### MUCH MONEY DUE STOCKIN CASE TRIED

COOS COUNTY HAS LARGE AMOUNT UNCOLLECTED TAXES

Claim That Unpaid Taxes of Two or Three Concerns Would Wipe Out Warranted Indebtedness

"If Coos County had its unpaid taxes collected, all the outstanding warrants could be promptly taken up," remarked J. A. Sullivan, former deputy county treasurer who left yesterday for San Francisco. "Besides about \$140,000 of the Southern Oregon company which is lying in escrow pending the outcome of the litigation over the wagon road grant taxes, there is due about \$45,000 on the Boutin timber tract. The Kinney property back taxes are not so large.

"The Boutin people offered not long ago to pay up the back taxes of last year and also this year's tax providing we would remit the penalty on last year's taxes. The treasurer's office could not accept any such terms and referred them to the county commissioners. I think these taxes on the Boutin tract should be collected promptly as they are cutting the timber off the land and the acreage without the timber is not worth much.

**Warrants Below Par**  
"In consequence of this, Coos county warrants are now being discounted five per cent by the banks. The county is suffering a loss from the warrants being below par."

### HOLD AN ELECTION

GREEKS VOTE ON CANDIDATES THROUGHOUT COUNTRY

Those Representing Former Premier Against War on Allies' Side Are Victorious.

(By Associated Press to Coos Bay Times.)  
PARIS, June 14.—An Athens dispatch says that the candidates of M. Venizelos, former premier, who gave up his office on account of the policy in favor of war on the side of the Allies, were elected throughout the kingdom. King Constantine has not been told of the result of the election, as his physical condition continues to cause anxiety.

### HERMANN HAS GONE

CLOTHING AGENT REMAINED ONLY FEW WEEKS

Man Who Recently Talked City Council Out of Paying License Fee Vamooses for Other Parts

Despite his protests to the Council that he intended to remain permanently in business here and his claims that he had been misrepresented when The Times spoke of his previous itinerant trip through this section, Hermann, who advertised himself as "Mitchell, the Tailor," has silently slipped away from the O'Connell building on North Front street. Instead of remaining here even an entire month, he only remained a couple of weeks. Before leaving he showed Marshal Carter and Officer Richardson a telegram purporting to be from San Francisco to the effect that his wife was very ill and that he should return at once. Some think that the telegram was arranged so that he would not be called upon to pay the license which is imposed on itinerant merchants and peddlers.

At the instigation of Secretary Powell of the Coos Bay Business Men's Association, Marshal Carter tried to make Hermann pay the license or put up bond that he would remain here six months. However, Hermann talked the Council out of it.

### MARKSMEN SHOOT

DESPITE HIGH WIND GOOD SCORES ARE MADE

Planning Now on Holding A County Meet Here on the Fourth of July

Despite the high wind that prevailed on their grounds yesterday the Marshfield Gun Club members succeeded in making some of the best scores of months past. They are planning now on holding a county championship shoot here on July 4 with all the clubs of the county participating.

It is probable that Fred Slagle will put up the Dupont trophy for the marksmen and an effort is to be made to secure prize money from the Fourth of July committee on events. Dr. George Dix was high man with 80 out of 100 pigeons. The other score are: Conrad, 79 out of 100, Don William Ekblad, 72 out of 100, Don Gardner, 69 and Dr. Kelly, 57 out of 100; H. J. McKeown, 62 out of 85; V. C. Gorst, 14 out of 25 and Alf Johnson, 13 out of 25.

### TODAY IS FLAG DAY

Marks 116th Anniversary of Adoption of American Flag by Continental Congress

One hundred and sixteen years ago today the Congress of the United States formally adopted the American flag. In honor of the event June 14 of each year is Flag Day. Today on practically every business house in Marshfield and on many residence appeared the Stars and Stripes to mark the occasion.

It was on March 2, 1794 that Congress, then engaged in reconstructing the United States, declared that the American flag should have 13 horizontal stripes, alternate red and white, on for each state admitted to the Union. It was on June 14th of that year that the design was formally adopted.

# COMING ANOTHER CARLOAD OF FORDS

Although we have not even a Ford for demonstration purposes today, the factory is doing everything possible to get more machines to us immediately and we expect a carload in a few days. Some of these cars are already sold and if you want your car this season we would advise ordering now to save the possibility of disappointment later.

If you are not already convinced that the Ford is the logical car for you, investigate what experienced car users are buying.

Orst & King are now operating three nine-passengers Fords on the North Bend line.

Dick Richards has four Fords on the Marshfield-Bandon run. They are using Fords on the Ten Mile line and on the Coquille-Marshfield run. Ford cars on the Umpqua-Coos Bay beach line in service nearly two years have demonstrated the reliability and economy of these wonderful cars.

These are but a few instances of the adoption of Ford cars by men who have compared them in actual test service with heavy cars.

We do not wish you to buy a Ford car because the first cost is low, BUT because the cost of operation afterward is so slight in comparison with other cars that the Ford will literally make money for you every time you use it. The after cost is the big item with most cars, but not so with the Ford.

You cannot afford to overlook these important points in selecting your car. And remember, the Ford always gives you the service—always reliable and simple to operate. The complete cost of operation is but two cents per mile.

Let us demonstrate the Ford's merits for you. We are glad to make terms to suit you.
