LOCALS BREVITIES

SEPTEMBER TIDES

Time and heights of tides at Marshfield. The tides are placed in order of occurrence, with their times on the first line and heights on the second line of each day. A comparison of consecutive heights will indicate whether it is high or low water. High tide on the bar one hour and 54 minutes earlier than at Marshfield.

Precipitation same period last year00
Wind: Northwest, clear.

BORN

BURKE—To Mr. and Mrs. E. C. Burke at their home on Commercial Avenue, Friday, Sept. 3, a daughter. This is their first child.

Sunday School Convened.—On Sunday at 9:30 there will be the opening session for the year of the Marshfield Episcopal Sunday School. Pupils please take notice.

Chinamen For Canbery.—On the Breakwater this morning arrived 14 Chinamen from Portland, bound for Parkersburg where they will work in the salmon cannery. The local cannery employed Celestials last year.

Huckleberries Plentiful.—It is said that huckleberries are plentiful in the hills right now and many parties have gone out, armed with buckets and baskets, to bring in the crop that will make delicious eat-

ing through the winter months.

Musical Arrives.—Gerald Hunt, the vocal instructor in the Henrik Gjerdum Conservatory arrived this morning via Portland on the Breakwater. Mr. Hunt finished a series of concerts with a most successful recital in Fondulac, Wisconsin, last Sunday.

Toys Returning.—Dr. and Mrs. W. A. Toye and daughter Catherine write that they will return on the Santa Clara from San Francisco. Dr. Toye motored down, but decided it would be better to ship the car back. Mrs. Toye is greatly improved in health.

Fine is Raised.—The \$50 fine levied against William Shook by Police Judge Butler after finding him guilty of using obscene language in the presence of women was paid over to the city last evening by Mrs. Shook and the husband was released from jail after staying there two days.

Highway Engineer Coming.—R. H. Corey is in receipt of a letter from Deputy State Engineer Cantine, who has been specializing on the permanent roadwork department, inquiring about the proposed Coos County road bond issue. Mr. Cantine states that he expects to visit Coos County this year.

Wed Yesterday.—Miss Ruby Colver and Arthur Moore, well known Catching Inlet people, were married at the United Brethren parsonage on Catching Inlet by the Rev. J. E. Parker. The groom has made his home for several years with his brother-in-law, T. M. Colver, and the bride is the daughter of Mr. and Mrs. Howard Colver. They will reside on Catching Inlet.

Some Big Gun.—Robert Hacker went to jail last night because of overloading his capacity and in addition to that he was carrying a concealed weapon. He had no money with him to pay a fine and the gun was held as ransom and he was told to run some this morning when the police let him out. Hacker hurried away, anxious to obey his instructions to the letter.

Chamber to Meet.—At eight o'clock this evening will be held the monthly meeting of the Chamber of Commerce, following the executive committee's session this afternoon at four o'clock. There will be considered the payment of \$750 for a radio site, the raising of the necessary funds, the sending of a delegate to the O. and C. land conference in Salem this month and also R. M. Jennings will read the report of the Fourth of July committee.

Beans are "Whoppers".—Long beans, much after the fashion of enlarged string beans, were brought in to the Chamber of Commerce yesterday by Lew. F. Price from the garden of Mrs. Fred Hansen on Catching Inlet. The pod of the longest bean measured more than 11 inches and about three of them would make a good meal for a fair sized family. Mrs. Hansen grows them there in her garden together with many other varieties of vegetables.

WHY NOT BUY Home Grown Produce?

Fresher, better and often cheaper than imported stuff, and besides, you are using your money to build up your home community. Tomorrow we will have some more of those choice home-grown

- Strawberries, only per box . . .10c

Where Quality is Paramount

Machines Start Traveling.—The machine of Frank Catterlin went on a short joy ride by itself yesterday afternoon after it had been left standing by the curbing in Myrtle Point. Men, sweeping the street, shoved it ahead a few feet out of the way, the machine, a Ford, needed no further provocation but went chug-chug and started off. One of the men, a novice with a machine, crawled onto the running board and steered the auto until he had worried all the cranks in sight and brought the machines to a halt.

Fall Cleaves Ear.—Fred Smith, dancing last evening in the Owl's Hall, tripped and fell, striking his head against a sharp pedestal that cleaved his right ear through the middle as though a knife had been used. The wound was quickly bandaged and a doctor took several stitches in sewing the two pieces together again. While in the naval marines several years ago Mr. Smith was partially deafened in the same ear in the firing of heavy guns and he is afraid now that the new accident may result in the loss of hearing in one ear.

No Trouble Here.—In Eastern Oregon there is considerable damage being done by forest fires and President Palmer, of the Union-Wallowa Forest Association, has petitioned Governor Withycombe to close the hunting season. Hunters here believe that such a procedure would be unfair to this section, as there have been very few fires so far and these only small ones easily extinguished. It is said that in the eastern part of the state it is noticeable that most of the fires commence right after Sunday and for this reason the hunters are blamed.

PERSONAL MENTION

DR. MINGUS made a professional visit this morning to Beaver Hill.

MRS. JOHN HOLMES, of Coos River, came down visiting yesterday.

MRS. F. B. ROOD was down from Coos River on a shopping visit

MR. AND MRS. JOE NOBLE were visiting here today from Lakeside.
