## Quality is Everything

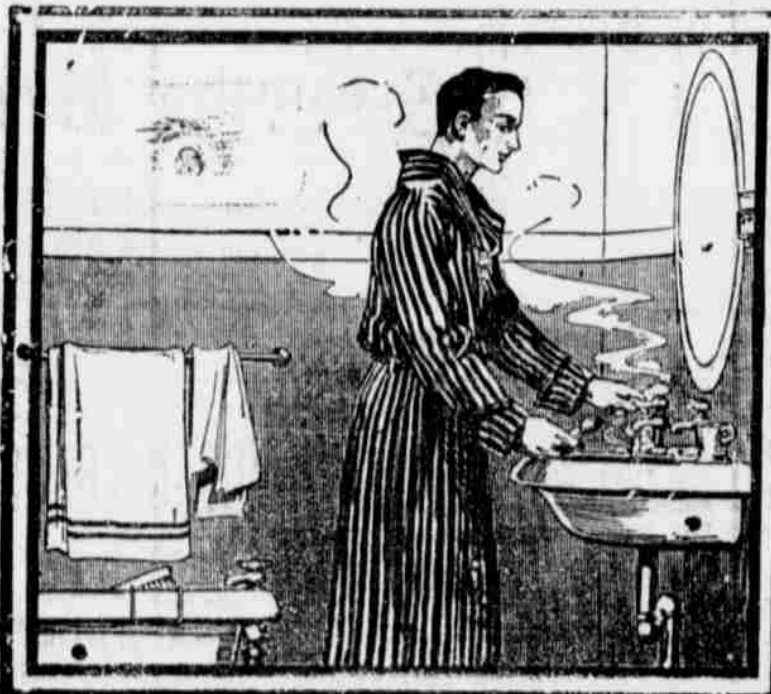

"Naturally, after having spent nine years in buying advertising printing, I have pretty positive ideas on the subject of quality. The chief of these is that you cannot buy satisfactory printing by the yardstick. I have found that there is only one way to get good printing, and that is to find a competent printer and trust him. When I find such a printer I never even think of asking for an estimate. Of course it would be easy for a printer to get the best of me once on this plan, but if he expects me to give him more of my work he will not do it."

The above is quoted from the head of a successful advertising agency who had the buying of immense quantities of printing. Our aim is to deserve the confidence of all buyers of Good Job Printing.

## Hot Water on Tap for Your Morning Shave

Can you name a greater boon than hot water at a turn of the faucet when you must shave in a hurry? And with the gas water heater this is one of the cheapest luxuries you can enjoy. To put up with old-fashioned water heating facilities is entirely unnecessary now.

### A as Water Heater Does the Trick

During the hot, sticky, summer days now close upon us, nothing will be more refreshing than a warm bath or a comfortable shave with all the warm water you want. Arrange now to make your home thoroughly modern. Don't put up any longer with out-of-date methods. The cost is slight, the satisfaction and comfort great. See us today about your water heater.

The concession has been taken by Rudolph Copley, J. W. Motley, Ben Fisher, Will Goodrum and Donald Lawyer. The young men today were busy making their arrangements. The place will be well lighted, there will be furnished, they say, the best music obtainable, and every effort made to make the feature a useful one in the big celebration.

To Weave Shingles  
 A stand was built today for the shingle weaving contest that is staged to take place at the corner of Anderson and Broadway. There are to be six men entered, it is said, and three will contest at a time, all of them having 15 minutes in which to work. The prize will be awarded to the man weaving the most shingles in this length of time. Fred Moore at the Smith mill is looking after the entries and states the men are much interested.

Decorations Go Up  
 The streets and the buildings today had a gala appearance. All day long yesterday and today men were at work putting up flags and bunting. Across the streets long rows of flags were hung, on business houses the red white and blue draped prettily and by tomorrow all will be in readiness for the celebration and the out-of-town visitors.

Parade Announcement  
 Fred Wilson, chairman of the civic parade committee, has issued his final announcement of the prizes that are offered and the rules affecting the parade of Monday morning which is to start promptly at 10 o'clock.

The announcement follows:  
 1. Fraternal orders—1st prize, \$40; second prize, \$20; third, \$10. To be judged upon general appearance and number of members in parade.

2.—Business floats and parades representing businesses. First prize, \$40; second, \$20; third, \$10.  
 3.—Sunday Schools. First prize, \$15; second, \$10; third, \$5. To be judged upon general appearance and number of members in parade.

4.—Most comic float. First prize, \$10; second, \$5.  
 5.—Best decorated bicycle. First prize, \$5.00; second, \$2.50.

Formation and Conditions.  
 All fraternal orders will form on Commercial avenue east of Fourth street facing west.

All Sunday Schools will form on Commercial avenue west of Fourth street, facing east.

All business floats and parades will form on Market avenue east of Fourth street, facing west.

Fraternal orders, business floats, parades and Sunday Schools, will be arranged in the order of their arrival, for formation, that is, the first to arrive will head its particular division in the general parade, and so on.

This parade will start promptly at 10 o'clock and any school, lodge or float not in line at that time will not be allowed to compete.

Those interested in any of these parades are requested to clip this out and abide by these directions.

F. E. WILSON.

### THE SPIRIT OF PATRIOTISM.

IN vain do we trace magnanimity and heroism, in vain do we trace a descent from the worthies of the earth, if we inherit not the spirit of our ancestors. Who is he who boasteth of his patriotism? Has he vanquished luxury and subdued the worldly pride of his heart? Is he not yet drinking the poisonous draft and rolling the sweet morsel under his tongue? He who cannot conquer the little vanity of his heart and deny the delicacy of a debauched palate, let him lay his hand upon his mouth and his mouth in the dust.—Josiah Quincy, 1768.

## RACES ON STREET

MOTORCYCLES TO WHIZ OUT BROADWAY ON MONDAY

Course Will Be About 10 Miles With Finish at Starting Point—Dance Concession Granted

Speed, with all its thrills and trembles, will be the free offering to the populace with the motorcycle races of Monday afternoon, the start and the finish having been so arranged that everyone will have an opportunity to see the "flying speed demons" at work.

Exactly at three o'clock the first machine will leave the corner of Broadway and Central avenue, whizz out Broadway and onto the Coquille road for about five miles and, returning, make the whizzing finish at the same corner from which the start was made.

Taking care to guard against accidents the committee has arranged that one minute shall elapse between the start of each machine, a stop watch being held on each rider. The entire course will be policed to avoid collisions or anyone running across the track.

Have Dance Concession  
 Work was started today on building the dance platform at the corner of Second and Market avenues for the open air dancing which is to start tomorrow evening and will be held on Friday, Saturday and Monday nights.

The concession has been taken by Rudolph Copley, J. W. Motley, Ben Fisher, Will Goodrum and Donald Lawyer. The young men today were busy making their arrangements. The place will be well lighted, there will be furnished, they say, the best music obtainable, and every effort made to make the feature a useful one in the big celebration.

### WATERFRONT NEWS

Captain Herman Edwards has just completed overhauling the steamer Alert and will have her in fine condition for the extra Fourth of July service.

From Bay Point the steamship Adeline crossed in shortly after seven o'clock this morning and went at once to the Smith dock for another cargo. It is expected she will sail again tonight.

The steam schooner Yellowstone, of the Swayne and Hoyt line, is due in here Saturday morning from San Francisco with a cargo for the local merchants.

AD WATERFRONT.

The gasoline schooner Roamer sailed last night for Gold Beach carrying a deck load of machinery. She was detained here waiting for the steamship Santa Clara coming from San Francisco with fresh fruit which will be used in the July 4 celebration on the Rogue River.

Word from the Nann Smith is that she sailed from San Francisco at one o'clock yesterday morning and is expected in here late this afternoon. She is expected to sail south again some time tomorrow, according to Agent C. F. McGeorge.

Entirely repaired and replanked where she was snagged two nights ago the bucket dredge Oregon was again at work today near Goodwills.

## TO LOG NEAR CITY

LARGE TRACT OF WATER CO.'S LAND TO BE CLEARED

Leave 35 Acres to Protect Water Supply—Is Sold Land to be Put into City Lots

Almost within the city limits of Marshfield about 117 acres of land belonging to the Coos Bay Water company is to be logged off and the tract later turned into home sites, according to the statement this morning of J. H. Flanagan. Work is expected to start probably next week, the contract having been let to Walter Condron and Jack McDonald, and it is expected there will be a crew of men at work the remainder of the summer.

Within the entire tract belonging to the water company are 155 acres of land, stated Mr. Flanagan. Of this amount approximately 35 acres will be retained, this being confined to the tract about the reservoir.

The opening of the tract will start now within a few days. The present plans are said to bring the approximate 4,000,000 feet out by way of Fourteenth street, which will probably be repaired and graded to some extent and thence down Central avenue. The logs will be dumped into the bay on North Front street. Arrangements are now being made for the disposal of the logs and it is expected they will go either to the North Bend Lumber Company or to the Coos Bay Milling Company. It is said that it will take at least three or four months to complete the logging.

## SMOKE, NO SCENERY

BRIGHTS OUT LANDSCAPE VIEWS OF SUMMER TOURISTS

New Reason For Guarding Against Forest Fires Says District Forester Cecil in Letter

Explicit following of a list of "don'ts" being sent out by George H. Cecil, district forester, of Portland, will mean an absence of forest fires this year in Oregon. Lists have been received at the Marshfield Chamber of Commerce and an effort is being made to have everyone acquainted with the simple rules.

Interesting is the point brought out by Mr Cecil regarding the smoke of fires. "The smoke settles over the landscape until it is impossible to see the scenery," he writes. It is this point, he fears, that will take much of the sightseeing enjoyment away from tourists. So thus is added another reason why there should not be forest fires, especially during this summer when there are hundreds of visitors going through the state to and from the Fair.

Every rancher, fisherman, autoist, hunter and logger—everyone is appealed to that there may be no fires.

"Put out any fire you see in the forest," says the district forester, "and if you can't, notify the fire warden or some officer or land owner."

"Don't throw away burning matches or tobacco.

"Don't make a camp fire in rotten wood or leaves, or against logs where it may spread or where you are never sure it is out.

"Don't leave a fire until you are sure it is extinguished.

"Don't burn slashings in a dry season without a permit and without care in confining the fire."
