NORTH BEND OUTING

Lead by Generals Ottilia Hoelling and Arthur Harris, a regiment of North Bend troopers took Sunset Bay by storm last Sunday. The first victory was the conquering of the rough roads, which was accomplished in an even hour. This was followed by an attack upon the lunch, which was done away with before the reinforcements arrived upon the field. Said reinforcements went hungry. In the afternoon, scouting parties were sent out, some going to Seven Devils and some to Shores Acres. There was a large number of cameras among the troops present and many photographs of the enemies' fortifications were secured.

In the evening, an attack was made upon Sunset Inn and same was very easily taken. Music was furnished by the regimental band, a graphophone, and the evening was spent in war dancing. The general retreat for home started at 9:30 p. m. The only loss suffered during the day was the capture of two of the girls by Major Bill Goddard, of the enemies' forces. This was accomplished single handed, with the assistance of a Ford.

BRICK MAN WOULD INTEREST LOCAL CAPITAL

W. J. Longston, of Coquille, Promises to Secure \$25,000 To Match Similar Local Amount

To interest the Chamber of Commerce in a \$50,000 brick plant W. J. Longston, of Coquille, late yesterday afternoon appeared before the committee on industries. He seeks a promise of local backing to the extent of \$25,000 and promises that O. A. Kintener, of Mound City, Missouri, will match it dollar for dollar.

Mr. Longston states that he has had years of experience at brick making and that he is certain Coos Bay is the proper place for the establishment of a plant with a daily capacity of 100,000 brick. He says that at present brick cost us here about \$12 a thousand and that they could be manufactured here for about \$8 a thousand. The plant would be situated close to the city and to transportation.

WILL HAVE NEW SIUSLAW RESORT

Plan is Filed for Site on Beach Near Florence in Desirable Location

(Special to The Times) FLORENCE, Ore., June 19.—The Siuslaw country will have a new resort place. The plat of Heceta Beach on the beach north of Florence was filed with the County Clerk at Eugene by the Harbor-Sound Investment Company. The townsite has been laid out in streets and alleys which extends to within a short distance of the ocean. At this point and shrubbery and trees are close to the ocean beach and affords a very desirable spot to build a summer home. The beaches north and south are considered to be as good as any on the coast and will eventually become the playground of thousands of people who desire the ocean air and salt water. On the north beach where this new resort has been planned the beach is skirted by a substantial growth of shrubbery and trees, giving a protection from the ocean winds and providing a delightful place for summer residences.

It is the intention of the owners of the tract to grade the street where it is possible to do so and when the proposed plank road from Florence is completed a hotel will be erected.

NEIGHBORHOOD FIGHT Bandon Paper Tells of Remarkable Condition in That City.

Outgoing almost the terrors of the war in Europe are the conditions in a certain neighborhood in Bandon, according to the Recorder of that city. The paper says:

"Several families with numerous children belonging to each, living above Moore's mill and within the city limits, have created a state of war among themselves. The attacks and counter attacks consist of throwing rocks, dead chickens, antiquated eggs or whatever a fanciful imagination can conjure as most likely to incur the displeasure of the recipient. A pan of paste flour or dishwater applied to a window is reported to be a common and favorite pastime and vulgar and obscene epithets are reported to be frequently indulged in. Inasmuch as the respective belligerents live in houses only a few feet apart the interest in the warfare is intensified and is practically continuous day and night, very closely resembling trench warfare in Europe. The landlords are threatened with reduced rent and have taken an interest in the matter—peace officers have been occasionally interviewed or called on to quell a riot and the whole thing threatens to be aired in court in the near future.
