Strange Fish—True Saling today brought in a strange fish or water inhabitant which is attracting much attention. Mr. Saling says that he believes it is what is called the "Pipe Fish." It is on exhibition at the Gunnery. He caught it near the Creamery.

Morrow at Front—L. N. Miller has received a letter from Dr. E. V. Morrow telling of his experiences in the Red Cross hospital at Lapanne, Belgium. He says there are 1250 cots in the hospital there and that the wounded are being brought in by hundreds daily. He says that they do not get much news, a strict censorship being maintained by the allies.

Love at Sight—The marriage of Claude Moon and Miss Margaret Whelan, which will take place a week from Sunday, is the culmination of a brief romance. This work has been accomplished under the supervision of Engineer Bunnell and, according to Superintendent W. F. Miller, has cost approximately \$1000, as there was much new machinery that came to replace old parts.

Government Sells Sites—In a new role is Uncle Samuel now appearing, that of a site seller. Through the Department of the Interior has come the notice that on July 26 at Polson, Montana, on the borders of the Flathead Lake, which formerly was in the Indian reservation, there will be sold, in two to five acre tracts, land that borders the lake. The land must be bid for either in person or through an agent. Not only is the information being sent out by Uncle Sam, but he has adopted modern
