COQUILLE LAWYER IS GIVEN BAD BEATING

Myrtle Point Man Severely Punished Him at Bandon—No Arrests Made in Case So Far

The following from the Bandon World evidently refers to a Coquille man who was refused a license to practice law in Coos County.

"A rather portly individual, locally as 'the Coquille lawyer,' will be repaired and installed, and the balance of the machinery is being hauled from an old mill on Elk River in Curry county. The Richards saw mill in Dew Valley which has been closed down several weeks, started up again this week and is now turning out local fir orders. The mill put out white cedar lumber exclusively at first but the price has dropped to such a ridiculous price at San Francisco that it was a losing proposition to continue.—Bandon Recorder.

SIUSLAW BAR REPORT SHOWS TWELVE FEET

Says There is Two Feet More Water Than Last Year and That Entrance is Much Safer Now

FLORENCE, Ore., Aug. 24.—Engineer F. E. Lee has just received a blue print of the bar survey recently made by Engineer C. R. Wright.

The last survey shows the depth of water in the channel all the way across the bar at low tide is now 12 feet or over which gives a depth of 18 feet at high tide. This is an increase of two feet over the controlling depth a year ago, which was ten feet.

The map shows that conditions of the bar following the construction of the jetties have changed a great deal for the better, so far as navigation is concerned and is now much more safe for vessels entering or leaving the harbor.

BECK AGAIN INJURED

Employee at Government Quarry Pinned to Ground by Large Rock

W. F. Beck, employe at the government quarry, who was recently injured when struck by a rock, was again injured in a similar manner. He was running to get away from a blast when he fell, and before recovering his feet a boulder weighing between 500 and 600 pounds rolled onto him. Beck was taken to the Emergency hospital in care of Dr. Leep, who states that unless internal injuries develop, he will escape with superficial bruises.—Bandon Recorder.

TIMBER AND WATER

Besides ruining Coquille's beautiful setting, when the fir timber was cut on the hill east of town, it has had a detrimental effect on the city water supply. Heretofore the water has been cold, even in July and August, and with the shade removed from a reservoir a difference of several degrees in the temperature of the water is noticeable.—Coquille Sentinel.

GARDINER BRIDGE WORK

Center Pier of New Structures to be Built First

The Gardiner Courier says: "It is reported that the first work on the bridge across the Umpqua will begin on the center pier of the draw, the work probably being conducted from Bone Island and working towards the bank of the river. Three piers will be used in driving the piling for the work. The Gardiner Mill Co. is getting out the piling to be used, bringing them down from Joe Hunt's camp and loading them in the company's boom below the mill."

PEOPLE'S FORUM

The Coos Bay Times will be pleased to publish letters from its readers on all questions of public interest, giving his or her address, and so far as possible limited to 250 words. In publishing these letters The Times does not endorse the views expressed therein; it is simply affording a means for the voicing of different opinions on all questions affecting the public welfare.

THE FINAL DESTINY OF THE NATIONS

Editor Times:

When the Lord comes to establish his kingdom on earth, he will not find peace among nations, but they will be fighting the battle of Armageddon in the valley of Jehoshaphat in the Turkish Empire in Asia. The nations will not be prepared to receive him as King of kings and Lord of lords, but, on the contrary, we are told in Sacred writ that the nations were angry. "And I saw the beast, and the kings of earth, and their armies, gathered together to make war against him." And out of his mouth goeth a sharp sword, that with it he shall smite the nations; and he shall rule them with a rod of iron; and he treadeth the winepress of the fierceness and wrath of the Almighty God." Rev. 19:15.

Paul tells us that just before the Lord comes the second time to deliver his own, the world is being deceived by false doctrines of "peace and safety." 1 Thess. 5:3. The nations of this world will never crown Christ as their king. Some of our so-called reformers who are trying to induce people into the kingdom of God by the force of civil statutes, and to usher the kingdom of God into this world through the gateway of politics, are working on a plan that can only raise false hopes. This present world, with all its plans, is

TWO SMALL MILLS START NEAR BANDON

Cox & Griffith Move Old Plant From Elk River, Curry Co., to Bradley Lake—Richards Starts

Cox & Griffith, whose saw mill on the Bear Creek road was recently destroyed by fire, are putting up another on Mr. Cox's land near Bradley Lake, where he has 240 acres, some of which is heavily timbered. A portion of the burned equipment will be repaired and installed, and the balance of the machinery is being hauled from an old mill on Elk River in Curry county.

The Richards saw mill in Dew Valley which has been closed down several weeks, started up again this week and is now turning out local fir orders. The mill put out white cedar lumber exclusively at first but the price has dropped to such a ridiculous price at San Francisco that it was a losing proposition to continue.—Bandon Recorder.

KENDALL RAILROAD SURVEY IS RESUMED

Engineer Von Plata Expects to Complete Preliminary Work on New Road in Two Months

ROSEBURG, Oregon, August 24.—F. M. Von Plata has notified local parties that he will arrive in Roseburg next Monday morning preparatory to resuming the survey of the proposed railroad from this city to the line of the Umpqua National forest. It is believed that at least two months will be required to complete the survey as far as Rock Creek. Mr. Von Plata will be accompanied here by Mr. Harding, who will have charge of the field work. The office data will be furnished by Mr. Von Plata, who is chief engineer for Kendall Brothers.

NEW LAUNCH FINE

The Gardiner Courier says: "The launch built by Fred C. Schulte for Captain Cornwall was launched last Sunday afternoon and brought over from the Schulte Boat Works to Gardiner that evening. The boat is a beauty, and rides the water as gracefully as a swan. It is about 50 feet in length, with about 12 foot beam, and is equipped with a 35 horse power gasoline engine, a fine cabin, and with considerable room fore and aft. We are informed that the launch will be taken to Coos Bay and be used there until the railroad is completed, and will be in command of Austin Brownell. It is said by those who are judges that this boat is one of the finest ever launched or built on the Umpqua.

GARDINER SCHOOL WILL OPEN

The Gardiner public school will open September 6th. Prof. J. Hughes has been elected principal and Miss Sadie Hohn, of Washington, a graduate of the San Jose Normal, of California, has been chosen by the directors to have charge of the intermediate department. A teacher for the primary department has not yet been chosen.—Gardiner Courier.

VISITS AT GARDINER

Mrs. Freeland, of Coos Bay, is the guest of Mrs. L. Lucas, this week. The Freelands at one time lived here. Mr. Freeland, who, about a year ago, was killed near Lakeside by the explosion of a boiler in a saw-mill at that place, was formerly an engineer in a saw mill.—Gardiner Courier.

doomed, and all the nations of the earth are to be "broken to pieces together, and become like the chaff of the summer threshing floors."

The Saviour told his disciples that there would be signs in the heavens above and in the earth beneath whereby his followers were to know that his coming was "near, even at the doors." Matt. 24:33. The driving of the Turk out of Europe was just to precede the battle of Armageddon, and at the termination of this battle the Lord was to smite the nations, dashing them "in pieces like a potter's vessel." Ps. 2:9. It seems according to human foresight, as if the European war was the prelude to the extinction of the Turkish Empire in Europe. But according to the prophecy in Daniel 11 and 12 and the Revelation 16, the Turkish Empire is not only to come to its "end" in Europe, but also in Asia. According to the Bible, the Battle of Armageddon is to be fought immediately after the Turkish Empire is "dried up."

The prophecy declares: "And He (the king of the north, or the Turk) shall plant the tabernacles of his palace between the seas in the glorious holy mountain (in Jerusalem); yet he shall come to his end and none shall help him. And at that time shall Michael (Christ) stand up, the great prince which standeth for the children of your people; and there shall be a time of trouble, such as never was since there was a nation even to that same time; and at that time they people shall be delivered, every one that shall be found written in the book. And many of them that sleep in the dust of the earth shall awake, some to everlasting life, and some to shame and everlasting contempt." Dan. 11:45; 12:1,2.

Luther and his collaborators understood the fulfillment of this prophecy to constitute a sign of the end of the world. In speaking of the end of the world, the great reformer said, "If we beat back the Turk, the prophecy of Daniel will be fulfilled and the

FURNISH CHEAP GRAVEL FOR BANDON-CURRY ROAD

Elbert Dyer Agrees to Deliver Material for Improving Twelve Miles of Highway for \$1 per Yard

The road between Bandon and the Curry county line could be graveled with Floras creek material, and be made a permanent all-year-round highway for less money than it could be planked, is the statement of numerous good roads enthusiasts residing in that section of the county.

It has been said that Floras creek gravel could be delivered on the road, providing the entire contract be given one man, at \$1.00 per cubic yard. The Western World has investigated the latter claim and today was authorized to state for Elbert Dyer of this city that he would take such a contract, and furnish bonds to guarantee the fulfillment of it. The average cost of completing the work to receive the gravel and that of spreading the gravel, it is estimated would not be more per mile than the delivery of the same. At that rate the cost complete per mile would be approximately \$3520. The new road between Bandon and the Curry county line is about 12 miles long, which would make the entire cost approximately \$42,240.—Bandon Recorder.

TWOHY BROS. RUSH GRANTS PASS LINE

Judge Twohy Visits Work and Places P. B. Delano in Charge First Five Miles

GRANTS PASS, Ore., Aug. 24.—Judge Twohy and son, Robert Twohy, of the firm of Twohy Brothers, made a short visit to the city the latter part of the week, attending to matters connected with the progress of the California and Oregon Coast railroad. They were accompanied by Preston B. Delano, of Portland, who will remain with the local office in the capacity of manager of the road in operation. Mr. Delano is a Stanford university graduate and will have charge of the local business end of the road, allowing Chief Engineer Harmon to devote his entire time to actual construction work, which will be much heavier after this than heretofore. The Twohy's announce that they will have steel in this city soon and that laying of the rails will commence on the five mile unit within ten days or two weeks. Materials for the first bridge over the Slate creek are now on the way and construction will probably proceed within the next ten days.

PORT ORFORD ELECTIONS

At a special election held at the school house yesterday the proposition of levying a half mill tax to install a heating plant in the school house was voted down 14 to 5, while the putting of a gravity water system to the school carried 14 to 3.—Port Orford Tribune.

SMITH RIVER ROAD

T. S. Angus is circulating a petition this week for the purpose of getting signers asking the County Court to build a county road from Gardiner to a point on the railroad on Smith River.—Gardiner Courier.

REED'S SUMMER HOME

Fred C. Schulte has just finished a fine cottage for W. P. Reed, which will be used as his summer residence at Winchester Bay. The family will spend the summer until school opens in September.—Gardiner Courier.

end will be at hand. Then the day of judgment surely is at our doors." —"Martin Luther," by Gustav Freytag, page 11.

Hitherto England has helped Turkey to resist Russia's efforts to obtain possession of Constantinople and the Dardanelles, but today she helps Russia to drive out the Turk. In a remarkable speech, delivered at the guild hall in the city of London, Nov. 9, 1914, the Prime Minister, Mr. Asquith, in response to a toast of his majesty's ministers, said: "I wish to make it clear, not only to my fellow countrymen, but also to the world outside, that this is not our doing. It is in spite of our hopes and efforts—it is the Ottoman government that has drawn the sword, and which, I venture to predict, will perish by the sword. It is they and not we who have wrung the death knell of the Ottoman domain, not only in Europe but in Asia.... The Turkish Empire has committed suicide, and dug with its own hands the grave." —The Times (weekly edition), London, England, Nov. 13, 1914.

But let it be remembered that divine retribution has decreed the doom of the world which Turkey falls in Asia. The downfall of Turkey in Asia is the last trumpet blast announcing the death knell of all the nations at the battle of Armageddon. This is no time to put our trust in princes nor in riches. Our only hope is in God and His Son, through whose blood we have redemption from our sins by faith. The day of God is drawing nigh and hasteth greatly. Everyone will then have to meet God at the judgment bar to give an account of himself. "Prepare to meet thy God." Very sincerely yours

E. R. Henderson
Elder of the Seventh Day Adventist Church.

SALEM—Governor Withycombe has appointed Ray Goodrich, of Eugene, as a regent of the University of Oregon, to succeed the late S. H. Friendly.

TAFT IS FOR PEACE SHOOT ACROSS LINE

FORMER PRESIDENT TELLS AUDIENCE HOW IT CAN BE HAD

Says That Agreement Between Larger Nations Will Soon Force Smaller Ones Into Line

(By Associated Press to Coos Bay Times.)

PORTLAND, Aug. 24.—With distinguished jurists present from all parts of the Northwest, the Oregon and Washington Bar Associations met here in joint annual session Monday and were addressed by ex-President Taft. Mayor Albee, of Portland, and Governor Withycombe delivered brief addresses of welcome.

AMERICANS RETURN FIRE OF MEXICANS NEAR DOUGLAS

Second Time Within Week That Clash Has Occurred—Mexican Leader Later Apologizes

(By Associated Press to Coos Bay Times.)

DOUGLAS, Ariz., Aug. 24.—For the second time in a week the United States cavalry border patrol was fired on Sunday by a party of Mexicans across the border near Loeblein, Arizona. The American soldiers, troopers of the Tenth Cavalry, returned the fire. There were no casualties. The Mexican commander sent a messenger with an

PRESIDENT TAFT'S SALUTE TO OREGONIANS, TAKEN IN PORTLAND ON HIS LAST TRIP TO THE COAST.

to the delegates, Frank Reeves, president of the Washington Bar Association responded and Taft was introduced.

Diverging from his subject of "Law and Government," Taft advocated an international peace league. "To constitute an effective peace league," he said, "we do not need all nations. Successful establishment of the peace league between the great powers would draw into it very quickly the less powerful nations."

LAWYERS ELECT OFFICERS

Washington Lawyers Have Lively Fight Over Membership

PORTLAND, Ore., Aug. 24.—At the annual meeting of the Washington Bar Association Monday, officers were elected and the Oregon Bar Association was invited to meet in joint convention with the Washington association in the summer of 1917. The officers elected were Judge M. F. Goss, of Pomeroy, president; C. Will Shaffer, of Olympia, secretary, and Arthur Remington, of Olympia, treasurer.

The meeting was enlivened by a tilt between Secretary Shaffer and J. E. Willis, a Chehalis attorney, who called Shaffer "a little puppy" because the latter opposed his election to membership. Willis apologized and was elected.

SAVE 77 AMERICANS

Many on Board Steamer Su9k by Submarine

(By Associated Press to Coos Bay Times.)

LONDON, Aug. 23.—There were seventy-seven Americans in the crew of the steamer Baron Erskine which was sunk by a German submarine last week. The Americans who were horse tenders were landed safely with the rest of the crew.

Survivors of the Dunsley, which eventually sank, stated that she was torpedoed just before the Arabic was sunk by a submarine which hid behind the Dunsley to its in wait for the Arabic.

AUSTRIA SAYS ITALY EVACUATED ISLAND

(By Associated Press to Coos Bay Times.)

VIENNA, Aug. 24.—The Admiralty said today that a reconnaissance Saturday had established the fact that the Italians evacuated Pola, going island in the Adriatic, having destroyed all the buildings and fortifications.

HIS HOUSE STOLEN

SEATTLE, Wash., Aug. 23.—When J. W. Furton, 4237 26th Avenue South, got up the other morning he rubbed his eyes and pinched himself to see if he was awake. He was. Somebody had stolen the roof, front porch, chimney, and front door of his portable home.

SEND MARINES

U. S. LANDING FORCE AT HAITI WILL BE INCREASED

Reports that Rebels Have Been Reorganized to Attack Americans More Troops to be Sent

(By Associated Press to Coos Bay Times.)

WASHINGTON, D. C., Aug. 24.—Reliable reports that the Haitian rebels have been organizing an army to attack the American forces on the island are responsible for the plans now being carried out to reinforce the United States Marine Corps and blue jackets. A marine artillery battalion at Annapolis will leave on the armored cruiser Tennessee for Haiti this week. Captain reported all quiet at Cape Haitien and Port Au Prince today, but said it had been necessary taken over the house at San Marc.

ABE RUEF ON RANCH

SAN FRANCISCO GRAFT PRISONER RELEASED FROM JAIL

Leaves Immediately for Sister's Ranch After Four and One-half Years Imprisonment for Bribery

(By Associated Press to Coos Bay Times.)

SAN RAFAEL, Calif., Aug. 24.—Abe Ruef, once a prominent political power in San Francisco, was liberated from the penitentiary Monday on parole and left immediately for his sister's ranch. He had served nearly four and half years of a 14 year term for offering bribes to a San Francisco supervisor. In addition to the prison term, he spent three years in jail.

CHAMPION BONE BREAKER

SACRAMENTO, Cal., Aug. 23.—Clifford Barrett, aged 25, today claims the broken home record for boys.

He fell and fractured a bone in his right arm, making the fourteenth break during his young career. His record for 1915 is two broken arms and a broken collarbone.

SMALL SCHOONER TORPEDOED

(By Associated Press to Coos Bay Times.)

LONDON, Aug. 24.—The British schooner Martha Edmonds, 182 tons gross, was sunk by a torpedo. The crew was landed.
