HOLT SUICIDES IN JAIL CELL

Makes His Own Life by Throwing Himself to Floor and Fracturing Skull

IS NOW IDENTIFIED

Proves to be Harvard Man Charged With Wife Murder in the Year 1906

MADE HIS ESCAPE THEN

New York Police Have in Their Possession 134 Half-Pound Sticks of Dynamite With Which He Intended to Wreck Buildings

IDENTIFIED AS WIFE MURDERER

GLENN COVE, July 7.—Frank Holt, who attempted the life of Morgan and who committed suicide last night was today identified as Erich Mueller, the Harvard instructor who disappeared after being indicted as the murderer of his wife, Leona, in Cambridge, Mass., 1906. The identification was made by S. P. Smith, a detective of the district attorney's office of Middlesex county, Mass., Theodore Hillier, of Cambridge, and A. T. Brown, a Boston newspaper man.

DRAMATIC CLIMAX

Scenes of Remarkable Events Closed Life of Holt. NEW YORK, July 7.—The dead and of Frank Holt, assassin, bomb maker and alleged wife murderer, reached over the Atlantic today and menaced two trans Atlantic liners with nearly a thousand men, women and children aboard. Somewhere on the ocean, Holt wrote to his wife, the liner Saxonia or Philadelphia—he was not sure which—could be destroyed today. Holt had big bomb. A dynamite bomb containing 30 pounds of explosive, which Holt is known to have received and which as not been accounted for is believed by the police to be the means Holt had chosen to destroy the ship. While Holt lay today a suicide in a cell at Mineola, where he was taken after his attempted assassination of P. Morgan, the wireless crackled warning to the ships at sea. Nothing More Learned. Nothing more dramatic in the last crowded days of Holt's life than the warning of destruction, was uncovered after his death. His confession that he placed a bomb in the capital Friday, his attempted assassination of Morgan, his suicide, his positive identification as Erich Mueller, alleged wife murderer, former deserter of events with which the threatened destruction of the Philadelphia or Saxonia is fitting as a startling climax.

MRS. HOLT ADMITS

Through Her Attorney Says She Got the Letter

DALLAS, Texas, July 7.—Admission that Mrs. Frank Holt received the letter from her husband intimating that he planned to blow up one or more transatlantic liners with timed bombs was made today by Mrs. Holt's attorney here.

LOOK FOR DYNAMITE

Thirty Pounds Has Not Yet Been Accounted For.

NEW YORK, July 7.—The dynamite with which Holt intended to destroy the Saxonia and Philadelphia, was part of a shipment of 100 pounds received by Holt recently at Sonnet, L. I., under the alias of C. Hendricks. Seventy pounds of the dynamite have been accounted for. Three pounds were taken to Washington for the bomb exploded in the capital last night in a trunk in this city. The police search for the other 30 pounds uncovered no trace today. It is possible, the police said, that the 30 pounds is aboard the two steamers.

CASE NOT HOPELESS

SUBMARINE WARFARE QUESTION WILL LIKELY BE SETTLED

Further Messages Received From Ambassador Gerard Are Transmitted to the President

(By Associated Press to Coo's Bay Times.)

WASHINGTON, D. C., July 7.—Further messages from Ambassador Gerard today transmitted to President Wilson at Cornish, outlining the point of view of the German government on the submarine warfare as embodied in a tentative draft of the German note to the last American note. The dispatches tended to show that Germany is anxious to bring about a compromise on the question of the submarine campaign and that there was an indication in official circles that the proposals in their present form would not be acceptable to the United States. Not Approved. Although what means will be adopted to inform Germany of the disapproval of the United States is not apparent. It is believed, however, Ambassador Gerard will be instructed in a day or two to make clear in advance of the receipt of a formal and final copy of the German note that he is unable to make any comment. Although from press dispatches and other sources it appears the German situation is not regarded in well man proposals are unsatisfactory, the situation is not regarded in well informed circles as hopeless, much encouragement being drawn from the fact that the tentative draft of the note was submitted to the American ambassador.

CANADIANS ANSWER

ENORMOUS ARMY FURNISHED TO FIGHT FOR ENGLAND

Those Enlisted Include Americans Who Had Settled in Western Part of Country

OTTAWA, Can., July 7.—Canada's army for overseas purposes has become quite a formidable force and is now recognized as an effective fighting unit by the Allies' commanders. Already the force in Europe is greater than Wellington commanded at Waterloo, and is equal to the British army at any time in the field in South Africa. There are now in England or France 77,000 Canadian troops; of home defense there are 10,000; in training in instruction camps at Sussex, N. B., Valcartier, Que., Kingston, and Niagara, Ont., Sewell, Man., and Vernon, B. C., 35,000; and at enlistment centers awaiting equipment and mobilization are 28,000, making in all under arms, 150,000. Serving in France. Of the overseas army the first division that has been on active service in France for several months has in addition to its original strength of 20,000 absorbed from the base battalions in camp in England nearly as many more. Another infantry brigade of dismounted cavalry of 4,000 men was added to this force about six weeks ago and a second army division of 20,000 men is in England awaiting orders. It is probable this army division is now being sent across the channel. Enlistment Big. In Canada enlistment is greater now than at any period of the war. The wild enthusiasm of the early stages of the war has been replaced by a dogged determination to see the fight through to the bitter end. In Ontario and the western provinces the enlistment is marvelous. The British-Canadian and the British-born citizens have rallied to their country's call to a man. Double the number already enlisted are available, but equipment and armament are lacking. There are in Canada 4,200,000 British-Canadians and British-born citizens, and of these, about 600,000 are males of between 18 and 35. Americans Serving. Many of the Americans serving in Canada's army, and there are about 3000 of them, were settlers in the western provinces, and the others in many cases gave up remunerative positions, crossed the boundary and enlisted. Several of the latter are soldiers who saw service in Cuba and the Philippines, and many have obtained commissions. They enlisted generally in the western cavalry but as this arm of service is not required in the Flanders campaign they are now serving as infantry. Enlistment among the French Canadians has been a distinct disappointment. Their enthusiasm for the war has not been followed by service or sacrifice. French-Canadian officers have won merited distinction, but they have

BOTH ARE AT SEA

Heroic Efforts Being Made to Notify Vessels by Wireless

By Navy Department SAILED ON JULY THIRD

Information Contained in a Letter Which Holt Wrote to His Wife.—Fear That Part of Dynamite Is Aboard One of the Vessels

PHILADELPHIA SO FAR SAFE

(By Associated Press to Coo's Bay Times.)

NEW YORK, July 7.—American line received a wireless from the steamship Philadelphia saying all was well.

(By Associated Press to Coo's Bay Times.)

GLENN COVE, July 7.—Extraordinary efforts are being made today by wireless, it is said, to decide whether a portion of the 100 pound shipment of dynamite sent Frank Holt at Sonnet, L. I., was aboard the Cunard liner Saxonia or the liner Philadelphia, both of which sailed from New York for Liverpool July 3. It was reported Holt had written his wife at Dallas that the Saxonia or Philadelphia would be destroyed by an explosion today.

REACH SAXONIA

(By Associated Press to Coo's Bay Times.)

NEW YORK, July 7.—Police Commissioner Woods announced the Saxonia had been caught by wireless and advised to steer toward the steamer Philadelphia.

THE NAVY ACTS

Warning Sent by Department to the Two Liners.

(By Associated Press to Coo's Bay Times.)

WASHINGTON, D. C., July 7.—Wireless dispatches have been sent by the navy department to the liners Saxonia and Philadelphia, warning them of Holt's assertion that they were in danger of an internal explosion today. The navy acted after receiving a copy of Holt's letter to his wife from the authorities at Glenn Cove.

OTHERS CARRIED BOMBS

(By Associated Press to Coo's Bay Times.)

NEW YORK, July 7.—Three ships sailing from here and reaching Havre last May, it was learned from an authoritative source today were found to have explosive bombs aboard, the missiles having been placed aboard the ships before sailing from New York.

SAXONIA DOES NOT REPLY

Not Alarming as She May Be Out of Reach

(By Associated Press to Coo's Bay Times.)

NEW YORK, July 7.—At police headquarters this afternoon it was said the Saxonia had not replied to a wireless sent her advising that Holt had written his wife the steamer would be destroyed by an explosion today. Failure to reply is not regarded as significant, as she may have passed out of the wireless zone of communication.

TEXT OF LETTER

Worded Telegraphed to Navy Department and Sent to Vessels

(By Associated Press to Coo's Bay Times.)

WASHINGTON, D. C., July 7.—The text of Holt's letter telegraphed to the navy department follows: "After leaving New York for Liverpool should sink on the seventh. The Philadelphia or Saxonia, but I am not quite sure, as these left on the second or third."

On the margin of the letter to his wife was written: "Dear this off until after this happens."

The substance of Holt's letter was sent to the commanders of both vessels by radio.

been attached to British-Canadian regiments.

Loss is Heavy. According to a recent report, only about 200 of the original 1600 in Princess Patricia's regiment, the crack organization of the Canadian military, answered roll the last time in France. This regiment was one of the first sent from Canada to the fighting zone.

NOTHING DEFINITE

NO WORD YET AS TO CHARTERING NANN SMITH.

Company Would Use Smaller Steamer if Large Vessel Goes Off Coastwise Trade

(By Associated Press to Coo's Bay Times.)

Superintendent Arno Meezen of the C. A. Smith Company states that he has not yet heard anything definite about the steamer Nann Smith being chartered. No positive news has come from the San Francisco office.

Should the Nann Smith be chartered the company will in turn charter a smaller vessel to take care of the passengers and freight business and lumber that cannot be taken care of by the Adeline Smith. It is possible now to secure smaller boats for the coastwise trade but big vessels are in great demand for the off shore traffic and those wanting to charter are willing to pay a good price. By chartering the big vessel to some other company and using a smaller boat on this run for the time being the company would likely be able to make a profit.

TO MOVE WOUNDED

MANY WILL BE TAKEN FROM EGYPT TO MELBOURNE

Australians Will Make Still Another Record for Distance After Accomplishing Big Feat

(By Associated Press to Coo's Bay Times.)

MELBOURNE, Australia, July 7.—Australia has set a number of records for distance including the dispatch of troops thousands of miles, to the firing line and the extraordinary exploits of the submarine AT-2 in covering 39,000 miles before her loss at the Dardanelles. Hundreds of wounded Australians are also to be brought back to the Commonwealth from the hospitals at Alexandria as soon as the heat of the Red Sea has lessened.

The influx will begin about next October or November, but already stops are being taken to cope with the situation. The Red Cross will bear the brunt of the burden and arrangements for money, supplies, hospital room and other necessities are being made. Many offers of private homes are forthcoming although it will be several months before the wounded men arrive.

SEVEN ADMIT GUILT

ARE ARRAIGNED ON ELECTION FRAUD CHARGES

(By Associated Press to Coo's Bay Times.)

INDIANAPOLIS, July 7.—Seven of 132 men faced charges of election frauds in 1914 pleaded guilty when arraigned today. One hundred and thirteen others, including Thomas Taggart, democratic national committee man, the Mayor of Indianapolis and Chief of Police Perrott, asked for a change of venue.

DEAL IN MARRIAGE

BROKERS TAKE ADVANTAGE OF GERMAN SOLDIERS' WIDOWS

Questionable Methods Used to Supply Husbands for Those Who Want to Marry

(By Associated Press to Coo's Bay Times.)

BERLIN, July 7.—The war has given a sudden and unprecedented impetus to the "marriage brokerage" game, and advertisements for husbands, were never so plentiful as at present. Many women exhibit an irresistible desire to get married right away and appear to be quite unconcerned about the kind of a husband they get.

Individual women who want to get married at any cost are not the only ones however who have taken advantage of the unusual situation. The more or less shady matrimonial agencies are making hay while the sun shines, and apparently stop at nothing in order to turn a questionable penny.

Thus many have, in some manner, secured the names and addresses of women whose husbands have been killed at the front, and intrude upon their grief with brazen offers of second husbands. The men for the most part are mere adventurers, but in a few cases are invalided soldiers, either anxious for a home or beguiled into letting their names be used.

Red Cross Gives Opinion Regarding Arrest of Montenegrins

(By Associated Press to Coo's Bay Times.)

WASHINGTON, D. C., July 7.—The American Red Cross officials attribute the arrest of Montenegrin officials in New York and Portland, Oregon, and Bisbee, Arizona, to ignorance of the neutrality laws and over zealousness. All men arrested are charged with conspiring to violate the neutrality of the United States.

HAVE MONEY LEFT

FOURTH COMMITTEE TO MAKE FINAL ACCOUNTING

Believe Expenditures About \$100 Less Than Amount Taken In—About \$1500 Collected.

(By Associated Press to Coo's Bay Times.)

Though there has been no final accounting of the finance committee of the Fourth of July celebration, Ben Fisher stated this morning that there is a good possibility of there being about \$100 left over after all expenses have been paid.

In all, approximately \$1500 was collected, he said, and it is thought now that about \$1400 will cover the expenses.

Most of the money was secured by donations of the merchants, who responded liberally this year, and not in one instance were any of the members turned down when money was asked. On top of the cash thus collected was the money that came in for the street concessions. It is expected that the report will be ready this week to be made public, after all expenses have been paid.

Men today took down the long streamers and flags that have floated over the streets; merchants gathered up the flags and hunting that have graced the fronts of their buildings. The sidewalks were swept and the street sweepers cleaned up the last of the rubbish and once more the city had passed a Fourth of July and settled down to business again.

Berlin Claims That in the West a British-French Attack Was Repulsed

(By Associated Press to Coo's Bay Times.)

LONDON, July 7.—Berlin today announced further progress made on the west bank of the upper Vistula in Southern Poland. In Poland south of the Vistula, the Germans stormed height 95 east of Dolowatka. Petrograd claims a distinct check inflicted on the Teutons near Krasnik, where the invaders threatening an important railroad connection with Warsaw.

In the west Berlin says the British invaded a German trench north of Ypres but were ejected. Between Ailly and Apremont, the Germans stormed the French positions along a front of 1500 yards. Paris says that in this attack the Germans penetrated the first line along a front of 700 yards but were repulsed elsewhere. Paris reports a general Turkish attack on the allies trenches on the Gallipoli peninsula July 5, which was repulsed.

OREGON CAPTURES PRIZES FOR FRUIT

OREGON BUILDING, Exposition, San Francisco, July 7.—In the horticultural awards, the Willamette Valley was given a gold medal on Italian prunes. However, long before the jury announced its decision the public had decided that the Willamette Valley was incomparably superior to any other to be tasted on the grounds.

When it came to processed fruits, the splendid display from the Rogue River Valley—Medford, Ashland and Grants Pass—captured the gold medal and the admiration of every visitor to the exhibit. Douglas, and Wasco counties and the Willamette Valley were each given a silver medal for their fine displays of bottled fruits.

All of the awards in horticulture were made on the showing in the Palace of Horticulture alone, the magnificent display in the Oregon building being excluded from competition.
