

# Newsy Briefs From All Over the County

## TAKES SCHOOL SITE WITHOUT ENGINEER

### SPECIAL ELECTION AT POWERS SATURDAY DECIDES QUESTION

**A. H. Powers to Present Block on Which \$18,000 Building is To be Erected.**

(Special to The Times.) POWERS, Or., June 14.—By a vote of 35 to 7, the electors of the Powers school district decided Friday to accept the offer of a block of land as a site for the \$18,000 school house, the issuance of bonds for which was voted last month. A. H. Powers, founder of the town and whose name it bears, is donating the block free. The directors had the right to accept the site, but they decided to call an advisory election to settle the site question. The bonds will now be sold and the building rushed.

**Turpen is Architect.** The plans of W. S. Turpen, of Marshfield, for the school were accepted at a meeting Saturday evening. This morning he started bids for the building would probably be opened about July 19 and the actual construction is to start approximately ten days later.

The basement of the two-story wooden structure will be of concrete and one of the play rooms large enough for a gymnasium. There will be eight steam-heated class rooms in the school and between two of these rooms a folding door, thus allowing for an auditorium.

Considerable money changed hands Saturday night on a wrestling match between a man named Reed from Curry County, and a wood bucker from Camp Six.

## NEWS OF GOLD BEACH

### Happenings of Curry County Told in the Globe.

The annual teachers' institute will be held at Gold Beach beginning Monday, June 28. The State Superintendent of Public Instruction and one of the faculty of either the Oregon Agricultural College or the State University at Eugene will be present.

Gas A. Lovgren, a timber cruiser from the General Land Office, with headquarters at Portland, has been in the county. He says that much of the timber in the Rogue River country has matured and should be put on the market before it deteriorates.

R. L. White and family, J. E. Simpkins, his father-in-law and C. B. White and family, and Mrs. Maria White, have arrived from Lake County, California. They have bought the A. R. Miller ranch on Rogue River and have taken possession. They brought their horses with them and have purchased a number of dairy cows.

Attorney Johnson and his wife have returned from Cottage Grove coming by way of the Crescent City and Brookings route.

James M. Miller and family, and his son-in-law, Jack Wilson, have arrived from Myrtle Point. Mr. Miller lost a boat which went over the bar about two weeks ago and was picked up by the steamer Elizabeth. He is trying to recover his boat and in the meantime will fish for the Wedderburn Trading Co.

## CONTRACT IS LET FOR ROAD WORK

### County Court Provides for Improvements in Several Parts of the County

Several contracts for road work were let by the county court at the session last week. About the work the Coquille Sentinel says: The Hall Street-Culler bridge road around the base of the Sherwood Hill south of this city was awarded to Edwin Steinhoff on his bid of \$1,200. Just how soon this work will be begun, however, will depend upon the result of a suit filed this week in the Circuit court by the owners of the Mill property affected. They petition for a review, on the allegation that there were defects in the proceedings.

The contract for the grading of the Fairview-Summer road to Robert C. Train at \$3,750 per rod, and the planing to J. J. Burns at \$11.50 per thousand, which is equivalent to about \$5.75 per rod.

All the bids for the improvement of the Marshfield-Coquille road, in Districts 9 and 15 were rejected, as it was found that the road was not in shape to let a contract now.

## WITHOUT ENGINEER

### MYRTLE POINT COUNCIL DOES NOT CONFIRM APPOINTEE

**P. M. Hall-Lewis Named by Mayor and Others Want Geo. E. Tomney for the Place.**

(Special to The Times.) MYRTLE POINT, Or., June 14.—At the last meeting of the City Council there was quite a heated discussion on the question of who should be City Engineer, which resulted in the city being without one. The Mayor made the following appointments to fill the city offices: Health Officer—Dr. Leslie G. Johnson.

City Attorney—L. A. Roberts. Marshal—J. C. Brown. City Engineer—P. M. Hall-Lewis, of Coquille.

All were confirmed, excepting that of P. M. Hall-Lewis for City Engineer. A petition was presented asking that Geo. E. Tomney be named. The petition was signed by 71 names which is said to be considerably less than half the voters. The Mayor refused to consider the petition and said that he thought Hall-Lewis was a good man for the place. As Hall-Lewis was not confirmed this leaves the city without an engineer.

## PLAN FOR BIG FAIR

### CURRY COUNTY WILL HAVE RACES AND EXHIBITS

#### Roderick Macleay Adds \$100 to \$500 Fund and Agrees to Provide Track and Grounds

Curry county is to have a fair of its own this year and it is to be made quite a big event. From the state the county receives \$500 for fair purposes. In the past this money has been added to the road fund but this year it was decided that a fair would do much to help the county and that it would be best to use the money for that purpose.

Roderick Macleay of the Wedderburn Trading Company agreed if the \$500 was used for fair purposes he would make an additional donation of \$100 for the committee to use as it saw fit and also would fix up the old race track and donate it for the use of the fair.

### Track Still There

The Wedderburn Trading Company property was formerly the estate of the late R. D. Hume who was a great admirer of race horses. Mr. Hume made a fine half mile track a short distance up Rogue river and races were held there every year. The track and all the buildings are still there. Ample stables will provide places for the horses, there is a big grand stand and even a big kitchen which is equipped with a stove. It will take very little work to put all the buildings in shape and Mr. Macleay will have the track put in first class shape and for the first time in many years the old race track will again be the scene of racing contests.

### Good Stock to Show

It is the intention to have exhibits of all kinds. There is some fine live stock in Curry county and a really creditable exhibit of this nature can be made. Running horses from different points will be brought in and it is said that some fine racing can be provided.

The exact date of the fair has not yet been decided upon but it will be some time in August. Special transportation arrangements of some kind will be arranged for so that people from this locality can attend.

## ROY FARNUM GUILTY

### Jury in Douglas County Returns Verdict After Long and Expensive Trial.

ROSEBURG, Or., June 14.—Roy Farnum, who has been on trial in Circuit Court, was found guilty of manslaughter in connection with the death of Edna Morgan, a Cow Creek girl. He was already serving a term in the penitentiary on a statutory crime, a charge brought by the girl's parents, when brought back for trial. The penalty is fixed by statute and if from one to 15 years in the penitentiary. The jury deliberated 22 hours and 29 minutes. It is likely that the case will be appealed to a higher court. It is stated that the trial of Farnum cost Douglas County about \$500.

## CURRY IS LIVELY

### MANY IMPROVEMENTS MADE AT ROGUE RIVER COUNTRY

**Roderick Macleay Is Adding Industries and Will Place Settlers on His Land**

Roderick Macleay, head of the Wedderburn Trading Company, owning the large estate on Rogue River, in Curry county, was in the city Saturday and left early Sunday morning overland for Portland. He expects to return to Curry county in a few weeks and will remain there for the rest of the summer.

Mr. Macleay has a large salmon cannery on his place and packs a large amount of fish every year. He says that the run has not yet started in as big a usual but that soon the fish will be coming in the river in large quantities. He has already this season put up 1,000 cases of salmon. Mr. Macleay says that the opposition cannery, which was built by B. A. Seaborg, is operating but that less than 500 cases have been packed there against the 4,000 so far put up by the Wedderburn Company.

Mr. Macleay's estate consists of 17,000 acres extending along the Rogue river and he owns practically all of the river front for twelve miles up from the ocean. He has been making some extensive improvements. The property is operated under the name of the Wedderburn Trading Company with headquarters at the town of Wedderburn, opposite Gold Beach.

### To Open New Store

The company has a large general store at Wedderburn which has one of the most complete stocks in southwestern Oregon. There is also a store operated at Agness up the river thirty miles from Wedderburn for the people of that locality and now Mr. Macleay proposes to put in a general store at Gold Beach for the accommodation of the people on that side of the river.

### Dairymen Thriving

A cheese factory was built this year at Wedderburn and this has done much to help the farmers of the locality as it has afforded a market for milk and thus distributed cash money among the ranchers. Last month one farmer was paid \$215 for milk. The factory is now handling about 4,000 pounds of milk a day and it is expected that many more farmers will take up dairying which has been found so profitable in other parts of the county, and which the establishment of the cheese factory makes possible.

### Colonizing Land

Mr. Macleay is putting on the market for settlement about 500 acres of his land. This is being surveyed by Engineer Middlebrook of Portland, who is one of the best engineers in the state. It is being divided into 5, 10 and 20 acre tracts which are being sold to actual settlers on easy terms. Mr. Macleay is encouraging buyers to take up dairying or the growing of small fruits for packing. If those who buy his land or those who own farms in that part of Curry county will agree to plant a sufficient acreage in loganberries and blackberries Mr. Macleay will put in a fruit cannery. Having the power and the cold storage house in connection with his salmon cannery it will not be a difficult matter to add the fruit cannery to the other industries. He will agree to pay cash for all berries brought to the fruit cannery and believes that this industry will do much to help the farmers of the neighborhood as well as those who take up his land.

### Importing Stock

Mr. Macleay is planning many other improvements which he expects to carry on this summer when he returns to Curry county. He has already imported blooded cattle and hogs to help advance the herds of the neighborhood and is making extensive experiments to ascertain what crops are best adapted to the locality and with the view of helping that end of the county.

## DROPS INJUNCTION

### ROGUE RIVER CASE TO COME UP IN DIFFERENT WAY

Involves Lines of Cannery Company and Suit Will Be Tried In Equity

The Injunction suit started by the Wedderburn Trading Company of Curry County against the new Seaborg salmon cannery on Rogue River has been dropped by Roderick Macleay, the president of the Wedderburn Company. The matter will be thrashed out in court along other lines.

It was alleged that a part of the new plant projected over on the land of the Wedderburn Trading Company after a survey was made, and an injunction was asked for. Judge Wood of Curry county granted a temporary injunction. This however has been dissolved by the petition and the matter will be brought out in a suit in equity.

## ELECTED DELEGATE

### HENRY SENGSTACKEN ONE OF THREE TO SAN FRANCISCO

#### Attended Annual Meeting Oregon Title Men's Association, Gas Buoy For Harbor

Henry Sengstacken returned via Eugene and Florence yesterday from Portland where he attended the annual convention of the Oregon Title Men's Association. The old officers of the association were reelected and Mr. Sengstacken was honored by being chosen one of the three delegates to the National Convention of Abstractors in San Francisco in August.

Mr. Sengstacken also conferred with the Lighthouse officials. He asked that a gas light buoy be placed at the entrance of the Coos Bay harbor and this was partly promised. They also promised to put in a new buoy or move the old ones so as to mark the rock ledge across the lower Bay channel.

In addition they agreed to have the channel buoys on Coos River fixed. The Manzanita was then out on a trip to this section and it was agreed to, and if possible, have the Manzanita make the changes this trip.

Mr. Sengstacken says that work has already started on the Southern Pacific bridge piers across the Siuslaw. Only three piers will be put in, one for the draw to swing on and one at each end to support it when in place.

## NEWS OF NORTH BEND

Mrs. Jas. Nowlin and daughter, of North Coos River, spent the week end at the home of Wm. Reichert in North Bend.

Rev. Waymyre and wife, formerly Rev. R. N. Lewis, of North Bend, are expected to arrive in North Bend the last of the week.

Mrs. E. W. Fahy, of Bullards, was the guest yesterday of Mr. and Mrs. C. H. Worrell, in North Bend, who returned home with her today.

Mrs. Marion Clarke and daughter, of Ten Mile, were guests of relatives in North Bend Sunday.

Capt. Robert Bressen came in on the A. M. Simpson from San Francisco last evening. Mrs. Bressen, who is a daughter of the late Chas. O. Hanson, of North Bend, has been here for several months.

You can try these three family remedies for only 5¢. For sale by Owl Prescription Pharmacy, Frank D. Cahan, Central Avenue, Opposite Chandler Hotel, Telephone 74.

## Hot in Your Kitchen?

No need of it if you cook with a good oil stove. The heat is concentrated on the cooking—not radiated throughout the room.

### New Perfection Oil Cook-Stove

Abundant heat—always ready at the touch of a match—like gas. Can be turned out the minute you finish cooking. Cooks anything your wood or coal range does—and there's no heavy hods to lug—no dirt or ashes. No odor. Does not taint the food. Ask your dealer. See Exhibit, Palace of Manufactures, Panama-Pacific Exposition. **STANDARD OIL COMPANY (California)** Marshfield

**A COMPLETE LINE OF THE NEW PERFECTION OIL COOK STOVE MAY ALWAYS BE FOUND AT SUMNER HARDWARE CO. MARKET AVENUE MARSHFIELD, ORE.**

**ADMINISTRATRIX NOTICE**

## The Company He Keeps

A storekeeper is judged by the company he keeps—on his shelves. If his goods are live, and popular, he is known as an alert merchant. He thrives accordingly. Newspaper readers who make up the larger percentage of a store's patrons are interested in the goods they see advertised in their favorite publication. They look on these brands as friends; properly introduced. They want to meet them and they will go to the store that keeps them. The live merchant co-operates with the manufacturers who advertise in the newspapers. They show the goods in their windows and on their counters and they profit by the manufacturers' advertising.
