Too many Coos Bay people spend the best part of their time blowing holes in the atmosphere.

Diamonds of the first water are absolutely pure—but when it comes to milk of the first water, well, that's different.

The Coos Bay man who is looking for trouble invariably finds it—and more.

In after years some Coos Bay married men wonder why they failed to appreciate a soft snap when they had it.

Sometimes a Coos Bay young man gets his feelings hurt because no one will volunteer to make a living for him.

Many a Coos Bay girl shatters her ideal by marrying him.

RESERVES DECISION WILL PLANK HILL

DR. STRAW DENIES USING BAD LANGUAGE

"He Didn't Assault Me Either," Says Ex-Mayor. "He Didn't Black My Eye." Decision Later

Dr. E. E. Straw was arraigned before Judge Butler this afternoon on a charge of using obscene language. Decision of the judge was reserved. The case grew out of the arrest of Hugh Sneddon on a charge of insanity and it was said words were passed between Dr. Straw and Dwight E. Hodge, attorney for Sneddon, who then struck at Dr. Straw. Hodge was arrested for assault.

Three witnesses were examined. Mr. Hodge declared he had been called names and that was the reason he struck the doctor. W. T. Stoll knew nothing of the case, as he was not present. Dr. Straw denied that he had used the words against Hodge. "He didn't assault me either," said the doctor. "I wouldn't have anybody arrested on a charge like that unless he could at least give me a black eye. I didn't even notice him."

SASH AND DOOR PLANT IS TO CLOSE DOWN

Announcement That It Will Shut Saturday for Indefinite Time—Mill to Continue

Manager Arkley, of the Simpson Lumber Company, announced this morning that the sash and door factory of the company would close down next Saturday night to remain closed for an indefinite length of time. There has been a force of 24 men at work in the factory.

This announcement has no effect on the lumber mill of the company as the Porter mill and logging camps will continue at work as has been previously announced. Mr. Arkley says the sash and door factory was closed because of general depression in business.

RUNNING EXTRA TIME

North Bend Lumber Co. Catching Up for Lost Time This Week

The plant of the North Bend Lumber Company is running extra time this week and is putting in twelve hours a day instead of ten hours. The mill was closed down for a week during the Fourth of July celebration and is now catching up in orders.

OFTEN SEES DEER

Driver of the Bandon Stage Line Has Hunting Place Located.

Dick Richards, who runs the Seven Devils auto stage line between Marshfield and Bandon, says that there is hardly a trip that he does not see a deer in the woods along the coast. He says that they seem to appear in about the same place and he thinks he surely has the hunting places staked out when the deer season comes again. It is something quite out of the ordinary that on a trip through a more or less settled country between two cities only a little over 20 miles apart that deer in their wild state should be so often seen.

TEN MILE ROAD OF SOUTHERN PACIFIC WILL BE IMPROVED

Railroad Will Furnish Material and County Will Lay It—Other Minor Road Work Ordered

After inspecting the new road which the Southern Pacific had constructed in place of the county highway which they had taken for right of way, the Coos County Commissioners and Engineer Hindmarsh effected a settlement of the complaints about it. The Southern Pacific is to furnish the material to plank about 400 feet of the road and the county is to lay the material.

Roadmaster Hall-Lewis says that the new piece of road has a better grade than the old road and the only complaint was that it was soft. By putting in about \$200 worth of planking, he says the new road will be superior to the old road.

While in that section, the Commissioners ordered the Menegat bridge braced and strengthened. The Southern Pacific trestle across Ten Mile Creek was approved by the Commissioners. They also ordered a number of muddy places in the temporary road between North Slough and Lakeside fixed up.

Today the Commissioners went to Willamch Inlet to inspect the waterway and see whether the county court will join the Port of Coos Bay in bearing the expense of dredging out some shoals.

KLACKAMA CLUB WOULD BUY SITE FOR PARK

To Stage Pageant of White Men's Coming Again Next Year—Picnic Given The Cast

(Special to The Times.) BANDON, July 13.—At a picnic given on Sunday by Mrs. J. L. Kronenberg to the 72 members of the caste in the pageant held here a short time ago the project was broached to secure for the Klackama club, as a park, the site used by them in the open air performance. Plans were laid for a continuance of the pageant next year, two days to be devoted this time to the affair. Mrs. Kronenberg, with her husband and family, is leaving today for a year in California, but she expects to return in time next year to have all in readiness for the staging of the productions showing the coming of the white men to Coos.

WRITES FOR LOST BROTHER

William Cox Finds There are Others Bearing His Name

William Cox has discovered that there are others in the country who bear his name. Recently there was printed in a Portland paper a picture and story of Mr. Cox's twin boys. This was of course seen throughout the state and now Mr. Cox has received a letter from Mrs. Charles Gossett, of Latorelle, Oregon. She writes that her brother, William Cox, left home 18 years ago to work in a logging camp and that she has never heard from him since. She suggests that he would probably like to see her again and to visit his mother and father, and asks Mr. Cox if he is her brother.

The Marshfield William Cox is not the long-lost brother who is being sought, but the name is the same. He answered the lady, who will doubtless be disappointed when she finds that her hopes of finding her brother are gone.

SCHEDULE ADOPTED BASEBALL SCORES

COOS BAY BASEBALL LEAGUE TO FORMALLY START SUNDAY

July 18 Marshfield to Play at Sumner; Beaver Hill at Daniels Creek; and Hatchery at Eastside.

The season's schedule for the teams of the Coos Bay league has been effected and will be put into operation next Sunday. The five teams have already identified their intention of remaining by the rules to be drawn up. A game has been arranged for each team each Sunday until five contests shall have been played, one with every other nine.

The possibility of one team drawing away the players of other teams has led to the belief there should be a rule going into effect a week from Sunday, July 25, giving this as the last date that players can be transferred from one team to another.

Nothing has been done regarding the forfeit to be posted by each of the teams and it is probable that each team will be put on its honor to do its best and failing any time to appear, except in the case of rain, will forfeit the game to the opposing team.

The schedule follows: July 18—Marshfield at Sumner; Beaver Hill with the Tigers at Daniels Creek; Hatchery at Eastside. July 25—Eastside at Marshfield; Sumner at Daniels Creek; Hatchery at Beaver Hill. August 1—Marshfield at Beaver Hill; Eastside at Sumner; the Tigers at the Hatchery. August 8—Tigers at Eastside; Hatchery at Marshfield; Sumner at Beaver Hill. August 15—Beaver Hill at Eastside; Marshfield at Daniels Creek; Sumner at the Hatchery. Games to be played at home—Marshfield, 2; Beaver Hill, 3; Tigers, 3; Hatchery, 2; Eastside, 3; Sumner, 2.

MILL TO BE LARGE

Kendall Brothers Will Erect Large Structure at Roseburg

(Special to The Times.) ROSEBURG, Ore., July 13.—The plans for the Kendall Brothers' Mill call for a building 550 feet long and 160 feet wide, with an annex 225 by 300 feet in size, all under one roof. In addition, there will be other buildings. There will be a mill pond sufficient to hold 3,000,000 feet of logs and a large area of land will be occupied by the company.

CHATAUQUA HELD

(Special to The Times.) ROSEBURG, Ore., July 13.—The big Chatauqua meeting which opened Saturday night is in session and is being largely attended. This is the fourth annual event of the kind and a big tent was erected in which to hold the sessions.

GEARHART—F. A. Nichols, of Portland, was elected president of the State Pharmaceutical association which has been in session at Gearhart.

THE FASHIONS OF WAR

Madam would like to choose a gown? We've something charming,—very. You see, the styles we're showing now

Are strictly military! Of course, this war is very sad, but ladies must be dressed,— And so, in spite of troubled times, We strive to look our best. This little French tri-colored gown is being copied much,— They wear an eagle on the hat To give the German touch. The military epaulets— The chevrons on the arm— The buttons cut like cannon balls— Could never fail to charm! Then, with this gown, I'd just suggest (It really isn't shocking) That darling little red-cross sign Embroidered on the stocking. Of course, this war is very sad, but ladies must be dressed,— And so, in spite of troubled times, We strive to look our best. Selected.

COAST LEAGUE GOES TO NEW FIELDS OF ADVENTURE

Boston and Detroit Vie for Big Scores and Former Wins With 15 Runs to Her Credit

(By Associated Press to Coos Bay Times.) PHILADELPHIA, July 13.—John McGraw, manager of the New York Giants, in an interview here, declared that the teams of the National League are weaker this year than he has seen them in 20 years. He accounts for this fact with the statement that only a certain number of good players can be produced every year.

"He Started in Life a Poor Man" Read about the lives of rich men and you will find as a rule the statement, "He started in life a poor man." Competency was only acquired when the habit of saving was formed. No man who exchanges his labor for money is too poor to start a bank account. Wealth depends upon what you save—not on what you earn. This bank accepts savings accounts in any amount—the small depositor is always welcome. It pays interest on time deposits. Start that account now. Having is the result of saving.
