AIRCRAFT FLOTILLA

British Admiralty Will Use Craft Given The Government.
 [By Associated Press to Coos Bay Times.]
 LONDON, July 15.—An Imperial Aircraft Flotilla is being formed by the Admiralty, consisting of aeroplanes presented to the Royal Flying Corps by various sections of the Empire. Six aeroplanes have already been presented, coming from Hong Kong, British West Indies, Gibraltar and South Africa. Additional machines have been promised by Nova Scotia, Saskatchewan and New Zealand. Hong Kong has provided three, at a cost of \$22,500, one aeroplane being paid for by the Chinese partners of the Tai Yan Bank.

 Pacific Coast Borax Co.

The modern tendency in washing is to get away from the brown soaps and to use a white soap exclusively. It is much better to have one kind of soap that will serve at all times, whether the work is light or heavy, the material coarse or delicate. One of the things demanded of modern soap is that it shall be free from harmful ingredients, such as rosin and free alkali, and that it shall not be wasteful.
 To a remarkable degree 20-Mule Team Borax soap fulfills these requirements of what a good soap should be. The cleansing agent depended on is not rosin or free alkali, but pure Borax, absolutely non-injurious to the clothes or colors. A binder containing coconut oil is used making a very smooth and rich piece of goods. Carefully dried before it leaves the factory it is a hard bar when it reaches the tub, which need not be redried out again, and which does not wash away easily.
 Absolutely safe for woolens, flannels and colored goods, and non-injurious to the hands, 20-Mule Team Borax soap represents the highest accomplishment of the soap-makers' art.
 Look for the 20-Mule Team Trade Mark

planning a big celebration of the couple's fiftieth wedding anniversary in January. Mr. and Mrs. Lars' are among the old pioneers of Coos Bay.

Wedding Anniversary—Capt. and Mrs. Alfred Matson celebrated their forty-fifth wedding anniversary July 12. Only members of the family participated in the joyous event but their many friends have united in wishing the venerable couple many more such happy anniversaries.

Bandon Party—H. J. McDiarmid, Walter Wells, J. T. Sullivan and Mr. Gallier came over by auto yesterday from Bandon to attend the Elks meeting. They came over in Clint Malehorn's Ford, making the trip via Empire in about two hours. Mr. Malehorn drove through from Port Orford yesterday, leaving there at 1 o'clock. A. J. Marsh came up with him.

Improve Road—Clint Malehorn, who was here from Bandon says he has two crews running his tractor engine hauling gravel for the Curry County roads. He says the tractor is far superior to the auto trucks and is not as hard on the road. Many ties are being hauled and the rate for hauling them is thirteen cents apiece. S. G. Whitsett is now operating most of the auto lines out of Bandon, Mr. Malehorn says.

Work is Rushed—That this summer and early fall may see the completion of the paving in North Bend, Superintendent Ashby this morning started two crews, working on a double shift. The first began work at 4:30 a. m. and worked until 12:30 p. m., making way then for the second shift that comes off duty at 8:30 this evening. An effort is made to get to the paving of Virginia and McPherson as quickly as possible.

Comes Back in Auto—Charles Hall, of the telephone company, accompanied by his wife and family, returned last evening in his machine from Portland. Mrs. Hall and children have been visiting with relatives in Hood River. They took two days for the trip here from Portland, stopping at Salem and Sutherlin en route. On the trip north Mr. Hall accompanied by Herbert Lockhart and Roy Gill, made the run in 16 hours running time. He said the best road out of Junction City north is along the west of the Pacific Highway.

BAND NOT TO GO

The Moose lodge has decided that it will be impossible to take the band to the Exposition July 25 because of great expense. An effort to raise the necessary funds was unavailing, according to Mel G. Duncan. It is not believed now that the Elder will be brought in here on a special trip.

REPORT ACCIDENT

It was reported here this afternoon that there had been an auto accident between Bandon and Coquille in which one man had his leg broken but no one could be found at either Coquille or Bandon who knew anything of an accident today.

AMONG THE SICK

Mrs. C. B. Curtis, of North Bend, is quite sick at her home and is under a physician's care. She is reported a little better today.

Mrs. Ned Galloway was operated on this morning at the Mercy hospital for appendicitis. She went there four days ago and is said to be recovering very well.

Mrs. W. T. Stoll and son have returned via Seattle from River Falls, Wisconsin, where they have been visiting with Mrs. Stoll's parents, having gone east with them about two months ago.

W. W. GREENWOOD and wife of Seattle are expected here Saturday to visit at the home of their niece, Mrs. G. W. Kaufman. They have been attending the Exposition and are en route home.

MR. AND MRS. GEORGE HOPKINS, of Oshkosh, Wisconsin, who have been visiting the San Francisco fair, stopped on Coos Bay on their return trip to visit Mrs. James Conro of Plat B and S. A. Conro, of Allegany. They left for their home this morning, via Roseburg.

LOOKS OVER COUNTY

PROMINENT EASTERN TIMBERMEN HAS BEEN HERE

Edward J. Young of Madison, Wis., Has Been Inspecting his Locality.

Edward J. Young, a prominent timberman, who has been looking over this part of the country, left yesterday. Mr. Young is of the timber and lumber firm of Young & Stephenson of Madison, Wis. He did not make known his purpose of visiting here but it is said that while in this locality he was engaged in having timber cruised and it is thought possible that he may have on foot negotiations for purchase of timber in this part of the coast.

DR. WELLS TELLS OF THE CHURCH'S NEEDS

Editorial Secretary Speaks at Big Christian Endeavor Gathering in Session in Chicago

[By Associated Press to Coos Bay Times.]
 CHICAGO, July 15.—At Sunday's session of the World Convention of Christian Endeavor workers, Dr. Amos E. Wells, editorial secretary of the United Society of Christian Endeavor, spoke with zest on the need of efficiency in church work.

"If a man must be trained to run a locomotive," he asked, "is the way to heaven less important than the way to New York?"

"A man must be trained to teach a mission study class? Are not missions transforming the world more than the Romans ever did?"

"We insist on efficiency in the world's work; why not in church work? Is it not plain that the concerns of our endless life are infinitely more important than the digging and delving, the buying and selling, the losing and gaining of this instant on earth, and is it not the height of folly to educate men elaborately for the last and not at all the first?"

"Yet in general, even now, the average Christian is not doing any definite and systematic work for Christ; and the Christians that are working definitely and systematically, stumbled, most of them, upon their work, and blundered along blindly for lack of training."

"If the average Christian were trained in giving, the mission boards would need to advertise that they had more money than they could use."

"If the average Christian were trained in temperance work, a saloon would soon be as rare as the kettle of a cannibal."

"If the average Christian were trained in look-out committee work, all the carpenters and masons in the land would be kept busy enlarging the churches and building new ones."

"The world puts us Christians to shame. All occupations are crowded but the highest of all occupations, Professional schools are lengthening their courses and stiffening their requirements, but Christians rebel at the simple, elementary requirements of the Christian Endeavor pledge."

In continuing his address, Dr. Wells set forth how the Christian Endeavor Society was prepared to meet the needs of a training school for the church.

HAS GOOD SUPPLY
 Norway Has Large Amount of Flour On Hand Now
 [By Associated Press to Coos Bay Times.]
 CHRISTANIA, July 15.—The public committee having supervision of food supplies has issued a statement to the effect that Norway is assured of sufficient flour and wheat for the present year, due to the fact that so much has been imported from the United States. Prospects for the Norwegian crop are poor, as there has been no rain to speak of in ten weeks and cold weather with much wind has prevailed throughout the summer. In many places the farmers have suffered from the lack of hay, as much of the surplus from last

HAVE JUVENILE COURT

Japanese Will Follow American Plan With Children

[By Associated Press to Coos Bay Times.]
 OSAKA, Japan, July 15.—As a result of a visit of Judge T. Kakiyama to the United States, a juvenile court has been opened in Asaka. Juvenile criminality, according to statistics, is on the increase in Japan. Judge Sato of the Osaka Court of Appeals attributes it to moving picture shows and a fall in the standard of life in the household.
