AUGUST TIDES
Time and heights of tides at Marshfield. The tides are placed in order of occurrence, with their times on the first line and heights on the second line of each day. A comparison of consecutive heights will indicate whether it is high or low water. High tide on the bar one hour and 54 minutes earlier than at Marshfield.

Maximum 67
Minimum 56
At 4:43 a. m. 57
Precipitation 0.0
Precipitation since Sept. 1, 1914 68.78
Precipitation same period last year 66.54
Wind: Northwest, cloudy.

Speaks this Evening.—Rev. W. H. Eaton, of Roseburg, will speak this evening at the First Baptist Church.
League to Meet.—The Epworth League will hold a business meeting and social Friday evening in the M. E. Church hall.
Gets Automobile.—Tom James expects to receive a Dodge automobile this week and will join the ranks of the motorists.
Motors Here.—F. W. Kipper, state manager of the Dictaphone Co., arrived here today from Portland, having driven his own car here from Portland.

Sends Myrtle Wood.—Mrs. S. Rogstad of North Bend has sent a number of Coos Bay scenes painted on Myrtle wood to San Francisco for exhibit at the Oregon building.
Plan Big Shed.—Plans are being made for the erection of a big shed near the new Central avenue docks for the small boats which will serve as protection to the freight and passengers during the wet weather.

"MARTIN'S ORCHESTRA" will furnish a splendid program of new music.
Lower floor, 15c; Balcony, 10c. Children, 5c.
TOMMORROW NIGHT—"VIOLA DANA" in "COHEN'S LUCK" one of the new Edison 4 reel feature productions.

Streets are Cleaned.—Gordon Smith brought out the big fire truck yesterday and pumped enough salt water to clean the main streets. Chief Carter got aboard a pair of overalls and helped boss the job and Councilman Ferguson, loaned the "white wings" and held the nozzle.
Fixes Street.—New walks and planking are being put in by Street Commissioner Lawhorn on Central avenue between Front street and the dock. The improvement was badly needed and will be a great benefit to traffic there.
Famous Character.—"Rattlesnake Jim," a strange Swedish character who has walked through most of Europe and the United States is expected here soon on his way down the coast from Portland. He carries a pack and speaks Swedish, Spanish, English, French and German.
Painter Better.—Ferd Painter received word from Mrs. H. W. Painter yesterday stating that H. W. Painter, who is in Portland receiving treatment, would enter a sanitarium there for a six-weeks' stay. Mrs. Painter and son, Wayne, will return on the F. A. Kilburn.

Dredge Does Good Work.—Captain Ott, of the Millcoona, says that the bucket dredge Oregon has been doing excellent work at the Allegany landing and just below that point, taking out quite a bit of mud and deepening the channel there.
To Meet Again.—The Methodist Brotherhood baseball nine of North Bend, will meet the willow wielders of the local brotherhood tomorrow afternoon in battle royal on the grounds near the coal bunkers in South Marshfield. In the game of a few weeks ago at North Bend the score was 11 to 11, called at the end of the seventh on account of weariness and darkness.
Conference Meeting.—A conference meeting was held last evening at the First Baptist Church to complete plans for the Coos Bay Baptist Assembly which will be held beginning Thursday and ending Sunday night of this week. Tomorrow night Rev. H. B. Foskett, convention pastor, will speak.

Buys Overland.—H. J. Kimball Jr. has purchased a 1916 Overland "83" from I. R. Tower. Mr. Kimball was formerly with the Kimball & Bradshaw garage and is an expert in automobiles and after inspecting the different types of machines decided that the 1916 Overland was the best car for him.

Eastern Star to Meet.—Mrs. Ellen McCrary, Worthy Matron of the Doric Chapter No. 53, of the Order of Eastern Star, has received word that on Friday night Associate Grand Matron Sister Dora B. Schilke, deputy of the Worthy Grand Matron, will make an official visit here. All members of the Eastern Star are being urged to attend the meeting in the Masonic Hall.

No Fires in County.—At present there are no forest fires within Coos County according to W. J. Conrad, of the Coos County Tax association. He says that now is the worst time of the year for fires, being the driest, and that until the first rains the fire wardens will be extremely busy and alert. The first rains are expected anyhow by the middle of September or the first of October.

Business Men to Meet.—On Friday night at Coquille will be held the quarterly meeting of the Coos County Business Men's Association. It is expected that about 10 or 15 machines of local members will leave here for the county seat and Earl Powell, secretary, says he believes at least 100 members from over the county will be present. There will be several interesting questions to be discussed during the evening.
Moose Build Home.—The local members of the Moose lodge were telling today of the fact that the Portland Moose are to erect a six-story home in the Rose City within the next few months. The upper floors, they say, will be used as the lodge and club rooms, and the lower stories for stores and offices.

Prices Two Low.—Local fishermen say that the dredge Michie's operation on the bar are not keeping salmon out of the bay. They say that there is just as good a run of salmon here now as there ordinarily is at this season of the year, but that the fisherman will not fish for Chinooks at two cents per pound and silversides at 12½ cents apiece. They say that they only take enough to supply the fish markets which pay a higher price.
Represents Gompers.—At the exposition C. O. Young, organizer of the National Federation of Labor, who is now on Coos Bay, represents Samuel Gompers, president of the organization. He is here for a few days in an effort to consolidate the union men of North Bend into the central labor council with those of Marshfield. Efforts are to be made to include the barbers in the organization. Andrew Landles, local president, said today. On Friday evening at the Longshoremen's Hall Mr. Young will address the union men of Coos Bay.
Fine Peaches.—Abundant evidence is accumulating that Bridge is in the real peach belt of the world. The latest proof may be seen in a lot of as fine peaches as ever grew "neath a genial sun and which reached The Times office today with the compliments of Jay Montgomery of Bridge. They were grown in the orchard of Claude Noster of that place and the first crop of three year old trees. Large, luscious and beautiful they would be prize winners anywhere.

Motored to Fair.—Mr. and Mrs. E. Lothard McClure have returned in their machine from a visit at the exposition. They went out via Roseburg and came home over the coast road. Mr. McClure says that he found it quite rough in some places, but on the whole quite good and he said they enjoyed the ride that way very much. At the fair he secured several dozen excellent snap shots of the buildings and various exhibits.
Board of Equalization.—The Coos County Board of Equalization will meet in Coquille September 13 to hear complaints about assessments, etc. Assessor Thrift made few material changes in the assessments from last year but it is understood that some of the timber owners will ask a reduction on the ground that the prevailing price of timberland is not nearly as high as it was a year ago.
To Fair on Motorcycle.—Charles Smith, riding tandem with Harry Schwartz, arrived home last evening on his 12 horsepower motorcycle from a three weeks visit at the Exposition. The men made the 600 mile trip in five days, taking it in easy stages, being forced in several places to turn off the main road because of improvements being made. The worst road they found in a 70 mile stretch near Dunsmuir, California. Going down at Willits they broke some piston rings and were detained three days at Redding waiting for repairs.
Capt. Holden Retires.—For more than sixteen years Captain Dave Holden has been known along the waterfront, being all this time connected with various craft of the bay and yesterday he announced his retirement and from now on will take up the life of a rancher near the bay. Captain Holden in recent years has been in charge of the passenger boat Gasgo of the Drain stage line. He has made a host of friends who are sorry to see him go and who wish him all success in his new venture. The place of the Gasgo is being taken by the new passenger boat Atlas brought here a few days ago by Captain N. J. Cornwall and which will be in charge here of Captain Brownell from Gardiner.

Cat Would Traveling Co.—Weak, worried and discouraged, a little black cat, lame in the rear off leg, jumped with its three good legs under the trucks of the baggage car in the Coquille train this morning, ready to tramp it to parts unknown. She was willing to take a chance at getting a home over in the Valley where the sea breezes are gentler in the evenings and not so very "cataleptic." Pussy, after curling up, was routed from her cupboard berth and the choo-choo left her yowling on the platform, still hungry and forlorn. Last year there was in Eugene a "tramp" cat that regularly followed a certain freight train, via the bumpers, into Portland and back again until one day she was run over.
Sees Brother's Picture.—Mrs. John Marshall who resides at 634 Donnelly Avenue while looking over the pictures of war scenes in Europe in The Times office window had quite a shock when she discovered her brother in one of them. The picture portrayed a meeting in Trafalgar Square, London, and her brother was standing in the crowd. She had not seen him in three years but is positive that it is he. She will secure a copy of the picture. Her brother was formerly on the London Stock Exchange and is now about sixty-five years old. She and Mr. Marshall since they left London three years ago have traveled in Asia, Australia, Canada and the United States. Mr. Marshall is now quite ill.
