Many Use Night Ferry.—During the month of June 1,640 people used the night ferry between Marshfield and Eastside according to Captain Cavanaugh. It is not known whether or not the county commissioners expect to put the Transit on the night

run as has been rumored. Captain Cavanaugh states he has a contract only until July 1 though the next meeting of the county court is not until several days after the first. It is believed that the launch will be used at least for another month.

Gives Reception.—Mrs. A. R. O'Brien gave a reception from 2 to 4 o'clock yesterday afternoon at the O'Connell building. A large number of ladies called.

Improve Trestle.—Foreman Emmett Pierce of the Tarheel camp is rebuilding and strengthening the trestle to the log dump at Tarheel and as a result part of his force is taking a vacation this week.

New Sign Is Up.—The new electric sign for the Noble theater was put into place yesterday afternoon, having the name in large letters and replacing the sign "Lemanski", the former proprietor. The work of changing over the sign was done by Roy Lawhorn.

80,000 Cigars Smoked.—A record that seems startling has been made by Glen Hart, of the Lewis and Allen company, who says that on his trip to this vicinity he has sold 80,000 cigars for Coos County smokers. Today 20,000 of the order arrived on the Breakwater from Portland for distribution.

Fortune In Taxes.—A check for \$18,000, the first of the semi-annual Port tax of four mills which was levied last fall, has been received by Anson Rogers of the Port Commission from County Clerk Watson. In a few days \$15,000 of this amount must be sent east where it is due July 1 in payment of the semi-annual interest on the \$600,000 Port bonds.

Call for Bids.—City Recorder Butler is getting out notices calling for bids on two street improvements. One is for the hard surface paving on Tenth street from Elrod to the Tenth Street bridge and the other is for the improvement of Twelfth Court from Elrod to near Golden. Bids on the two will be opened a week from next Monday.

Society in Charge.—The service Sunday evening, June 13, at the Methodist Church in North Bend, will be in charge of the members of the Ladies' Aid Society. There will be some fine music, the church will be decorated and a sermon will be delivered by Rev. Hisey. The ladies extend a special invitation to all families to attend.

To Attend Grand Lodge.—A. P. Davis expects to leave in the morning for Portland. As high priest of the Arago Chapter No. 22 of the Royal Arch Masons he is one of the delegates to the meeting of the Grand Lodge in Portland next week. George Clinkenbeard, also a delegate, will attend and E. S. Bargelt is already there.

Test Other Cows.—It is noticed that State Dairy and Food Commissioner Mickle in causing an investigation of cows in the Willamette Valley and in southwestern Oregon for tuberculosis did not mention those of Coos County. A representative of State Veterinarian Lytle will make the examinations and later the cities

in question will be visited to be shown the results. It is said that more than 750 cows have been signed up.

Baptists Coming.—Dr. C. A. Woody, superintendent of Baptist Home Missions, is expected here next week from Portland to attend the dedication of the North Inlet Chapel June 20. Rev. O. C. Wright State Superintendent of Missions, will precede him here and remain for the North Inlet ceremonies.

Back From Trip.—Rev. G. LeRoy Hall returned overland last night from an extended trip, having taken in the Baptist convention at Los Angeles, the San Francisco Exposition, the Portland Rose Festival and visited his father in eastern Oregon. He says that he is glad to get back to get the "squeak" out of his shoes as it is intensely warm and dry in the eastern section.

Will Wed at Eugene.—C. F. McKnight last evening received a telegram from Attorney Moody, leading attorney for the S. P. lines in Oregon, asking Mr. McKnight to meet him in Eugene this evening. He changed his plans about going over the line and with C. H. Marsh will double back on the line from Gardiner and later meet Mr. McKnight in Portland.

Asks About Clothes.—A letter was received yesterday by Ben Fisher from Alfred Hart, nephew of the owner of the Claremont and who was in the wreck of the vessel on the North Jetty three weeks ago, asking if any of his clothes or belongings had been found or those of Miss Faulkner. "The wreck has been the topic of most of the pink teas for the past two weeks," Mr. Hart wrote from Aberdeen where he lives. None of the belongings of either Mr. Hart or Miss Faulkner have been delivered over for returning.

Coal Goes Sightseeing.—These days when so many people are talking about the Exposition and feeling envious of those who do have a chance to go the story of how a 800 piece of coal went down to San Francisco, turned around and came right back again will prove intensely interesting. Some time ago Superintendent T. C. Russell of the Beaver Hill mine decided to send some huge chunks of coal as samples to the Fair. One he addressed to the local Chamber of Commerce and by mistake it was taken south. It has just been returned and is to be mounted on a special platform in the local rooms together with coal data of this vicinity.

Be Sure How Your Meat is Kept

With the approach of the summer season, our Cold Storage plant becomes more than ever a factor that every meat consumer should consider. The Cold Storage plant at all seasons of the year permits the meat to be properly kept and ripened before being delivered to the consumer but in the summer season when the flies and sunshine threaten fresh meat, you should be sure about the kind of meat you are getting. In addition to our usual excellent meat supply, this week we have some very fine chickens, spring lambs and fresh pork.
