the advantage of the Italians.

THINK U. S. PARTIAL

GERMAN PAPER SAYS WE MORALLY SUPPORT ENGLAND

Believe Value of Diplomatic Relations With This Country Are Purely Imaginary

(By Associated Press to Coos Bay Times.) BERLIN, June 4.—The Kreuz Zeitung today says: "We want to remind America once more, that Germany would have stopped the submarine warfare had Great Britain been willing to give up the war of starvation. Now that the war of starvation has failed, America comes forward with an unusual proposal that we shall stop the submarine war. Secretary Von Jagow has pointed out what can be done for the safety of American passengers and ships. But it appears, if one may trust reports, they do not wish to find this way, but rather do they desire to lend their moral support to Great Britain, in whose interests they long ago gave up their neutrality. Let them do it. The value of diplomatic relations with the United States has become rather imaginary."

Investigation However, is Continued at All Places Where He Stopped in France.

SPY MUST DIE

(By Associated Press to Coos Bay Times.) LONDON, June 4.—Official announcement was made tonight that a German spy named Muller had been sentenced to death.

(By Associated Press to Coos Bay Times.) PARIS, June 4.—The charges of espionage preferred by the military authorities against Raymond Swoboda appear unfounded, says the Journal. Inquiry failed to bring proof that Swoboda served as a German spy. It is already established that he had nothing to do with the starting of a fire aboard the steamer La Touraine, a charge which led to his arrest. Although there is no strong evidence against Swoboda the inquiry is continuing in all places in France where Swoboda is known to have stayed.

PRESIDENT'S NOTE READY

Will Likely be Forwarded to Germany Many Late Today—Wilson Consulted With Secretary Bryan and Others on Some Points

(By Associated Press to Coos Bay Times.) WASHINGTON, D. C., June 4.—Ambassador Gerard cabled the State Department today a note from the German government agreeing to pay an indemnity for the damage done by a German submarine to the American steamer Gulf-Light. The note was brief and stated that the ship was torpedoed by mistake in the belief that being accompanied by British patrol boats she was a belligerent vessel, and adding that the Commander did not see the American flag until after the torpedo was fired. Regret was expressed.

(By Associated Press to Coos Bay Times.) WASHINGTON, D. C., June 4.—President Wilson finished the new note to Germany today and laid it before the Cabinet. It probably will be dispatched to Berlin late tonight. No arrangements have yet been made as to the time it will be made public. White House officials said that while the President penned the note himself, he consulted with Secretary of State Bryan over the principles and details.

May Break Off. Today's Cabinet meeting began with all the members practically agreed that the United States cannot consider the German reply responsive and must insist, before diplomatic correspondence can proceed further, upon an affirmative or negative answer to the principle that the lives of non-combatants cannot lawfully be imperiled on the high seas, but that such persons must be transferred to safety before a legitimate prize is destroyed. Should a negative answer be received, diplomatic relations, it is generally believed, could not be continued.

The President also has been in constant consultation with Counselor Lansing and also Attorney General Gregory, who investigated the affidavits that the Lusitania carried guns. The government is convinced there are no grounds for that contention and the note will so inform Germany.
