McKENNA-HARLOCKER WEDDINGS

The following appearing in the Coquille Herald this week concerning the McKenna-Harlocker wedding will be of interest to Marshfield people as both of the young people have friends on the Bay.

"At the Catholic church in this city, at 9 o'clock yesterday morning, Frank E. McKenna and Miss Emily Harlocker were united in marriage. The ceremony was performed by the Reverend Father McDevitt, assisted by the Reverend Father Wallace, in the presence of a few of the immediate relatives and friends. The church was very prettily decorated with flowers and branches of native shrubbery, and music was furnished by Mrs. Levi Daigle, organist of the Catholic church at Marshfield, and Edgar Cason, of the choir of that church, joining in duets and each rendering solos. Sidney Henderson and Miss Gretchen Sherwood acted as best men and bridesmaid, and the guests present were Mr. and Mrs. Harlocker, parents of the bride, Mr. and Mrs. Charles Harlocker, Frank, Hugh and Fred Harlocker, Mr. and Mrs. Leo J. Cary, Mrs. Nicklin, Miss Claire Sherwood, James B. Michels and Harry Sharkey.

"After the ceremony the party repaired to the Harlocker residence, where a wedding breakfast was served and many beautiful and valuable presents were received from the friends of the newly married couple. Then Mr. and Mrs. McKenna took an auto for Bandon, where they expected to sail on the Speedwell today for San Francisco to spend two or three weeks at the exposition before their return. The auto in which they left town bore a large placard, 'The Newlyweds,' this piece of gentle raillery bring in agreeable contrast to the coarse and senseless horseplay that is sometimes seen.

The bride and groom are two of the finest young people of this community and one would have to search a long way to find another such instance of an ideal match. The bride is the daughter of Mr. and Mrs. L. Harlocker, old residents of this city, and has lived here all her life. Her amiable disposition and many graces of person and character have made her the object of universal liking and high regard. The groom has resided here two years, coming as manager and trusted employe of the Oregon Power Co., taking charge on Sept. 5, 1913. He has conducted the business of that corporation in such a way as to please the people of this community in the highest degree, winning, at the same time, the respect and warm liking of our citizens. Heartiest best wishes for a happy married life for the newly wedded couple are universal."

John Ferguson returned from a hunting trip today and left for the San Francisco exposition.

Better quality at lower prices

Confidence placed in our merchandise, satisfies the "money-wise." Every day customers remark to our salesmen: "Well, I have been all around and find I can do better here." The quality evident in every piece of our merchandise must measure proportionately greater than the price.

To get the most for your money it is imperative, before buying, that you study the market and know quality. Then you will buy your home furnishings from us.

This is the ideal place to buy your furniture and furnishings. We save you money on our prices; we save you time because our store is conveniently located; we save you trouble because we have the largest stocks of the season's latest and most dependable merchandise, so arranged as to make it easy and pleasant for you to make your selections. We save you money because we guarantee that everything you buy here must please you—absolutely.

If you are going housekeeping or needing some extra furnishings for your home, pay us a visit and look through the vast stock we are showing. You will not be urged to buy, except, perhaps, by the wonderfully low prices and exceptionally high quality. Also, isn't it worth something to you to know that whatever you purchase is backed up by our reputation?

FISHING IS BETTER SANTA CLARA

LOWER BAY FISHERMEN REPORT INCREASED CATCHES

Tallant Cannery Receives Ton of Fish Daily—New Ship to Astoria But to Can in Week

Salmon fishing at the local Tallant plant will not start before September 18, according to the statement of Manager John La Mure. About a ton of fish are new being received daily, he said, and these are all being led for shipment to the main cannery at Astoria.

Catches in the lower bay last night are said to have been better than any other time this season. Mr. La Mure said one fisherman came up with 11 Chinooks as his catch for the night.

Up and down the coast the salmon season has been late this year, he states, and believes this to be the main reason few fish have been caught on Coos Bay this year. The fact that more are being taken in the lower bay leads him further to believe that the season is getting well under way.

A splitter for the local plant was expected on the last Breakwater but failed to arrive. The cannery is paying two and one half cents a pound for the chinooks. The season of last year opened for canning September 8 on Coos Bay.

Don't Neglect Your Children's Eyes

School starts Monday and the defects in the vision of the young pupils will soon become apparent to the teacher and to the parents. Do not delay, if you think there is anything wrong, but bring the children to us and have their eyes tested.

If the vision is defective, we will remedy it with proper glasses. In cases where the eyes have not been too severely strained, it can often be quickly corrected by proper glasses and anyway, TORIC lenses will prevent the sight from becoming permanently impaired.
