Everyone who expects to use water for lawn or garden sprinkling is required to sign an application and make payment before using any water for this purpose. The rate fixed by the Railroad Commission for sprinkling is \$1.00 per month for each 5000 square feet (50 by 100-foot lot, or less, building space included. Payment of four months, or \$4.00 in advance allows use for one year in advance for lawn sprinkling, washing windows, porches, etc., but if paid by the month use is only allowed during the month paid.
The rules filed with the Railroad Commission require that payment be made in advance each month before using same and that sprinkling be done only between 6 and 8 o'clock, morning and evening. No reduction in rates will be allowed in case water is not required for sprinkling every day of the month. If water is used for sprinkling without payment having been made in advance or outside of sprinkling hours, the service may be entirely shut off and not turned on until \$1.00 penalty has been paid.
