Instructs Major General Wood to Draw Line on Such Utterances in the Future

AT CAMP OF MILITIAMEN

Warlike Utterances of Flery Colonel at Plattsburg, N. Y., Causes Sensation in Washington—Will Prevent Repetition

WASHINGTON, D. D., Aug. 26.—Secretary Garrison today telegraphed Major General Wood expressing deprecation than an opportunity was given at the Citizen's Soldiers Camp at Plattsburg, N. Y., for Theodore Roosevelt's sensational speech of yesterday and directing that nothing similar be permitted at any of the other camps.

Garrison Real Angry "It is difficult to conceive of anything which could have more detrimental effect upon the real value of this experiment than such an incident," said Secretary Garrison's telegram. Secretary Garrison said that he had no further action under contemplation. He said that he had discussed the matter with President Wilson. He had considered whether his telegram to General Wood would have any effect upon the General's record.

United States' Shame "Don't applaud unless you feel a burning sense of shame because the United States has not stood up for Belgium," said Col. Roosevelt in his address which censured the administration for its attitude in the European situation and strongly urged preparedness for war.

Wants Forced Service "As for professional pacifists and patrollers and college sissies organized in peace-at-any-price societies, and mere money getters and mere money spenders, they should be made to understand that they have got to render whatever service the country demands."

Scores Germany "We have shown a spirit so abject that Germany has deemed it safe to kill our women and children on the high seas. As for export of munitions of war, it would be a base abandonment of morality to refuse to make these shipments."

THANKS TO GOVERNORS Resolution of Support to Pres. Wilson is Appreciated by Him

BOSTON, Aug. 26.—The duty of the state in dealing with inmates of prisons was the general topic of a discussion at today's session of the governors conference. Thanks of the administration for the resolution adopted by the governors Tuesday pledging their support to President Wilson was extended to the conference by Attorney General Gregory.

TROUBLE ON ROGUE

CLASH OVER TIME OF CLOSING OF FISHING SEASON THERE

Wm. Hunter and Frank Blackerby Arrested—Macleay Packed 12,000 Cases So Far

Different interpretations of the fishing law led to some trouble here. Warden Powell is said to have told some that twelve o'clock Tuesday night was the time limit. Yesterday morning Wm. Hunter and Frank Blackerby, of Marshfield, were found fishing at the mouth of the river and complaint was made and the men claimed Warden Jewell said the closing was not till twelve Wednesday night. All other fishing closed Tuesday night. The law is now being investigated to see if the men are in violation.

The contempt of court cases opened in court yesterday morning. The fishing season is closed until September 10. The pack of the Macleay Company is the largest in years totaling 12,000 cases. The fishermen made 330 pieces the last day. There were not cases enough to take care of the big run.

Pastor Kaiser is said, incurred the displeasure of members of the Saxon Verein cause of his opposition to the plans of that organization.

TELLS OF NEEDS

CAPTAIN BRITT SAYS \$5000 WOULD FIX NEW STATION

Would Put in Sed for Laws and Retaining Wall Along 199 Feet Of Shore on Bay

Five thousand dollars would equip the Life Guard Station at Charleston Bay with the proper retaining walls, fills and walks about the grounds and around the buildings, according to Captain Britt, who was up today from the lower bay. He was much gratified at the way the Chambers of Commerce in Marshfield and North Bend are considering the taking up for further expenditures with the department at Washington.

Captain Britt says that he can do little on his part toward securing more money. That he has taken the matter up several times; nothing has been done and further notice on his part would do no more than anger the officials.

Because of this fact it is believed that local bodies will do their best to secure action. It is said the appropriation was for \$47,000 by Congress, and the contract went for \$29,500, leaving a surplus of approximately \$17,000 which can be used for no other purpose and will later revert to the United States treasury.

From the bluff overlooking the site have been taken several thousand yards of earth, deposited about the station as a fill. For 190 feet this fill faces onto the water's edge with absolutely no protection from the waves that are already beginning to cut back. A retaining wall is needed for this part.

A foot of earth on the sand hill, for the purpose of lawns and flower beds, is to be made the spot a slightly one, would cost approximately \$2,000 it is said.

GERMANS DECLARE BREST LITOVSK STRATEGIC POINT

Capture Most Important Military Achievement Since Warsaw Fell—Blow to Russia

BERLIN, Aug. 26.—Brest Litovsk is considered one of the strongest fortresses in Europe and was the southern base of the second Russian line of defense to which the armies of Grand Duke Nicholas retreated after the fall of Warsaw.

It was the most important depot for military supplies near the western frontiers of Russia proper. It was generally regarded in Russia as the most powerful individual stronghold in the empire.

The capitulation means, in the opinion of military observers, that the Russians will be forced to abandon the second defense line which extended from Brest Litovsk northward to Riga.

L. J. SIMPSON came up from Shore Acres today for a short stay.

ARABIC CASE IS EXPLAINED

Chancellor Von Bethmann-Hollweg Intimates Submarine Commander Erred

WILL MAKE AMENDS

Says Germany Will Accord the United States Complete Satisfaction for Incident

TELLS OF INSTRUCTIONS

Kaiser's Chief Makes Statement to Associated Press in Berlin Claiming Precautions Had Been Taken to Safeguard Americans

BERLIN, Aug. 26.—The Associated Press is in a position to state on the best authority that the Arabic incident may be considered eliminated as a source of discord between Germany and America; or at least it is regarded by the German government in that light.

Moreover, Germany, in her desire to continue friendly relations with the United States, had adopted before the sinking of the Arabic a policy designed to settle completely the whole submarine problem as affecting America on a basis of good will and mutual understanding.

Statement of Chancellor

This is shown clearly by a statement by Chancellor Von Bethmann-Hollweg last night to the Associated Press, particularly by his concluding remark to the effect that not until all the circumstances in connection with the sinking of the Arabic were cleared up would it be possible to say "Whether the commander of one of our submarines went beyond his instructions," in which case Germany would give complete satisfaction to the United States.

Let Americans Escape.

Furthermore, during the conversation, the chancellor twice referred to instructions given to submarine commanders. He did not specify in detail the nature of these instructions, but it may be said that they are designed to prevent a repetition of the Lusitania case and to provide an opportunity for the escape of Americans from the torpedoed ships.

Travel On Own Ships

Germany is still unable to understand why Americans in these troubled times travel on belligerent ships instead of taking American or other neutral steamers, but since they, in some instances insist upon taking passage on the vessels belonging to belligerents, Germany will do its utmost to provide for their safety, the chancellor said.
