ALLEGANY ITEMS

(Special to The Times)

The directors of School District No. 45 at Allegany are putting in a sanitary fountain which is an improvement on the old system.

Foot's car that was wrecked on the East fork near the Storey place was brought to Allegany this evening to be shipped to town. It was towed down but was not very badly injured.

Jim Parker who took his new car home to Leon Lake this morning says the road is not muddy but rough and needs scraping.

Mr. Stull is repairing the bridge across Marlow creek, one of the stringers is broken. It has been unsafe for large loads for some time. We should have a new one.

BWARE OF RABIES

From the state veterinarian a short time ago received a letter stating that rabies has existed in this state for several months and intimated that it might come into southern Oregon. From Portland comes the news of the death there of Dr. Edgar H. Thornton, a prominent physician, 18 months after he was bitten. He took the Pasteur treatment but his health was gradually undermined and he was forced to give up his practice. Frank Griffith, a chauffeur, also died after being bitten by the same dog. The disease some times takes months and even years to develop itself to a fatal stage.

ASKS RE-BURIAL

Sister of Frank Gilbert, Suicide, Writes from Michigan to Remove Body

Asking for news as to the manner in which her brother, Frank Gilbert died and also that preparations be made at once to have his body removed from the potters field where it is now buried a letter was received yesterday by Police Chief Carter from Mrs. Winifred Pusey, of Bay City Michigan.

The sister stated that but very little information had reached her. Frank Gilbert late in May returned from a year's separation from his wife and after vainly seeking her return to him attempted to take her life. Several shots fired at her went wild and Gilbert shot himself through the temple.

An effort was made at that time to find relatives and, failing to get a response in time, the body was buried in the potters field.

Mrs. Pusey writes that she has taken up with the War Department the matter of the removal of her brother's body, stating that he spent nine years in the Philippines. Newspaper clippings of the affair will be sent to her.
