**Deputy Warden.**—Cal Wright is reported to have received his appointment as deputy game warden to assist Deputy Warden Thomas. Mr. Wright has bought the cigar and confectionery store on South Broadway from Mr. Conklin who recently purchased it from another party.

**Visits Coquille.**—Mrs. Alex Sandon and three children of Marshfield are visiting for a few days at the home of Mrs. Sandon's uncle, Mr. A. T. Bolden, in the north part of the city. Mr. Sandon has been on the carriage in the big Smith mill for seven years.—Coquille Sentinel.

**False Alarm Today.**—This morning Mrs. Elizabeth Adams received word from Coos River that someone had broken into her ranch house and was removing goods. She hurried to Justice Pennock's office where a warrant was issued for "John Doe" and then she and Constable Cox hastened to the ranch in a speed boat. When they arrived, they found that nothing had been molested and apparently no one had been in the house recently.

**Going to Nevada.**—Herman Fisk, who has been in the county for several years and who has recently been engaged in the tie business, will leave Monday for San Francisco and expects to go from there to Ely, Nevada, where he was formerly engaged in mining. He will be accompanied to San Francisco by L. C. Freeland who recently made a deal for disposing of some South slough mining property which he expects to have developed.

**Offers Reward.**—Miss Hattie Bledsoe, owner of the buildings at Coquille which were destroyed by fire this week and who was visiting Mrs. Wm. Holland in Marshfield at the time of the conflagration, has offered \$500 reward for any information that will lead to the conviction of any parties setting fire to the structures. P. C. Lever whose moving picture show was burned out has started up in the other show-house which was recently closed.

**Suit is a Foreclosure.**—Martin Steckel of Eastside stated today that the suit against him by F. J. La Palme and wife was a foreclosure of a mortgage on Steckel's home property. When Steckel bought the LaPalme store, he gave this as security for the unpaid balance. Later when business failed him, he made an assignment of the store to the Sperry Flour company but this did not involve LaPalme who was protected by the mortgage on the house which was not included in the assignment. The Sperry Flour company is included in the foreclosure proceedings. Mr. Steckel says, because if there is a balance after LaPalme is paid it will go to the company as assignee for distribution among the creditors.

## To Our Customers;

We are very sorry to state that we will not be able to deliver our canning peaches on Monday as stated for the reason that the Coos Bay Produce Co. will not be allowed to sell us. Our brother merchants have told this concern that if they sold us that they (the merchants) would boycott them and hence the result and why are they doing this? For the simple reason that we were going to sell them for 60c per box when the other merchants were going to sell them for 75c. But remember this we will fill all our orders at 60c per box, and we will continue to sell them for 60c for we can get all the peaches that we want but it will be a matter of a few days until we can get them here.
