The initial outlay for a pair of Florsheims may be more than you have been paying for shoes but the returns will show a larger percentage in length of service, added comfort and individual style. You will be proud of your feet and well satisfied if you wear better shoes of the Florsheim kind.

Fix Holes in Street.—Workmen today are busy under Street Superintendent Lawhorn making repairs in the paving at the corner of Market and Front streets where the paving has sagged away leaving deep holes. In one case it was found that the water from a broken sewer had made the ground about so soft that the foundation of the hard surface pavement had slumped away and another large hole appears to have been caused by a poor piling underneath. The bad places in the paving all along on Front street are to be repaired as soon as possible.

She alleged that she had been discharged and that she had a contract for a year. The attorneys states there were several errors in the instructions of Judge Coke to the jury.
