SCORES HURT IN BIG RIOT

Trouble at Oil Company Plants Results Seriously for Many Who Took Part

TWO MORE DYING

Fourteen of Those in the Hospital Are Regarded as in Serious Condition

THROW STICKS AND STONES

Hot Shots Fired When Strikers and Officers Come Together—Three Are Killed Outright—Deputies and Police Reserves Are Called

NEW YORK, July 23.—Comparative quiet prevailed today around the Standard Oil and Tidewater Oil companies' plants, closed because of the strike of 1000 men in the Standard Oil plant and the resultant disorders whereby three men were killed and scores injured.

Another outbreak occurred some distance from the plants when the sheriff marched with fifty deputies, to arrive, to relieve the guards. Crowds threw sticks and stones. Several shots were fired. The police reserves were called to restore order.

Severely Hurt Fourteen of the injured are in various hospitals suffering from severe wounds. Of these the surgeons think John Surgen and Michael Seizee cannot live.

DELIVERED TODAY

NOTE TO GERMANY HANDED TO THE FOREIGN OFFICE

Reaches Berlin During Night and is Presented by Ambassador Gerard This Morning

BERLIN, July 23.—The new American note to Germany reached here during the night and was delivered to the foreign office by Ambassador Gerard at 10:12 today.

Contents Secret The American note, which was very long, came in seven sections, of nature of the communication being kept carefully guarded at the American Embassy. Ambassador Gerard discussed parts of the note formally with Foreign Minister in Hagow, but had nothing to give out.

LONG ROAD OPENED

COOS BAY TO NEWPORT ON COAST NOW POSSIBLE

With the blasting off of the rocky ledge at Bray Point on the Lane county Coast it is now said there is an open wagon road from Newport to Coos Bay along the coast, with the exceptions of the ferrying at must be made at Yaquina Bay, Siuslaw and the Umpqua Rivers. Many years have been taken for completion of this work. For a while the road was held up by out Cape Perpetus until the government, through the Bureau of restry, appropriated money for a road. Men for weeks, on stages over the cliff, put in dynamite and eventually blasted out a foot- ing on the ledge many hundreds of feet above the water.

Along some parts of the coast five Florence farmers had lived years on their little places back the mountains with never a slight wagon. All their provisions were taken in on horseback and the products taken to market in similar manner.

However, much of the road still is considerable improving. Autos in stages have long had service in Coos Bay as far as Florence; worst of the road being above that point. It is believed that some this entire thoroughfare will be opened that machines will be the trip all the way through Newport from Coos Bay.

A New Feature For Subscribers of The Times

THE aim and ambition of The Coos Bay Times is to be a clean, high-class family newspaper filled with all the news that is fit to print, and interesting and entertaining reading for every member of the family. Heretofore it has not been well provided with a feature for the most important members of every family—the children. This omission is to be remedied by the addition of a high grade magazine section, including two pages of colored, comes the first of which will be issued with tomorrow's paper.

This new feature has been added at considerable expense but it is worth it in the increased interest it will create for The Times with all members of the family.

In addition to the comics for the "kiddies," there will be a page of thrilling tales of love and adventure and also a page of special interest to women. It will be filled with recipes, household suggestions and beauty hints.

The Times is not given much to boasting of its excellence as a newspaper but the thought comes now and then if the people of Coos Bay realize what an excellent paper The Coos Bay Times is for a small city. It is increasingly better every month. It gives the latest, largest and most complete news service in Southwestern Oregon. It gives the most complete war news service. It gives all the important news of Coos County, of Southwest Oregon, of the State and Nation and of the world.

If it is local news you want, if it is telegraphic news you want, if it is county news you want, if it is war news you want, and finally, if it is a colored supplement you want for the kiddies you will find them all in The Coos Bay Times.

The Times has shown its faith in Coos Bay by installing the best and most complete printing plant in Oregon, outside of Portland. Its equipment is ample for printing a newspaper in a city of 20,000 people, and its pay roll will compare favorably with any small factory. It merits all the patronage the community can bestow, because increased patronage means a better paper, and a larger payroll and a greater Coos Bay.

WILL EAT RABBITS

England Seeks to Relieve the Shortage of Meat

LONDON, July 23.—A leaflet on rabbit breeding has been issued by the Board of Agriculture with a view to helping out the meat shortage. In normal times nearly \$3,500,000 worth of rabbit flesh is imported into Great Britain annually, mostly from Australia. Double this quantity, it is pointed out, could easily be raised in the kingdom by feeding the rabbits on potato peelings and other vegetable waste.
