

MANY AUTOS OUT

REPORT 206 CARS TRAVERSED ROAD SUNDAY AFTERNOON

P. M. Hall-Lewis Says 166 Went to Beach and 40 Returned, Some Being Stage Cars

P. M. Hall-Lewis, county roadmaster came over from Coquille yesterday to confer with Road Supervisor Perkins of the North Bend district and Supervisor Norton of the Marshfield district relative to some temporary work on the old Empire road. Supervisor Perkins has been very busy on the beach road and the new road out of North Bend and unable to do much repair work on the old highway. However he and Mr. Norton arranged yesterday that Mr. Norton's crew should be added to the Perkins crew and put to work fixing up the old Empire road to have it in condition for the Fourth of July travel. Hall-Lewis said that the county would appropriate \$100 out of the general road fund for this purpose.

He said that yesterday afternoon 206 autos traversed the road to and from Empire, 166 cars going to the beach and 40 returning before 12 o'clock. He estimated that between 5,000 and 6,000 people would traverse the road and said that this more than justifies the expense.

TO GET MORE PAY

ABSORPTION OF LOCAL RAILWAY BY S. P. HELPS MEN

Some Members of Train Crews Will Get Increase of 90 Cents Per Day Under New Schedule

With the absorption of the local railway between here and Myrtle Point as a part of the Southern Pacific system, the members of the train and engine crews on the local line will receive a material advance in pay. The pay of locomotive engineers will be increased about 90 cents a day. The others will receive smaller advances. The increase will take effect automatically with the absorption of the line, the schedule of pay on the main line becoming effective.

Until the Coos Bay-Eugene line is entirely completed there will be no announcement of divisions or runs. The service will be put on as soon as the bridge is completed, but will be operated as part of the construction. It will under the supervision of Superintendent W. F. Miller probably, until the new division is formally established.

MOTHER IS DEAD.

Mrs. A. G. Raab, of North Bend, Gets Sad News.

Mrs. A. G. Raab, of North Bend, received a telegram today stating that her mother, Mrs. Hester Deetz, had died at Canton, Ohio. While Mrs. Raab knew that her mother was in poor health, she had not realized that her condition was serious. Mrs. Raab is one of six children. Her father also survives and the death of the mother was the first death that has ever occurred in the family.

PHOENIX SAILS

Leaves Sunday With Ties Under Contract With S. P.

The steam schooner Phoenix sailed from North Bend Sunday taking a load of railroad ties. She made the trip here under contract with the Southern Pacific Company. Part of the load of ties was taken on at the railroad dock in Marshfield and the rest in North Bend. It has been several years, it is said, since the Phoenix last came to Coos Bay. She is a vessel of 256 gross tonnage, 126.5 feet in length, 30.5 feet in breadth with a depth of ten feet.

Shipping men say that at one time the vessel was seriously damaged in San Francisco Bay by the explosion of her boilers, though she was repaired, it is claimed, as good as ever.

DOING GOOD WORK

Dredge Michie Removed 204,000 Yards of Sand in June

James Polhemus who was up from Empire Saturday with the dredge Michie, which was renewing its oil supply, said that they were having an unusually good month in the bar work. So far during June, they have removed 204,000 yards of sand from the bar and have three more days to work.

ENGINEER AND ROADMASTER TO MAKE TRIP

Start Tuesday to Determine Improvements Necessary on Waterways Used for Public Highway

Engineer Charleson of the Port of Coos Bay and County Roadmaster P. M. Hall-Lewis will start Tuesday on an inspection trip of the waterways in the port district used as public highways to determine what work is needed on the various channels. They expect to go over all of them during the week and will report on what part of the expense the county and what part the port will bear.

Hall-Lewis has just returned from an inspection trip over the Allegany and Loon Lake road. He says that Supervisor Stull is doing some fine work and by the end of this season will have all of the bad places on the road improved. Road Supervisor Daggett, he said, was also doing some good work. Mr. Hall-Lewis pointed out that last year over \$12,000 worth of produce was brought in from the Loon Lake district to the Coos Bay market, showing that the road there is quite essential aside from the fact that it accommodates considerable through traffic between Coos Bay and Drain during the summer months.

BOATMEN ON PICNIC

Men Running Gasoline Craft Have Day of Their Own

Tired of hauling to the beach boat loads of gay picnic crowds that make themselves merry with never a thought of the men who brought them there—this fact combined with the good weather, called the commanders of the Mosquito fleet away from the waterfront today and down to the beach, there to join in the sport of having nothing to do for a day. Last night all gasoline boatmen who have craft for hire boarded the Alice H., Captain Smith, and left for the lower bay where they spent the night and today. It is said there was a clam bake to figure in the festivities. The men are expected home this evening.

LUMBER RATES HIGHER

Carriers From Northwest Points to San Francisco Raise Charge Fifty Cents

PORTLAND, Or., June 28.—Rates for carrying lumber from Portland and other Pacific Northwest ports to San Francisco, have increased from \$3 to about \$3.50 a thousand feet in the last two weeks. It is held that the increase is due principally to the fact that many of the larger coastwise carriers have been placed in the offshore trade. Others are plying between the Pacific and Atlantic Coast via Panama canal, leaving all of the smaller vessels to take care of the traffic out of here, Grays Harbor and the Sound to California.

BRINGS SEWER PIPE

From Portland the gasoline schooner Tillamook arrived in shortly after midnight today with about 150 tons of sewer pipe for North Bend. She is expected to sail north again tonight for a cargo of S. P. rails.

WATERFRONT NEWS

The steamer Speedwell which sailed from North Bend Saturday night crossed the bar at 6:30 p. m. the same day.

The tug Gleaner with the barge Lawrence sailed at midnight Saturday for the Siuslaw river.

The steamer Breakwater sailed for Portland at 10 a. m. Sunday.

The steamer Yellowstone with lumber from the North Bend Lumber company, sailed at 12:30 p. m. Sunday.

The Adeline Smith with a cargo of lumber from the Smith mill sailed at 1 p. m. Sunday for Oakland.

The Nann Smith is scheduled to leave for San Francisco today from Coos Bay.

ARRIVES TOMORROW

Because of having to wait for the Australian Boy's Orchestra in San Francisco the steamship Santa Clara is not expected in here from Eureka until tomorrow morning.

Five Are Examined.—Five persons took the civil service examination at the post office on Saturday to secure the marine free delivery mail route up the south Coos River. Their names are withheld and the papers sent east for correction and only the fortunate applicant will be made public.

SUES FOR \$150

Herman Sanford Seeks Amount From F. S. Riebe, of Old Defunct Peoples Cooperative Store

Seeking \$150 which he claims he loaned to the Peoples Cooperative Store, now defunct for the last four or five years, Herman Sanford began suit this afternoon in the justice court against F. S. Riebe, former manager. A jury was drawn composing the following men: J. W. Watts, Jay Doyle, D. F. Barnard, Ben Wright, John Backman and W. E. Hoagland. F. K. Gettins was receiver for the company.

The claim is made by Riebe, so it is said, that the money was due from the store and not from him personally.

TWO GAMES STAGED

COOS RIVER AND HATCHERY PLAY 12 TO 12 CONTEST

Blue Ridge Tigers Bite Dust at Hands of Eastsiders at Daniels Creek Before Good Crowds

More than 150 fans gathered yesterday on Daniels Creek for the two baseball games scheduled there. In the first series the Hatchery and Coos River nines played to a 12 to 12 score and the lateness of the hour prevented their playing off the tie. They retired to allow the stage the Blue Ridge Tigers and the nine from Eastside.

In the nine innings that followed the Eastsiders brought home "the bacon" with a 19 to 3 score over the Tigers who played gamely to the end.

Next Sunday Eastside expects to play at Beaver Hill for a \$25 purse. Wilson, second baseman for Eastside, secured six hits in seven times at bat, and Robinson, pitcher, secured 12 strikeouts. The umpires were V. West and L. Masters.

The box score follows:

Eastside—	H. E. R.
Wilson, 2b	6 1 5

TO SEEK RATES

Moore Decide to Ask North Pacific Steamship Company for Rates on Steamship.

At a meeting of representative Moos of Coos County held yesterday afternoon it was definitely decided to seek of the North Pacific Steamship Company rates for the bringing in here of the Elder or some boat capable of taking the entire delegation to San Francisco next month.

According to C. F. McGeorge, agent for the Nann Smith, it has been decided that this vessel would not have large enough accommodations for the delegation in addition to handling the regular trade.

Harry Fensler was a representative from Myrtle Point and Messrs. D. D. Bishop of the Diocese of Webb and Averill came over from Oregon, accompanied by the Rev. Rob-Bandon to meet the local delegates.

GOES TO CHINA

R. E. L. Bedillion Will Reside in the Orient

(Special to The Times.)
BANDON, Ore., June 28.—R. E. L. Bedillion who formerly conducted a woolen mill here, has left for San Francisco and will go from there to China. He will establish a woolen mill there and have charge of furthering the wool and sheep industry. This industry is one of the new commercial enterprises being fostered by the committee representing the Government of China, now in the United States. They are investigating industrial conditions in this country and have the authority to encourage new enterprises a special bonus being provided for that purpose by the new Republican government.

Mr. Bedillion will be under a two-year contract during which time he expects to instruct the Heathen Chinese how to raise sheep and make woolen cloth beyond which time however his plans have not been made except that he will ultimately return to Bandon where he has lived for 25 years and which he considers home.

He will first go to China to prepare for the establishment of the new business and return to the United States for about sixty days and then return to carry out his two-year contract.

Before leaving Bandon, Mr. Bedillion was given a farewell banquet by the local Knights of Pythias of which he has been a member for many years.
